Inspector Edwards called in at 3:30 P. M. today from the Pittsburgh Office, with relation to the condition of his father-in-law, Mr. John J. Murtha, who is in Room 202 West, Mercy Hospital, Pittsburgh, Pennsylvania, and his own father, Fred Edwards, who is in Room 404, Memorial Hospital, Johnstown, Pennsylvania.

Mr. Edwards said with respect to his wife's father, the doctors upon operating discovered three situations, namely, an advanced stomach ulcer requiring a resection (sewing the intestine on to another portion of the stomach); an advanced sclerosis of the liver (this retards the healing process); and an "aneurism," meaning a ballooning of an artery in the body which may at any time burst.

The doctors say the immediate situation is that [redacted] will probably have a good recovery from this surgery, but his true progress will not be known until Sunday, July 26.

Under the circumstances, Mr. Edwards was advised by the doctor that he and his wife ought to remain in Pittsburgh at least through Sunday.

With respect to the condition of his own father, Mr. Edwards said he is still in the hospital and will be bedfast for two or three weeks. His condition remains unchanged from the heart attack.

Mr. Edwards was told to not worry about us but to take care of his situation there and do what he believes is necessary. He is staying at the [redacted] residence which is [redacted]. He will keep us advised.

Honorable J. Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

On Sunday evening, July 26, 1959, I returned from my emergency trip to Pennsylvania occasioned by complications discovered during major stomach surgery on my wife's father. I shall never be able to adequately thank you for your solicitous concern as evidenced by your thoughtful letter which I received while there. My personal knowledge that you sent it in the midst of many special problems of your own magnified its significance.

Thank God, my own father seems to be making excellent recovery from his coronary. Although still immobilized, the doctor plans to permit him to do a little moving about during the next week.

My father-in-law is making slow progress but apparently in the proper direction. The cirrhosis of the liver and known presence of the aneurysm of the aorta prevent any appreciable optimism--but at least there is an abundance of hope and faith bolstered by prayer and confidence in the doctor. I shall keep you and Mr. Tolson advised of any significant developments.

Respectfully,

Lynn Edwards

 [Redacted box]

On 9-14-59 Colonel Marshall E. Groover, Jr., Pentagon Building, Department of the Air Force, appeared in Health Service to draw blood samples from our officials in connection with the monthly cholesterol blood factor study. He noted from tests that the cholesterol of Mr. Edwards has been steadily climbing and desires him hospitalized at Andrews Air Force Base Hospital for a three-day period. While there Mr. Edwards will receive three 24-hour urinalysis tests and specialized blood tests. Purpose of the admission would be for diagnosis as well as to reduce the cholesterol by rest. His previous studies on Air Force officials have indicated heavy incidence of heart involvement in respect to cholesterol accumulation. He informed Mr. Edwards that such action is medically advisable. Mr. Edwards pointed out that he will be out of town several days (leaves 6:00 p.m. tonight for the National Association of Attorneys General Conference at Vergennes, Vermont, and returns Wednesday, 9-16-59) and Colonel Groover said there was no immediate urgency to admission. Colonel Groover advised that the customary admittance time for the hospital is on a Sunday evening between 9:00 and 10:00 p.m. He said that Mr. Edwards' admittance should be cleared with [redacted] Administrative Assistant to the Secretary of the Air Force, Room 4D880, Pentagon Building, who would prepare a form letter of admittance to Andrews Air Force Base Hospital. As you know, the Air Force presently performs numerous fitness for duty physical examinations on a courtesy basis at their facilities throughout the country and [redacted] said that Andrews Air Force Base Hospital would be the best location for this particular study which he himself will personally supervise.

RECOMMENDATION:

That Liaison Section immediately perfect arrangements for Mr. Edwards' admission and notify the Personnel Section so that admittance date can be worked out with [redacted] and Mr. Edwards.

I learned today that additional tests will require you to remain at the hospital a little longer than you planned originally, and I hope that you will not allow this to cause you the least concern. The additional tests should be well worthwhile and a source of benefit to you.

In the meantime, please do not give a moment's thought to matters connected with the work, and if I can be of any possible assistance to you, I wish that you would call upon me.

I pointed out to you 9-14-59 that Colonel M. E. Groover, Jr., Pentagon Building, Air Force, desired a three-day period of hospitalization for Mr. Edwards at Andrews Air Force Base Hospital because he noted from tests that the cholesterol of Mr. Edwards has been steadily rising. He will personally supervise the results of tests during the three days which will consist of 24-hour urinalysis and specialized blood tests. He wanted Mr. Edwards admitted to Andrews Air Force Base Hospital. The Director approved the recommendation that the Liaison Section clear his admittance through the Office of the Secretary of the Air Force and such clearance has now been received.

Details of arrangements for admittance between 9:00 - 10:00 p.m. this Sunday, 9-20-59, have been cleared by Colonel Groover's secretary with the hospital and Mr. Edwards will be occupying a private room, if available, otherwise a semi-private room located in Ward B-5. Mr. Edwards has been authorized to report at the scheduled time and place. Colonel Groover has been requested to keep us posted concerning results of the tests and to furnish us with the benefit of any recommendations which might be necessary. He indicated originally that the admission is not of an emergency nature and is principally for rest, further study, and to reduce the cholesterol accumulation. Colonel Groover's tests on Air Force officials indicated heavy incidence of heart involvement and cholesterol accumulation.

You were advised that Mr. Edwards was admitted to Andrews Air Force Base Hospital on 9/20/59, for various checks in respect to a climbing cholesterol percentage in the blood. At that time he was expected to be discharged today, 9/23/59. To keep you informed, word has been received that he is being held over until this Friday 9/25/59, for additional tests.

The original tests called for a series of urinalysis and blood tests. In addition, to date he has also been given a GI series, X-ray of the teeth and removal of ear wax accumulation. A male hormone shot will be administered among some of the additional tests scheduled for the next few days. He has a private room (Room 11, Ward B-2) and reports concerning the facilities are excellent. We are supplying him with the FBIRA TV set and a friend has made available a transistor radio. A check with Colonel Groover's Office 9/22/59, reflects that the final evaluations of these tests will not be available for two to four weeks following his discharge inasmuch as some of the test specimens were sent out of state for examination. We will follow for the results of these tests and any medical recommendations which Colonel Groover may find necessary.

RECOMMENDATION:

Submitted for information and record purposes.

Reference memorandum Mr. Tavel to Mr. Mohr dated September 14, 1959, setting forth suggestion of Colonel Marshall E. Groover, Air Force Officer handling monthly cholesterol blood factor study regarding Bureau officials, that Mr. Edwards enter Andrews Air Force Base Hospital for three day blood and urinalysis tests and diagnosis. Memorandum, approved by the Director, recommended that Liaison arrange for Mr. Edwards admittance to hospital through [redacted] Administrative Assistant to the Secretary of the Air Force, and advise Personnel Section so admittance date could be worked out with Colonel Groover and Mr. Edwards.

Matter discussed September 15, 1959, with [redacted] who cleared Mr. Edwards' admittance to Andrews Air Force Base Hospital. [redacted] advised he would send admittance form to hospital; that Mr. Edwards and Colonel Groover should decide on the admittance date, and Colonel Groover would handle from there. [redacted] advised the hospital charge would be \$21.50 per day en toto, and could be defrayed by Mr. Edwards through his group hospitalization insurance.

Personnel Section advised of foregoing September 15, 1959.

ACTION:

Refer to the attention of the Personnel Section in order that admittance date may be worked out with Mr. Edwards and Colonel Groover.

MEMORANDUM FOR MR. TOLSON

On September 18, 1959, Inspector H. Lynn Edwards called to express to me his appreciation for his transfer to the Training and Inspection Division where he is to be in charge of inspection work.

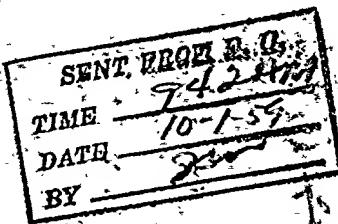

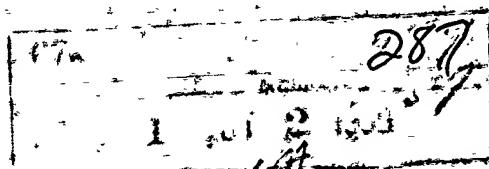

I told Mr. Edwards that he well knew I was most dissatisfied with the way the Training and Inspection Division had been operated in view of the fact that he had made the recent re-check inspection of that Division. I stated that this Division had been totally lacking in initiative, imagination, aggressiveness, and leadership. I told him I wanted him to take hold vigorously of all matters under his supervision, re-evaluate the same, and endeavor to bring about an improvement in the operations that he is responsible for.

Very truly yours,

This is a brief, concise summary of Mr. Edwards record for the Director's use. On 9-11-59 he was transferred to the Training and Inspection Division as Inspector in Charge of the Inspection Section.

A review of his record reflects that he entered on duty on 2-10-41, is in GS-17, \$15,375 per annum, is 44 years old and married with 1 child. On 12-31-57 he was designated as Inspector and on 2-4-59 he was designated as #1 Man, Crime Records Division. He was last censured on 6-24-59 for an error that appeared in a letter that he had dictated. He was last commended on 5-18-59 for the success job he did as Chairman for the 10th Annual Mass and Communion Breakfast. His file reflects the Director last saw him on 1-29-59. He made an excellent personal appearance seemed to be interested in his work and he was rated above average. On 3-31-59 Mr. DeLoach rated him EXCELLENT and added that he had accepted his responsibilities as #1 Man in an enthusiastic manner.

His daily average overtime for March, 4 hours 3 minutes; April, 3 hours 53 minutes; May, 3 hours 49 minutes; June, 4 hours 10 minutes; July, 2 hours 48 minutes.

In March, 1959, he listed his office of preference as Washington, D. C.

Mr. H. Lynn Edwards
2707 Longstreet Court
Falls Church, Virginia

Dear Mr. Edwards:

Thank you very much for writing me as
you did on September 28th.

I appreciate very much your interest in
giving me the results to date of the tests which have
been made in connection with your physical condition.
It is good to know that the major cause of your trouble
has been determined and I do hope that the medication
which you are now receiving will rectify the difficulty
which you are having. I also trust that the results of
the complete series of examinations accorded you will
be satisfactory and that you will soon be well on the
road to complete recovery.

With best wishes,

Sincerely,

/S/ J. EDGAR HOOVER

Dear Mr. Hoover:

More than I shall be able to tell you, I appreciated your typically thoughtful and solicitous letter while I was hospitalized. Although I would not wish the experience of such confinement on anyone, I do feel that it is essential for one to fully grasp the therapeutic value of messages such as yours.

I was discharged as an in-patient but the doctor wants to continue me for several days as an outpatient to perform and watch the effects of some additional specialized tests, which I hope will be completed the latter part of this week. Meantime, he anticipates having all the results of the complete series of examinations which were conducted, so he can evaluate them and determine whether there are any additional conditions warranting treatment or medication.

To date, he feels he has hit upon at least a major root of the sustained rise in blood cholesterol, namely, a very low basal metabolism (minus 38) despite the fact I have been taking 2 grains of thyroid daily. For some unknown reason, the thyroid gland has not responded. So he is now giving me a few daily injections of ACTH to activate the thyroid and reduce the cholesterol. Rather than burden you with many details which to me as a layman are somewhat nebulous, the above in brief seems to be the nub of the matter.

I have every hope of returning to work no later than next Monday, and I am confident I shall be as good as new, and ready to attack the assignments we recently discussed with genuine vigor and a firm resolve to accomplish all your desires to the letter. ✓ CO:J

As a brief aside, I think you would like to know that the Andrews Air Force Base Hospital is a beautiful facility, only one year old, and equipped with everything except an Isotope laboratory. The staff of doctors, nurses, and technicians couldn't do enough for me, all of which I know was due to my FBI status - another example of the high esteem you have created for the Bureau.

67-

Respectfully yours,

Mr. Edwards advised that the series of tests at the Andrews Air Force Base has been completed. However, he has been instructed to report to the Pentagon on an out-patient basis daily on Monday, Tuesday, and Wednesday of this week (September 28, 29, and 30) for basal metabolism tests. It will then be necessary that he go back to Andrews Air Force Base for consultation on Thursday, October 1.

Mr. Edwards is not sure whether or not he will report for work on Friday, but should know towards the middle of the week. (F.Y.I.)

The results of the various tests will not be available for approximately another week, according to Mr. Edwards.

As previously reported Mr. Edwards was admitted to Andrews Air Force Base Hospital 9-20-59 for tests because the cholesterol content in his blood has reflected a steady increase. He was due to return to duty 9-23-59. However, the doctor, following his discharge from the hospital, desired him to return on an out-patient basis for additional tests during the week commencing 9-28-59. He returned to work today 10-5-59.

While at the hospital he was under the care of Colonel M. E. Groover, Jr., who has been supervising the cholesterol studies of most of our top Bureau officials. On 10-2-59 Colonel Groover advised his tentative findings concerning Mr. Edwards indicated diagnosis of Hypopituitarism-Thyrotropin (Hypopituitarism - a condition due to pathologically diminished activity of the pituitary gland; Thyrotropin - a hormone of the anterior pituitary that has affinity for or specifically stimulates the thyroid gland). Colonel Groover stated that his condition is manifested by a transient deficiency of the thyroid stimulating hormone from the pituitary gland. He feels there is a correlation between this condition and the increase of Mr. Edwards' cholesterol. He stated that Mr. Edwards had been given medication to correct this deficiency and that when it did not work he was given an injection of ACTH which caused a favorable reaction. He cannot give a final report until certain blood specimens are returned from a special laboratory in Texas for blood chemistry analysis and expects to have a report from this source approximately 10-12-59. To date tests have indicated that Mr. Edwards' thyroid gland is normal but is merely lacking the stimulation which the gland should normally receive from a certain hormone secreted by the pituitary gland. Colonel Groover advised that Mr. Edwards' case is a difficult one. He said that Basal Metabolism tests initially given were demonstrating decreased metabolism, some of these rates running -30, -25, -36 and that the glands affect metabolism. It was

3/20/59

Memorandum to Mr. Mohr
Re: H. Lynn Edwards
Physical Condition

ascertained that normal Basal Metabolic rates should be within the range of + 20 to -20. He feels that he can correct Mr. Edwards' condition so that he will be in "real good shape."

Colonel Groover said that he has instructed Mr. Edwards to return to the hospital once a week for an indefinite period and on those occasions he will receive a Basal Metabolism test as a continuing check on his condition and if the ACTH injection produces the desired result he should have no more trouble. It was ascertained that this test would require about 1/2 day's absence in that to receive it one must go without breakfast and then be prone for about two hours while undergoing the test. A check with [redacted] at the U. S. Naval Hospital reflects that this condition can result in increased cholesterol, thinning of the hair, thickening of the skin, lack of pep and susceptibility to infection.

b6
b7C

RECOMMENDATION:

Submitted for information and record purposes. We will follow with Colonel Groover in a week for additional information and you will be advised.

Having resumed active duty 10/5/59, the purpose of this memorandum is to summarize information I orally related to you confirming my physical condition as conveyed to me to date by Dr. M. E. Groover.

On Saturday, 10/3/59, I had my last basal metabolism test and consultation with Dr. Groover. He advised me that the BMR is now within normal range which he attributes to the two injections of ACTH which he gave me earlier in the week. He indicated the thyroid gland had not responded to thyroid medication. On the other hand, the ACTH has brought the metabolism around which convinces Dr. Groover that the difficulty lay in the pituitary gland. According to him the pituitary gland acts as a governor or trigger on the thyroid gland. When the thyroid normally fails to function up to par, the pituitary gland should trigger it into normal operation. In my case it was not functioning, and the ACTH appears to have been needed for that purpose.

The problem now confronting Dr. Groover is to determine: (1) whether periodic doses of ACTH will be needed; and (2) if so, to determine the dosage requirement. To accomplish this, Dr. Groover has scheduled me for weekly basal metabolism tests on an out-patient basis. The first of these is scheduled for Tuesday morning, 10/13/59. Of course, Dr. Groover understands that the regularity with which I will be able to appear for these tests will depend upon my commitments out of town.

As a corollary problem, Dr. Groover is seeking to determine whether the ACTH will reduce the blood cholesterol which had been of concern to Dr. Groover because of the pattern over the past 12 months of a sustained upward trend. Therefore, in conjunction with the basal metabolism tests he will take a blood specimen for the purpose of making the cholesterol examination.

Dr. Groover advised that he will have all the results of the various tests I took in the hospital probably sometime next week. He will go over these results with me and advise whether any other pertinent conditions were found. He indicated that at such time he will also prescribe a low cholesterol diet for me.

Memorandum to Mr. Tamm
Re: Physical Condition

Dr. Groover mentioned to me that he has been contacted by [redacted] f the Administrative Division for information which will enable [redacted] to submit official reports on my condition and progress. Dr. Groover asked whether it would be possible to defer this until he has had an opportunity to completely review all findings and consult with me concerning the results. I told him I was confident this would be satisfactory, and he stated that he will then be pleased to give me a comprehensive summary for the Bureau's records.

Inasmuch as I have been advised also by the Physical Examination Unit that my annual physical is due, I will arrange with Dr. Groover to execute the standard form based on the very complete physical which was given me while hospitalized. This will save time and obviate the necessity of my having an additional physical examination at Bethesda.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Mr. Tamm *Q.T.*

DATE: October 14, 1959

FROM : H. L. Edwards *H.L.E.*

SUBJECT: PHYSICAL CONDITION

This is a current report on my physical condition based on a discussion this morning (10-14-59) with Dr. M. E. Groover of the Air Force who has been conducting a series of diagnostic tests on me in connection with conditions of low basal metabolism and high blood cholesterol.

On Tuesday morning 10-13-59 I had the first of a weekly series of basal metabolism and blood cholesterol tests which Dr. Groover desired for the purpose of determining (1) whether the two prior dosages of ACTH would be sufficient to raise and keep my metabolism to normal, and (2) if not, just what dosage would be required.

Dr. Groover told me this morning that the metabolism had reflected plus 4, or a decline of 6 points from last week's plus 11. At the time he gave me the first dose of ACTH (2 weeks ago) the metabolism was minus 38. The ACTH reversed the low metabolism and brought it up to a normal of plus 11 within one week, but it dropped to yesterday's plus 4. Dr. Groover stated that it would not be possible to determine additional dosages of ACTH until the metabolism drops below zero and into the minus range again.

I told Dr. Groover that I had tentatively been scheduled for a special assignment outside Washington which would require my absence for approximately four weeks. This was the inspection assignments of St. Louis and Kansas City Offices which you instructed me to handle but which you indicated Mr. Tolson said should be contingent on clearance from the doctor. I have gone ahead and selected the aides and was in the process of getting my reservations to depart this Thursday (10-15-59) because I did not anticipate encountering any difficulty with Dr. Groover. However, Dr. Groover stated that if it were possible he would prefer that I remain under his supervision until he could complete the series of weekly checks to establish the long-range effect and required dosage of ACTH.

1. Mr. Mohr

11 OCT 20 1959

RECORDED

Memorandum to Mr. Tamm
Re: Physical Condition

He said this could not be done elsewhere, and, if it were an emergency, naturally I should go, and he would have to make some sort of provisions for me, to be given periodic dosages of ACTH with a private doctor but he would be prescribing it "in the blind" because he has not yet determined the required dosage.

Dr. Groover also told me this morning for the first time that he was concerned about a serious rise in my blood cholesterol during the two weeks I was in the hospital and under his care on an out-patient basis. He said my cholesterol in the hospital had ranged between 390 and 400 and the last time it was taken (about 1 week ago) it was between 369 and 400. The highest it had ever been before was 302 (10-24-57) and during the past year the monthly check had shown a sustained rise but had not gone above 262. Therefore, Dr. Groover stated it was really important to my health that he "get me on the right road" as soon as possible to lower the cholesterol.

I told Dr. Groover that I appreciated his advise and that I would bring the matter to my superiors' attention to see whether it would be possible to postpone any extensive trips out of the city until he gave me clearance. I told him I would be in touch with him as soon as I got an answer.

I know you are anxious that I get out in the field on inspection assignments as soon as possible. I, of course, want to carry out any assignments given me to the best of my ability; however, in view of the fact that Dr. Groover has recommended that I continue under his supervision for an additional period of time, I feel the best interests of my own health and the long-range interest of my value to the Bureau would be served by complying with his desires.

b6
b7C

RECOMMENDATION:

That I be authorized to inform Dr. Groover that I will remain in the city available for whatever tests he needs to perform until he can reach a definite diagnosis and prescribe appropriate treatment for me.

Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name Constance M. Edwards Relationship WIFE Date 10/19/59

Address 2707 Longfrect Ct., Annandale, VA

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION.
UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee Howard Lynn EdwardsTitle InspectorRating Period: from 4/1/59 to 9/19/59

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

Rate items as follows:

- Outstanding (exceeding excellent and deserving of special commendation).
- Excellent.
- Satisfactory (good or very good).
- Unsatisfactory.
- No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.

A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

- (1) Personal appearance.
- (2) Personality and effectiveness of his personal contacts.
- (3) Attitude (including dependability, cooperativeness, loyalty, enthusiasm, amenability and willingness to equitably share work load).
- (4) Physical fitness (including health, energy, stamina).
- (5) Resourcefulness and ingenuity.
- (6) Forcefulness and aggressiveness as required.
- (7) Judgment, including common sense, ability to arrive at proper conclusions, ability to define objectives.
- (8) Initiative and the taking of appropriate action on own responsibility.
- (9) Planning ability and its application to the work.
- (10) Accuracy and attention to pertinent detail.
- (11) Industry, including energetic, consistent application to duties.
- (12) Productivity, including amount of acceptable work produced and rate of progress on or completion of assignments. Also consider adherence to deadlines unless failure to meet is attributable to causes beyond employee's control.
- (13) Knowledge of duties, instructions, rules and regulations, including readiness of comprehension and "know how" of application.
- (14) Technical or mechanical skills.
- (15) Investigative ability and results:
 - (a) Internal security cases
 - (b) Criminal or general investigative cases
 - (c) Fugitive cases
 - (d) Applicant cases
 - (e) Accounting cases
- (16) Physical surveillance ability.

A. Specify general nature of assignment during most of rating period (such as security, criminal, applicant squad, or as Resident Agent, supervisor, instructor, etc.): Inspection assignments

B. Specify employee's most noteworthy special talents (such as investigator, desk man, research, instructor, speaker): Administrator

C. (1) Is employee available for general assignment wherever needs of service require? Yes If answer is not "yes," explain in narrative comments.
 (2) Is employee available for special assignment wherever needs of service require? Yes If answer is not "yes," explain in narrative comments.)

D. 1. Has employee had an abnormal sick leave record during rating period? No 2. Has employee used more sick leave during rating period than earned during such period? No (If answer to either question is "Yes," explain in narrative comments.)

E. Is employee qualified to operate a motor vehicle incidental to his official duties? Yes No
 If answer is "yes," personnel file must reflect the following: (a) Has valid State or local operator's license for type vehicle he is to use. (b) Is physically fit to drive. (c) Past safe driving record OK or has passed Bureau road test.

ADJECTIVE RATING: Excellent EMPLOYEE'S INITIALS ABW
 Outstanding, Excellent, Satisfactory, Unsatisfactory

HOWARD LYNN EDWARDS
INSPECTOR
FRONT OFFICE
CRIME RECORDS DIVISION

October 16, 1959

PART I - GENERAL COMMENTS

Mr. Edwards reported to the Crime Records Division in the capacity of No. 1 Man on February 4, 1959. This special Performance Rating is being written in view of Mr. Edwards' transfer to the Training and Inspection Division as Inspector in Charge of inspections.

Although Mr. Edwards was only in this division for approximately seven months, despite the fact that the work of the Crime Records Division was completely new to him, he accepted his responsibilities in an enthusiastic manner and proved himself to be most adaptable to the duties performed by the Crime Records Division. Mr. Edwards has an exemplary attitude which displays co-operativeness, loyalty and, at the same time, he is most amenable to carrying out instructions. His willingness to make personal sacrifices in order to insure that the Bureau's responsibilities are handled is certainly commendatory.

Although Mr. Edwards did not have the opportunity to fully develop in the Crime Records Division, specifically to meet the many individuals with whom we must maintain daily contact in order to carry out the duties of this division, he proved to be very strong administratively and was developing rapidly from the standpoint of contact work. During the five months of his assignment, Mr. Edwards had five field trips and one major inspection assignment. He is a very decisive individual and insists on complete accuracy. He is particularly adept at handling personnel matters.

It was necessary to direct a letter of censure on June 5, 1959, and on June 24, 1959, to Inspector Edwards as a result of minor errors in correspondence inasmuch as he was the maker of these particular communications.

On May 18, 1959, Mr. Edwards received a letter of commendation for his efforts in making the 10th Annual Mass and Communion Breakfast an outstanding success.

In summary, Mr. Edwards' services, although he did not have a complete chance to fully develop, were above average and he was a definite asset to the Crime Records Division.

His rating is EXCELLENT.

722

PART II - SPECIFIC COMMENTS

1. Justification for Any Minus Ratings Given

Not applicable.

2. Experience and Ability as Inspector's Aide

Inspector Edwards has performed most capably as a Bureau Inspector. He carried out a number of special assignments for the Director during the rating period and handled a recheck inspection of the Training and Inspection Division during the rating period.

3. Participation in Informant Programs

Not applicable

4. Testifying Experience and Ability

Not applicable

5. Disciplinary Action

It was necessary to direct two letters of censure during the rating period to Mr. Edwards having to do with minor errors in correspondence.

6. Accounting Information

Not applicable

7. Police Instruction

Mr. Edwards appeared before in-service seminars, seminars in the field, and does considerable lecturing as a part of his division responsibilities. He could perform most capably as a police instructor if ever called upon.

8. Sound Training

Not applicable.

9. Resident Agents

Not applicable.

10. Foreign Language Ability

Not applicable

11. Administrative Advancement

Is Agent	
(a) interested in	Yes
(b) completely available for	Yes
(c) considered completely qualified at present for administrative advancement including experience, ability, personality, and appearance?	Yes

October 28, 1959.

Mr. H. L. Edwards
Federal Bureau of Investigation
Washington, D. C.

Dear Edwards:

I was very pleased to receive your note of October 27 advising me that your physical condition is now completely satisfactory. This is certainly good news and I know it has resulted in considerable relief to you and your family.

Let me caution you, however, to closely follow your physician's instructions for the next several months so that you will not experience a set back in your condition.

With best wishes,

Sincerely,

JME

Dear Mr. Hoover:

This morning I had another weekly check with Dr. M. E. Groover, who has been conducting weekly basal metabolism and blood cholesterol tests in connection with my physical condition. I am pleased to report that Dr. Groover informed me this morning that the basal metabolism test was normal and that my last cholesterol examination indicated the cholesterol level has decreased substantially. On the basis of this, the doctor has concluded that the medication he had previously given me has demonstrated its effectiveness, and he has discharged me from the necessity of weekly checks. He wants me to have another check of the metabolism in one month. In the meantime, he indicated I can pursue my regular activities without limitation.

Knowing how interested and indulgent you have been with respect to my condition, I thought you would be pleased to learn that according to the doctor, everything is now completely satisfactory. I shall inform you of the results of the tests of the 30-day check as soon as the information is available.

Respectfully yours,

H. Lynn Edwards

Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

E (1) Personal appearance.
E (2) Personality and effectiveness of his personal contacts.
+ (3) Attitude (including dependability, cooperativeness, loyalty, enthusiasm, amenability and willingness to equitably share work load).
V (4) Physical fitness (including health, energy, stamina).
E (5) Resourcefulness and ingenuity.
E (6) Forcefulness and aggressiveness as required.
E (7) Judgment, including common sense, ability to arrive at proper conclusions, ability to define objectives.
+ (8) Initiative and the taking of appropriate action on own responsibility.
E (9) Planning ability and its application to the work.
E (10) Accuracy and attention to pertinent detail.
E (11) Industry, including energetic, consistent application to duties.
E (12) Productivity, including amount of acceptable work produced and rate of progress on or completion of assignments. Also consider adherence to deadlines unless failure to meet is attributable to causes beyond employee's control.
+ (13) Knowledge of duties, instructions, rules and regulations, including readiness of comprehension and "know how" of application.
O (14) Technical or mechanical skills.
O (15) Investigative ability and results:

- Internal security cases
- Criminal or general investigative cases
- Fugitive cases
- Applicant cases
- Accounting cases

O (16) Physical surveillance ability.

A. Specify general nature of assignment during most of rating period (such as security, criminal, applicant squad, or as Resident Agent, supervisor, instructor, etc.): _____

In charge of Inspection Section, Training & Inspection Division

B. Specify employee's most noteworthy special talents (such as investigator, desk man, research, instructor, speaker): _____
administrator

C. (1) Is employee available for general assignment wherever needs of service require? yes (If answer is not "yes," explain in narrative comments.)
 (2) Is employee available for special assignment wherever needs of service require? yes (If answer is not "yes," explain in narrative comments.)

D. 1. Has employee had an abnormal sick leave record during rating period? yes 2. Has employee used more sick leave (including annual leave or LWOP for illness) during rating period than the amount of sick leave earned during such period? yes (If answer to either question is "Yes," explain in narrative comments.)

E. Is employee qualified to operate a motor vehicle incidental to his official duties? Yes No
 If answer is "yes," personnel file must reflect the following: (a) Has valid State or local operator's license for type vehicle he is to use. (b) Is physically fit to drive. (c) Past safe driving record OK or has passed Bureau road test.

EXCELLENT

Outstanding, Excellent, Satisfactory, Unsatisfactory

EMPLOYEE'S INITIALS *HJW*

HOWARD LYNN EDWARDS
INSPECTOR
TRAINING & INSPECTION DIVISION

12/8/59

PART I - GENERAL COMMENTS

Mr. Edwards has been assigned to the Training and Inspection Division since 9/21/59 and has served in the position of Chief of the Inspection Section.

For the short time that I have had an opportunity to observe him, I would definitely rate Mr. Edwards as Excellent. He is aggressive, enthusiastic and industrious. He is an excellent speaker and has recently been commended for this.

PART II - SPECIFIC COMMENTS

1. Justification for Any Minus Ratings Given

Not Applicable.

2. Experience and Ability as Inspector's Aide

Has been serving in capacity as Inspector in Charge of Inspection Section, Training & Inspection Division.

3. Participation in Informant Programs

Not Applicable.

4. Testifying Experience and Ability

Not applicable.

5. Disciplinary Action

Mr. Edwards was recipient of letter of censure dated 11/30/59 concerning errors in two pieces of correspondence prepared by him.

6. Accounting Information

Not applicable

JHN

7. Police Instruction

Mr. Edwards has appeared before in-service classes to handle lectures concerning matters supervised by him.

8. Sound Training

Not applicable.

9. Resident Agents

Not applicable.

10. Foreign Language Ability

Not applicable

11. Administrative Advancement

Is Agent

(A) interested in Yes

(B) completely available for Yes

(C) considered completely qualified at present for administrative advancement including experience, ability, personality, and appearance? Yes

12. Sick Leave Record

Employee's sick leave taken during rating period is considered abnormal inasmuch as he took 90 hours (and earned 28 hours) during the rating period. Leave was taken in connection with special tests in connection with a detailed physical examination with which the Bureau is familiar.

PERSONAL

Mr. H. Lynn Edwards
Federal Bureau of Investigation
Washington, D. C.

Dear Edwards:

I want to commend you for the fine speech you made before the student body of Hershey Junior College at Hershey, Pennsylvania, on December 1, 1959. The contents of your speech were excellent and reflected considerable forethought and effort on your part. I am sure you represented the Bureau on this occasion in a most creditable fashion and I am deeply appreciative of a job well done.

Sincerely,

1 - Mr. Parsons (Personal Attention)

HWC

The following is a brief concise summary concerning Inspector Edwards for the Director's use.

A review of his file reflects he entered on duty on 2-10-41, is in GS-17, \$15,375 per annum, is 44 years of age and married with 1 child. He has been assigned to the Seat of Government since 6-2-43 when he was transferred to the Administrative Division. On 12-31-57 he was designated an Inspector, he later served as #1 Man in the Crime Records Division and on 9-21-59 he was transferred to the Training and Inspection Division as Inspector in Charge of the Inspection Section. On 12-7-59 Mr. Parsons rated him Excellent and stated he was aggressive, enthusiastic and industrious. He was completely available and qualified for further administrative advancement.

He was last CENSURED by letter dated 11-30-59 inasmuch as letters he prepared and directed to certain other Bureau employees contained errors and had to be returned for correction. He was last COMMENDED by letter dated 12-10-59 for the fine speech he made before the student body of Hershey Junior College at Hershey, Pennsylvania, on 12-1-59.

The Director last saw Mr. Edwards on 9-18-59 at which time he was under transfer to the Training and Inspection Division. Mr. Edwards expressed appreciation for his assignment as Inspector in Charge of the Inspection Section and the Director stated he wanted him to take hold vigorously of all matters under his supervision, re-evaluate the same, and endeavor to bring about an improvement in the operations that he was responsible for.

His daily average overtime was as follows: June, 4 hours 10 minutes; July, 2 hours 48 minutes; August, 5 hours 56 minutes; September, 3 hours 17 minutes; October, 3 hours 25 minutes; November, 4 hours 18 minutes.

As of March, 1959, he listed Washington, D. C., as his office of preference.

Memorandum

TO : MR. MOHR

DATE: January 14, 1960

FROM : MR. J. F. MALONE

SUBJECT: ALLEGATIONS AGAINST [REDACTED]
BY S [REDACTED]

CINCINNATI,

b6
b7C

CINCINNATI INSPECTION
H. L. Edwards

Late this afternoon the Director approved recommendations of the Administrative Division that the Cincinnati Division inspection begin immediately and that incidental thereto the Inspector check into the allegations made by SA [REDACTED] (now assigned to Kansas City) against [REDACTED] in his letter of 1/5/60.

b6
b7C

I feel that Inspector H. L. Edwards should handle this inspection. However, I wish to bring to your attention some pending commitments which Edwards has which he will have to forego. These are:

1. The Director had approved Edwards' acceptance of the invitation of the American Bar Association (ABA) President John D. Randall to serve as a member of the Host Committee which is entertaining the lawyer members of Congress at a reception and buffet supper at the Statler Hotel, Tuesday, January 19, 1960. It will be recalled the Director and Mr. Tolson have also been invited to this but have declined, the Director, however, indicating that Edwards should attend. In connection with membership on the Host Committee, Edwards has already attended a briefing meeting (held 1/11/60) and had been given the names of some of the Congressmen-invitees from whom word had not yet been heard regarding their acceptance of the invitation.

b6
b7C

2. ABA President John D. Randall had indicated in a letter to the Director 1/5/60 that he hoped to be able to see the Director while in Washington on 1/19/60. During Randall's visit in Washington, Edwards was going to advise him confidentially of some information which the Director had previously approved concerning one [REDACTED] who is a member of the Grievance Committee of the ABA. We had received information that [REDACTED] is now a fugitive from justice based on a Municipal Court Warrant issued in the District of Columbia in response to a Writ of Extradition secured by State's Attorney [REDACTED] of Yankton County, South Dakota. This was based on a Grand Jury indictment.

which charged [redacted] with 10 counts of mutilating and removing certain pages from the Circuit Court Register of Criminal Actions in 1958. Edwards will have to wait until the next time he is in personal contact with Randall.

b6
b7C

Despite the above commitments I feel that the urgency of this matter at Cincinnati and its importance would warrant Edwards' foregoing the above-mentioned commitments in favor of handling this inspection.

For your information Edwards has reservations to depart Washington en route Cincinnati via American Airlines at 11:40 AM 1/15/60, Flight #171, arriving at Cincinnati 2:00 PM, 1/15/60.

RECOMMENDATION:

That Edwards be approved to handle this Cincinnati inspection as above-mentioned.

UNITED STATES GOVERNMENT

Memorandum

TO : MR. TOLSON

DATE: 1/5/60

FROM : J. P. MOHR

SUBJECT: PERSONNEL CHANGES

In view of the designation of Mr. Malone as Assistant Director in charge of the Training and Inspection Division, it will be necessary to designate a replacement to serve as Inspector in Charge of the Training Section of the Training and Inspection Division. Accordingly, it is recommended:

1. That Inspector H. Lynn Edwards, who has been serving as Inspector in Charge of the Inspection Section and who has just been designated Number One Man of the Training and Inspection Division, be designated as Inspector in Charge of the Training Section as a replacement for Mr. Malone.

Mr. Edwards entered on duty on 2/10/41, is 44 years of age and is presently in Grade GS-17, \$15,375 per annum. He has B. A. and LL. B. Degrees and has had extensive experience in the Bureau in several divisions. He is constantly seeking new ways to improve the Bureau and he appears to be an excellent choice to handle the Bureau's training programs.

2. If the above recommendation is approved, it is recommended that Inspector Roy K. Moore be designated Number Two Man and Inspector in Charge of the Inspection Section of the Training and Inspection Division as a replacement for Mr. Edwards.

Mr. Moore entered on duty as a Special Agent on 10/7/40, is 45 years of age and is in Grade GS-16, \$14,430 per annum. He has a B. S. Degree. He has had extensive experience in the field and at the Seat of Government. He has served as an Assistant Special Agent in Charge in several offices, handled inspection duties in the Training and Inspection Division for several months, served as Number One Man in the Identification Division for almost two years and has just completed an assignment as Special Agent in Charge at Charlotte where he did an excellent job. He has been assigned to the Training and Inspection Division as an Inspector since 12/20/59 and was approved as Number One Man of the Inspection Section of that division on 12/22/59. He is enthusiastic, aggressive and in view of his wealth of experience, both in the field and at the Seat of Government, appears well qualified to

Assistant Director John F. Malone

ANONYMOUS LETTER RECEIVED BY
INSPECTOR H. LYNN EDWARDS,
POSTMARKED NORTH MIAMI, FLORIDA,
11:00 A.M., JANUARY 27, 1960
ADMINISTRATIVE MATTER

Re telephone call from Inspector ROY K. MOORE at
the Bureau, 2/2/60.

An examination was made of SA [redacted]
leave record and it was determined that he had insufficient
leave to enable him to take a trip to Cincinnati and back
during the Christmas Holidays, 1959. In addition, an
examination of the daily reports submitted by him reflects
he was on duty January 27, 1960, handling investigation in
the area encompassing Fort Lauderdale and several communities
to the north of Fort Lauderdale. In this regard, it is noted
that North Miami is south of the Fort Lauderdale area.

b6
b7c

SA [redacted] was interviewed this date by the ASAC,
in view of the absence of the SAC from headquarters city. He
advised he last visited the Cincinnati area during the Summer

3 - Bureau (AM)
1 - Miami

RJB:mjs
(4)

70
FEB 14 1960

of 1957 and that he has not been in correspondence with any of the Agents presently assigned to the Cincinnati Office, other than for the exchange of Christmas cards. He stated he has received no communication of any description from Cincinnati Office Agents within the last month and that no Bureau employee had requested him to mail a letter from this vicinity addressed to Inspector EDWARDS at Cincinnati. In addition, he stated he had not sent a letter of his own to Inspector EDWARDS and could cast no light upon the identity of the sender of such a communication.

b6
b7C

[redacted] He stated he was well acquainted with SA [redacted] when both were assigned to the Cincinnati Office, but has not kept up correspondence with him since he [redacted] was transferred to Miami. He stated that his [redacted] wife had received a Christmas card from [redacted] wife during the Christmas of 1959, but this card made no mention concerning the internal condition of the Cincinnati Office nor did it indicate that SA [redacted] had been the subject of any administrative action on the part of the Bureau.

b6
b7C

SA [redacted] said he is also acquainted with SA [redacted] but was unaware [redacted] is presently assigned to the Savannah Office. He stated he has had no contact whatsoever with [redacted] since leaving Cincinnati approximately three and one-half years ago and, although he recalls that [redacted] had an uncle to whom he was very closely attached residing in the Miami area, he was unable to recall this individual's name.

SA [redacted] stated that he has met former SA [redacted]
[redacted] and last saw him six to eight months ago in
connection with an official matter. He stated he is not
socially acquainted with [redacted] and in their contacts they
have never discussed the internal affairs of any Bureau
office.

b6
b7C

It is noted that Miami is in the midst of the
Winter Season at this time which, of course, means that many
thousands of tourists are passing through this area. These
might likely include the family and friends of personnel
assigned to the Cincinnati Office. This is being pointed
out to the Bureau as of possible assistance in connection
with this matter.

No further inquiry will be conducted by the Miami
Office in the absence of further request from the Bureau.

The Annual Mid-Year Meeting of the ABA is scheduled to be held in Chicago, Illinois, February 18 - 23, 1960. In addition to the regular sessions and association business, plans will be formulated concerning the coming annual ABA meeting to be held in Washington; D. C. (August 29 - September 3, 1960).

In this connection the Mid-Year Meeting will also afford an excellent opportunity for the Bureau's liaison representatives to insure that all possible avenues of publicity are covered with regard to the Bureau's instructions, that the visiting ABA members are fully apprised of the tours which will be conducted through the FBI.

RECOMMENDATION:

[Redacted] That Inspector H. L. Edwards and Special Agent Bureau's liaison representatives to the ABA, be authorized to attend this meeting.

Mr. John Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

I heard over the radio last evening that Congressman Paul G. Rogers of Florida had introduced action in Congress to award you a medal in recognition of your dedicated service to the country and law enforcement. There is no doubt in my mind this will be overwhelmingly approved. I just wanted to extend my congratulations and let you know that I, as one of the some 170 millions Congress represents, heartily endorse this measure.

This is certainly one piece of legislation on which Congressmen won't have to sound out the folks back home for guidance before voting on its merits.

Respectfully yours,

Lynn Edwards

Dear Edwards:

It was very kind of you to write me as you did concerning the bill introduced in Congress by Congressman Paul G. Rogers, of Florida.

While I am deeply grateful for this evidence of confidence on the part of Congressman Rogers, I am of the definite opinion that an award of the kind suggested by him should properly be made to the FBI as a whole, as without the assistance and cooperation of my associates the Bureau could never have reached its present prestige in the law enforcement field.

With best wishes,

Sincerely,

V. J. S. C. T.

Assistant Director John F. Malone
Training and Inspection Division
FBI Headquarters
Washington, D. C.

H.L. Edwards

Dear John,

for check
NY 1/32/60

Attached is a self-explanatory letter of January 25, 1960, from a law school classmate of mine who is with a very important law firm in Harrisburg, Pennsylvania. With regard to whether I should accept this invitation, my feelings on the matter are somewhat neutral. I would have no objection to doing this and I do feel that this meeting would be a rather important group because of the fact that Harrisburg is the state capitol and the Rotary Club is undoubtedly comprised of numerous key people. My present commitments would probably preclude doing it in April because I am already scheduled to address the Southwestern Law Institute at Dallas, Texas, on April 28. May would not be a very good month either because I am scheduled to attend the regional meeting of the American Bar Association in [redacted] Oregon about the third week of May and, of course, graduation will be some time in May and I want to be sure to be there for that. This leaves June and at the present time I don't have any definite commitments for June. I would suggest that a possible date will be either the third Monday in June (June 20) or the fourth Monday (June 27). *3/1*

b6
b7C

If you feel that I should consider accepting this, I wonder if you would refer this letter to Crime Records for the preparation of the memorandum for the Director's approval, and they could recommend either of the two Mondays in June which I have indicated.

I have personally sent a note of acknowledgment of the receipt of this letter telling [redacted] that I am temporarily on a special assignment away from Headquarters but that I have referred his letter to Headquarters for consideration and official acknowledgment.

Washington, D. C.

Dear Lynn:

For some years I have been hoping to have you stop in Harrisburg and visit with your many Dickinson Law School friends in this area. I realize how extremely busy you must be, and therefore, know your trips out of town on other than official business are probably few and far between. I thought, however, you might be able to address a meeting of our Harrisburg Rotary Club on a Monday during any of the three months, April, May, and June.

I am presently arranging for our speakers for this quarter and I am hoping to have Senator Hugh Scott, Governor Lawrence, and the head of one of the steel companies on the program for those months. We have had in the past several years the privilege of hearing from your local agents, the latest of whom in Harrisburg is [redacted]
[redacted] who, by the way, does an excellent job in selling the F.B.I. It was my thought that you might be free to come to Harrisburg and tell us about the most important work of your great organization. I think immediately of the problem of juvenile delinquency and would suggest that, in the event you can speak to our club, you consider this as a suggestion.

Needless to say, I would be very happy to see you again after several years of absence. I understand that you were in attendance at the American Bar meeting in Pittsburgh, which as you may not know, ~~is~~ my office is located. I maintain the Harrisburg office of our firm.

REED, SMITH, SHAW & McCCLAY

REED, SMITH, SHAW & MCCLAY

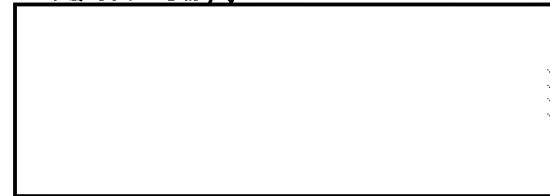

H. Lynn Edwards, Esq. -2-

January 25, 1960

Why not write to me and tell me that you will accept an engagement to speak during those three months and we can fix the exact date at a later time. Our meetings are held in the Penn Harris Ballroom at 12:15 p.m., and adjourn promptly at 1:30 p.m. Normally, we have a group of 150-200 men present at our meetings.

Of course, we would be happy to take care of all your expenses, if you can be with us.

Sincerely,

b6

Harrisburg, Pennsylvania

Dear [REDACTED]

Your letter of January 25, 1960, to Inspector H. Lynn Edwards has been brought to my attention, and your desire that he address one of the future meetings of the Harrisburg Rotary Club is deeply appreciated.

I am pleased to advise that Mr. Edwards will be available for this engagement on June 20, 1960, if that date is agreeable with you. I can assure you that he is looking forward to this visit to your city, and I am certain that the members of your group will find his talk most interesting and informative.

In the event any further arrangements are necessary, I hope you will feel free to contact him directly at our headquarters.

Sincerely yours,

J. Edgar Hoover

RE: SA H. Lynn Edwards
(Type or print plainly)

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name	Relationship	Date
<u>Constance M. Edwards</u>	<u>Wife</u>	<u>Y-11-60</u>

Address	Chas. S. Ross Fund providing \$1500 death benefit to	Daughter
<u>and in case the insurance remained to</u>	<u>[Redacted]</u>	<u>[Redacted]</u>
<u>beneficiary of agents killed in the line of duty.</u>		

Name	Relationship	Date
<u>[Redacted]</u>		
<u>Address</u>		

Very truly yours,

H. Lynn Edwards 63
Special Agent

For your information, I am scheduled to report to Dr. Groover's office in the Pentagon at 7:30 AM, Tuesday, 3/1/60 for a basal metabolism test, some repeat X rays and blood tests, and consultation with Dr. Groover.

This had been scheduled for Friday, 2/26/60, but was postponed in view of the special I was working on in the Director's Office.

I will report to the Bureau as soon as the test is completed which I anticipate will be approximately 11:30 AM.

JW
will be on the desk in my absence.

b6
b7C

Dr. Groover's office address is: Aviation Medicine Clinic, Room 4A-750, Pentagon; telephone - Code 11, ext. 74598.

73. NOTES (Continued) AND SIGNIFICANT OR INTERVAL HISTORY

Was hospitalized from 20 Sep 59 to 25 Sep 59 because of gradual increase in serum lipids. Was discovered to have hypometabolism with history of fatigue. Four BMR tests were -25, -30, -32, and -36. He was given ACTH Gel which corrected the low oxygen consumption to +5, +11, +4, and +20. Have not been able to maintain normal BMR without chronic use of ACTH. Also has chronic prostatitis for which he is being treated at this time.

HOSPITAL SUMMARY

Mr. Edwards was admitted to the Andrews AF Hospital on 20 Sep 59 because of:

1. Fatigue and dizziness.
2. Headaches and chronic nasal discharge.
3. History of a gradual increasing blood lipids with a history of long-term therapy with thyroid extracts.

FAMILY HISTORY: His father had a myocardial infarction in 1959. His mother died at the age of 42 in an automobile accident. His wife, one daughter, brothers and sisters are all in good health. The family history is negative for tuberculosis, diabetes, rheumatism, allergic diseases or neurological diseases. His grandfather had cancer and his father has heart trouble.

PAST MEDICAL HISTORY: He has had the usual childhood diseases. He recovered from an uncomplicated case of diphtheria in childhood. For several years he was told that he had low blood pressure. In 1947 he was diagnosed as having a duodenal ulcer. This responded well to treatment and he has been asymptomatic since that time but has to be careful of his diet and take antacids from time to time. In 1925 he had appendicitis with an appendectomy. He is myopic and uses glasses for distant vision.

About three years ago after an acute upper respiratory infection he developed an acute prostatitis. He was treated with antibiotics and with prostate massage but still has some discomfort in the area of the perineum and sometimes is slow to start the stream. He was treated by his private physician several years ago because of hypometabolism that was considered to be a thyroid deficiency. His physician gave him thyroid extract and gradually increased the dose to 2 grains daily. This eliminated some of his symptoms of fatigue and dizziness but never did produce a satisfactory lowering of his blood lipids.

PRESENT INTEREST: Mr. Edwards has been seen at monthly intervals in the FBI health clinic. His serum cholesterol and beta lipoproteins have gradually increased from 219, 238 and 248 to 272. Because of the chronic rhinopharyngitis, post-nasal drip, and gradually increasing blood cholesterol with the history of thyroid medication, it was decided that we should make a special effort to determine the reason for his hypometabolism and find a more satisfactory method of treatment. It was felt that if this could be done, not only would his blood lipids return to a normal state, but that the chronic prostatitis and chronic rhinopharyngitis would be greatly improved.

CLINICAL RECORD

NARRATIVE SUMMARY

DATE OF ADMISSION:	DATE OF DISCHARGE:	NUMBER OF DAYS HOSPITALIZED
Admitted: 20 Sept 59	Discharged: 25 Sept 59	5

(Hospital Summary, page 2) (Sign and date at end of narrative)

PHYSICAL EXAMINATION: He is 70" tall, weighs 174 lbs. Blood pressure is 118/64, pulse rate 84. The distant vision is 20/100 in the right eye and 20/70 in the left eye, correctible by his present glasses. The near vision is within normal limits. The audiometer reveals a 5-10% hearing loss in all frequencies in both ears.

The HEENT are essentially negative. The skull is symmetrical, the scalp is balding. The nasal mucosa is red, inflamed, with numerous small ulcerations and dry crusty areas thought to be caused by exposure to unusually dry air. The sinuses do not transilluminate well. The mouth and throat are negative except for the chronic pharyngitis and post-nasal drip. The ears are essentially normal, the drums are intact. The eyes are free from pathology. Ophthalmoscopic examination shows a normal fundus and the retinal vessels show slight copper streaking, but no hardening or AV nicking. The pupils are equal, react normally to light and accomodation, and the extra-ocular eye movements are normal.

The chest is symmetrical, and movements are free and equal. The percussion notes are resonant and the breath sounds are vesicular throughout. The heart is not enlarged. The precordium is quiet. There are no thrusts, shocks or thrills. The heart sounds are of good quality and there are no murmurs. The arterial tree is soft. Pulsations in the brachial, radial, femoral, popliteal, dorsalis pedis and posterior tibial arteries are satisfactory. The abdomen is in plane. There are no abnormally enlarged masses, no areas of tenderness or muscle spasm. There is a transverse scar in the right lower quadrant, which is firm and well-healed, the residual of a remote appendectomy. The external genitalia are that of a normal male. The perianal skin is thickened and raised in thickened folds. Sigmoidoscopic examination reveals a normal rectal and sigmoid mucosa. There is no evidence of fissures or polyps or internal hemorrhoids.

The endocrine system is essentially negative to physical examination. The prostate is enlarged and smooth and hard. There are no nodules. The gland is considered to be typical of benign prostatic hypertrophy.

The upper extremities are essentially negative. There is no muscle atrophy, no joint ankylosis. The feet are within normal limits. The lower extremities are essentially negative. The spine is straight, movement is free and within normal limits.

The only identifying body mark is the deep scar of the remote appendectomy. The skin and lymphatics are not remarkable. The neurological examination is essentially negative, except the right ankle jerk is absent.

CONSULTATIONS: While in the hospital he had the following consultations;

He had a dental consultation to rule out foci of infection. There was no x-ray or

(Hospital Summary, page 3)

physical evidence of foci of infection.

Basal metabolism tests were done on four successive days, the readings of which were -25, -30, -32, and -19.

A urological consultation was done and the diagnosis was benign prostatic hypertrophy. He will probably have to have a transurethral resection in the future, but this is not indicated at the present time.

A barium enema was done and Mr. Edwards had a severe shock-like reaction to the preparation for the examination from which he recovered satisfactorily.

Electrocardiograms were done on three successive days, each showing relatively low voltage in the limb leads. The remainder of the EKG's were normal.

An ENT consultation was done revealing a post-upper respiratory inflammation and it was recommended that he seek some method of dehumidifying the air in his home.

A cardiovascular consultation was done. The consultant stated that he saw no definite evidence of cardiovascular disease. The only abnormality noted was that of hypothyroidism.

The following x-ray studies were done:

A gallbladder series done on 21 Sep 59 was normal.

A barium enema was done on 21 Sep 59, and no pathology was noted.

An IVP was done on 21 Sep 59, and no pathology was noted.

A GI Series is reported as within normal limits.

An AP and lateral view of the chest on 20 Sep 59 was read as normal.

Cardiac fluoroscopy was done on 23 Sep 59 and there was no evidence of cardiac enlargement or other signs of myxedema heart disease.

LABORATORY DATA: The blood cholesterol was 387 on admission, subsequent samples were 275, 244, 288 and 275. The white blood count was elevated to 14, 700 with 77% neutrophils, and 23% lymphocytes; hemoglobin was 15.3 and hematocrit was 47. The acid phosphatase was done on admission which was 0.2 units. The micro cardiolipin flocculation test was

(Hospital Summary, page 4)

negative. The total proteins were 7.45 with 4.55 grams of albumin and 2.9, grams of globulin; BUN 18.3, blood sugar 107, and blood uric acid was 5.0, 4.9 and 5.3. The uric acid excretion on the 21st, 22nd and 23rd of September were 512, 398 and 979 mg. in 24 hours. The 17 ketosteroids excretion was within normal limits and the 17 hydroxycorticoids were within normal limits.

SUMMARY: The diagnostic studies having been completed, the patient was discharged from the hospital to continue treatment and study as an out patient.

It was determined that ACTH produces a very satisfactory return to normal in his basal metabolism test, improved his symptoms, and produced a satisfactory decrease in his blood lipids. We have determined after several weeks that the length of time the thyroid retains its normal activity after the last dose of ACTH is approximately 4 weeks. Mr. Edwards should have an injection of ACTH Gel' approximately every 3 weeks for several months until it has been determined that his thyroid activity can be maintained without this medication. We do think in his case that the use of thyroid extract is contraindicated unless he is given some form of thyrotrophic hormone. At the present time we feel that the contamination of ACTH with thyrotropin is satisfactory for treatment in his case. Should ACTH become further purified so that thyrotropin does not contaminate it, then we would have to revert to a purified form of thyrotropin. Apparently, this is the answer to Mr. Edwards problems, but it would be advisable to keep an eye on his endocrine status in the future.

DIAGNOSES:

2530 Hypothyroidism, type undetermined.

6100 Hypertrophy, prostate, benign.

- 46. Is necessary unless facilities for affording same are not readily available.
- 48. Not required unless examinee is over 35 years of age or examination indicates such is desirable.
- 49. Is necessary unless facilities for affording same are not readily available.
- 71. Audiometer examinations should be afforded whenever possible.

FOR ALL EXAMINEES, WHETHER CLERICAL OR SPECIAL AGENT APPLICANTS
 OR EMPLOYEES:

The medical examiner should answer the following question:

Examinee is not qualified for strenuous physical exertion.

TO BE ANSWERED IN THE CASE OF ALL MALE EMPLOYEES AND MALE APPLICANTS:

1. Does examinee have any defects restricting or prohibiting his participation in defensive tactics and dangerous assignments which might entail the practical use of firearms?
 No Yes. If "yes" please specify defects.
2. Does examinee have any defects prohibiting safe operation of motor vehicles?
 No Yes. If "yes" please specify defects.

Attached is a report of a completed physical examination of me dated 1/13/60 which, pursuant to prior arrangements with the Physical Examination Unit of the Administrative Division, I am submitting in lieu of the annual Naval physical examination. The attached report is based on a complete examination given me at Andrews Air Force Base during a week's hospitalization, 9/20 - 25/59, plus one week of daily out-patient consultation and tests in the office of Dr. M. E. Groover, head of the Aviation Medicine Clinic, Pentagon; plus less frequent periodical out-patient tests in Dr. Groover's office supplemented by a final physical check-up which he gave me in the Clinic 1/13/60 in order to bring my status up-to-date.

This report was sent to me while I was conducting an inspection of the Cincinnati office, after which I went to the midyear American Bar Association meeting at Chicago. On 3/1/60 I had another basal metabolism test and discussed this examination report with Dr. Groover for the purpose of finding out what additional checks he desired.

The last basal metabolism report was within normal limits according to Dr. Groover; however, at present he has me on two types of medication: (1) an injection of 20 cc of ACTH at approximately monthly intervals; and (2) 25 mg. of Cytomel daily. Both of these are designed to keep the basal metabolic rate at normal. Monthly BMRs will be necessary for an indefinite period of time to establish the correct dosage and the continued need thereof.

This has direct bearing on my weight because since I have been receiving the ACTH my weight has gone up 5 pounds from what it had been for a period of years. Dr. Groover told me that this is unquestionably due to the hypothyroidism, and he told me to ignore that as long as I am under treatment.

Concerning the blood cholesterol, Dr. Groover told me the last report on that showed it was 210; which he stated was ideal.

Concerning the chronic prostatitis, Dr. Groover started treating that weekly, but on 3/1/60 he told me so much improvement had been shown that he would cut down the treatment to a monthly basis.

Memorandum to Mr. Malone
Re: Physical Examination

I am next scheduled to see Dr. Groover on or about 4/4/60.

Concerning my general physical condition, you will note from the examiner's certification that there are no limitations on my degree of exertion or my activities.

I will continue to keep the Bureau periodically advised of any pertinent information concerning my physical condition.

RECOMMENDATION:

That this report be referred to the Physical Examination Unit of the Administrative Division.

UNITED STATES GOVERNMENT

Memorandum

TO : MR. CALLAHAN

DATE: March 26, 1960

FROM : C. R. DAVIDSON

SUBJECT: SA [redacted]

Butte Division

Entered on Duty 3/5/51

GS-12, \$8330

Veteran; Not on Probation
Not on Limited Duty

SA [redacted]

Cincinnati Division

Entered on Duty 3/17/52

GS-12, \$8330

Veteran; Not on Probation
Not on Limited Dutyb6
b7C

On 3/22/60 the Bureau received a telegram from SA [redacted] who was then in Cincinnati alleging that on 2/2/60 SA [redacted] was dispatched by [redacted] to pick up a gift for Inspector Edwards from [redacted] the Central Sales Company in Hamilton, Ohio. The telegram asks whether the Director thinks it is proper for an SAC to bestow a gift on an Inspector after his completion of an investigation? *ED X/11/1-11*

Both [redacted] and Inspector Edwards have denied any such gift. [redacted] advised that on 2/3/60 while S [redacted] was at Middletown, Ohio, on official business and during his lunch hour he visited [redacted] store to pick up a half dozen phonograph records from [redacted] record collection which the [redacted] was lending to the Cincinnati Office to be played on the office public address system. [redacted] said the records were used for about two weeks and then returned to [redacted]

A signed statement was obtained from SA [redacted] in which he acknowledged that the SAC had advised him of the contents of SA [redacted] telegram to the Director. SA [redacted] stated he knows nothing of any gift for Inspector Edwards. He related that on 2/3/60 while en route to Middletown, Ohio, he stopped in Hamilton for lunch at which time he contacted [redacted] pursuant to [redacted] request that he pick up a package from [redacted] and take it to the SAC upon his return to Cincinnati. SA [redacted] stated that he knew the package consisted of a half dozen phonograph records from [redacted] private collection and upon learning what it was he was to pick up he assumed that they would be played on the office music system. SA [redacted] made no mention on 3/22/60 of any contact with SA [redacted] in connection with his visit to [redacted] store. *67-4621-7* *200* b6
b7C

SA [redacted] who arrived in Butte transfer from Cincinnati on 3/24/60 was interviewed to determine what information he had to back up the statement in his telegram. ASAC Held, Butte, telephonically advised on 3/25/60 that [redacted] related that on 2/1/60 or 2/2/60 to the best of his recollection he was on leave and was driving his personally owned car with two of his children when he saw SA [redacted] in a Bureau car proceeding toward [redacted] and [redacted] had worked on the same squad

Memo C. R. Davidson to Mr. Callahan

Re: SA [redacted] Butte Division
SA [redacted] Cincinnati Division

in Cincinnati and since it was around noon [redacted] followed [redacted] who proceeded to a point near [redacted] store. [redacted] said that to the best of his recollection he asked [redacted] if he was going to buy some furniture from [redacted] who sells furniture. [redacted] b6 b7C said that to the best of his recollection [redacted] replied "No, [redacted] wants me to pick up a gift for Edwards that [redacted] (nickname fo [redacted] has." About that time [redacted] arrived in front of his store and [redacted] went over and talked to him thereafter coming back and saying that [redacted] didn't have it in the store but had to get it from home.

SA [redacted] was asked why he had delayed from 2/2/60 to 3/22/60 in advising the Bureau of this matter which he apparently considered a very serious dereliction. His reply was that he was reporting it at this time as a matter of vengeance.

b6
b7C

SA [redacted] was reinterviewed on 3/25/60 regarding [redacted] allegation. [redacted] admitted that he now recalls that as he got out of the car in Hamilton he heard a horn and saw [redacted] and his children in [redacted] car. [redacted] politely asked [redacted] how his wife was, they passed the time of day and [redacted] said he was in Hamilton on his way to a drugstore. According to [redacted] asked him whether he was making a personal purchase and it is [redacted] recollection that he simply told [redacted] that the "boss" wanted him to pick up a package. [redacted] denies saying anything at all about a gift or mentioning the name of Inspector Edwards. [redacted] says that as a matter of fact, at the time he was talking to [redacted] he did not know the contents of the package he was supposed to pick up.

[redacted] found that the package was not ready and left the store without it. On his way out he again encountered [redacted] who asked where the package was. After eating lunch [redacted] went back to the store for the package which was unwrapped and consisted of six used phonograph records.

SA [redacted] was asked why he had not reported this incident and said that at the time it did not appear to be of any significance. At that time [redacted] was not under transfer and was not a controversial figure. [redacted] was also asked why he did not mention the encounter with [redacted] when he was interviewed on 3/22/60 and furnished his signed statement of that date. He replied that on 3/22/60 he did not recall the meeting with [redacted] outside of [redacted] store as the event of picking up the package held no significance to him. Upon having his recollection refreshed, however, he now clearly recalls the incident.

b6
b7C

Memo C. R. Davidson to Mr. Callahan

Re: SA [REDACTED] - Butte Division
SA [REDACTED] Cincinnati Division

b6
b7C

The following tabulation reflects the overtime averages of captioned agents and of the Cincinnati Division from September through February.

Cincinnati Office

Sept.	2' 48"
Oct.	3' 07"
Nov.	3' 19"
Dec.	3' 06"
Jan.	3' 26"
Feb.	3' 23"

[REDACTED]	
------------	--

b6
b7C

SA [REDACTED] is not on limited duty. However, he was on extended sick leave from 1/18/60 to 3/9/60 because of a [REDACTED]. At Bureau instruction he underwent a physical examination on 3/9-10/60 following his return from sick leave and on 3/15/60 [REDACTED] advised of the receipt of oral advice that the physical examination disclosed no ulcer. The doctor stated he could have a [REDACTED] but the hospital was [REDACTED] to find any. [REDACTED] also orally advised that [REDACTED] weight on 3/9/60 was [REDACTED]. The written report of his physical examination has not yet been received but at his last annual physical examination on 6/25/59 his height was recorded as [REDACTED] and he was described as having a large frame. Under the current weight schedule his desirable weight range would be from 169-190 pounds. Therefore, he appears to be [REDACTED] the desirable weight. Action regarding SA [REDACTED] weight is being deferred until the receipt of the written report of his latest examination.

Expedite, let me have memo. re weight

SA [REDACTED] last underwent a physical examination on 12/10/59 at which time he weighed [REDACTED] pounds. He was [REDACTED] tall and was described as having a large frame. Under the current weight schedule his desirable weight range is 160-180 pounds.

RECOMMENDATIONS:

b6
b7C

1. It is recommended that SA [REDACTED] be censured and placed on probation for his delay in advising the Bureau of information which he claims to have received

Memo C R Davidson to Mr Callahan
Re: SA [redacted] - Butte Division
SA [redacted] Cincinnati Division

b6
b7C

from SA [redacted] on 2/2/60 and which in his opinion constituted a serious dereliction on the part of [redacted]. Since he has indicated that his telegram was sent to the Bureau in an effort to secure vengeance against [redacted] and Inspector Edwards it is apparent that [redacted] probably never would have reported the matter, assuming SA [redacted] did make the statement to him, except for his desire to harm [redacted] and Mr. Edwards.

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION.
UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

APR 18 1960

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee H. LYNN EDWARDSTitle INSPECTORRating Period: from 4/1/59 to 3/31/60**RATING GUIDE AND CHECK-LIST**

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

Rate items as follows:

+ Outstanding (exceeding excellent and deserving of special commendation).E Excellent.V Satisfactory (good or very good).- Unsatisfactory.O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

- + (1) Personal appearance.
- + (2) Personality and effectiveness of his personal contacts.
- + (3) Attitude (including dependability, cooperativeness, loyalty, enthusiasm, amenability and willingness to equitably share work load).
- E (4) Physical fitness (including health, energy, stamina).
- + (5) Resourcefulness and ingenuity.
- E (6) Forcefulness and aggressiveness as required.
- E (7) Judgment, including common sense, ability to arrive at proper conclusions, ability to define objectives.
- + (8) Initiative and the taking of appropriate action on own responsibility.
- + (9) Planning ability and its application to the work.
- + (10) Accuracy and attention to pertinent detail.
- + (11) Industry, including energetic, consistent application to duties.
- + (12) Productivity, including amount of acceptable work produced and rate of progress on or completion of assignments. Also consider adherence to deadlines unless failure to meet is attributable to causes beyond employee's control.
- + (13) Knowledge of duties, instructions, rules and regulations, including readiness of comprehension and "know how" of application.
- O (14) Technical or mechanical skills.
- O (15) Investigative ability and results:
 - (a) Internal security cases
 - (b) Criminal or general investigative cases
 - (c) Fugitive cases
 - (d) Applicant cases
 - (e) Accounting cases
- O (16) Physical surveillance ability.

- E (17) Firearms ability.
- O (18) Development of informants and sources of information.
- + (19) Reporting ability:
 - O (a) Investigative reports
 - O (b) Summary reports
 - + (c) Memos, letters, wires
(Consider: + conciseness; + clarity; + organization; + thoroughness; + accuracy; + adequacy and pertinency of leads; + administrative detail.)
- O (20) Performance as a witness.
- + (21) Executive ability:
 - + (a) Leadership
 - + (b) Ability to handle personnel
 - + (c) Planning
 - + (d) Making decisions
 - + (e) Assignment of work
 - + (f) Training subordinates
 - + (g) Devising procedures
 - + (h) Emotional stability
 - + (i) Promoting high morale
 - + (j) Getting results
- O (22) Ability on raids and dangerous assignments:
 - O (a) As leader
 - O (b) As participant
- + (23) Organizational interest, such as making of suggestions for improvement.
- + (24) Ability to work under pressure.
- + (25) Miscellaneous. Specify and rate:
 - E Dictation ability

A. Specify general nature of assignment during most of rating period (such as security, criminal, applicant squad, or as Resident Agent, supervisor, instructor, etc.): #1 Man, Crime Records Division; Inspector in Charge of Inspection Section and Inspector in Charge of Training Section.

B. Specify employee's most noteworthy special talents (such as investigator, desk man, research, instructor, speaker): Administrator

C. (1) Is employee available for general assignment wherever needs of service require? Yes (If answer is not "yes," explain in narrative comments.)
 (2) Is employee available for special assignment wherever needs of service require? Yes (If answer is not "yes," explain in narrative comments.)

D. 1. Has employee had an abnormal sick leave record during rating period? NO 2. Has employee used more sick leave (including annual leave or LWOP for illness) during rating period than the amount of sick leave earned during such period? NO (If answer to either question is "Yes," explain in narrative comments.)

E. Is employee qualified to operate a motor vehicle incidental to his official duties? Yes No
 If answer is "yes," personnel file must reflect the following: (a) Has valid State or local operator's license for type vehicle he is to use. (b) Is physically fit to drive. (c) Past safe driving record OK or has passed Bureau road test.

ADJECTIVE RATING:

EXCELLENT

Outstanding, Excellent, Satisfactory, Unsatisfactory

EMPLOYEE'S INITIALS 782V

H. LYNN EDWARDS

GENERAL COMMENTS

Mr. Edwards makes an excellent appearance. He is always neatly attired, is personable, and enthusiastic about his work. Mr. Edwards was transferred to the Training and Inspection Division on 9/11/59 as Inspector in Charge of the Inspection Section, which duties he assumed effective 9/21/59. Prior to this date he was Number One Man in the Crime Records Division. On January 6, 1960, Mr. Edwards was designated as Number One Man in charge of the Training Section of the Training and Inspection Division effective as of that date.

On the occasion of his transfer to the Training and Inspection Division, Mr. DeLoach rated Mr. Edwards as excellent and pointed out that Mr. Edwards accepted his responsibilities in an enthusiastic manner and proved himself to be most adaptable to the duties performed by the Crime Records Division. He had an excellent attitude and displayed cooperativeness, loyalty and at the same time was most amenable to carry out instructions. His willingness to make personal sacrifices in order to assure that the Bureau's responsibilities are handled was certainly most commendatory.

On December 7, 1959, for his 60-day report, Assistant Director Parsons rated Mr. Edwards as excellent and stated he was aggressive, enthusiastic, and industrious. During the rating period Mr. Edwards has acted in a liaison capacity with the American Bar Association and the National Association of Attorneys General. In this capacity he has carried out his responsibilities in an excellent fashion. By letter dated 5/18/59 he was commended as Chairman for the success of the 10th Annual Mass and Communion Breakfast, and on December 10, 1959, he was commended for the fine speech he made before the student body of Hershey Junior College, Hershey, Pennsylvania, on 12/1/59.

During the 7 months that Mr. Edwards has been assigned to the Training and Inspection Division he has extensively contributed to the over-all operations of the division. He has made numerous suggestions for more efficient operation. He is most meticulous in his work and insists on complete accuracy. He has the knack of thoroughly analyzing problems before him and arriving at a conclusion which is sound and to the best interests of the Bureau. Mr. Edwards is above average and is a definite asset to the Training and Inspection Division. Mr. Edwards equitably shares the work load of the division as evidenced

18W

by his overtime, which is consistently and substantially in excess of the division average.

SPECIFIC COMMENTS

1. Justification for Any Minus Ratings Given.

Not Applicable

2. Experience and Ability as Inspector's Aide.

During the rating period Mr. Edwards has conducted full inspections of the Philadelphia and Cincinnati Offices, as well as a recheck inspection of the Training and Inspection Division. He carried out a number of special assignments for the Director during this period and has handled these assignments in a commendable manner.

3. Participation in Informant Programs.

Not Applicable

4. Testifying: Experience and Ability.

Not Applicable

5. Disciplinary Action.

It was necessary to direct three letters of censure during the rating period to Mr. Edwards having to do with minor errors in correspondence. These letters were taken into consideration in rating Mr. Edwards as to accuracy. It is felt that in view of his over-all performance he merits the over-all adjective rating of excellent despite these errors.

6. Accounting Information.

Not Applicable

7dW

7. Police Instruction.

Mr. Edwards appeared before In-Service seminars, seminars in the field and does considerable lecturing as a part of his division responsibilities. He could perform most capably as a police instructor if ever called upon.

8. Sound Training.

Not Applicable

9. Resident Agents.

Not Applicable

10. Foreign Language Ability.

Not Applicable

11. Administrative Advancement.

(a) Is Agent interested in administrative advancement?

Yes

(b) Is Agent completely available for administrative advancement?

Yes

(c) Is Agent considered completely qualified at present for administrative advancement including experience, ability, personality, and appearance?

Yes

(d) Would you consider his qualifications very good, excellent, or outstanding?

Excellent.

This is a report on the special consultation I had 4/13/60 with [redacted] Andrews Air Force Base Hospital. You will recall this was arranged by Dr. Groover who has been periodically treating me for a chronic prostatitis and Dr. Groover had recently discovered a nodule on the right lobe of the prostate gland which he wanted examined for possible malignancy before continuing his course of treatments.

[redacted] made a urinalysis and an examination of the prostate 4/13/60. He concluded on the basis of those that there was no cause for any concern and that the course of treatment being pursued by Dr. Groover was adequate. He did not discover any condition in the prostate suggestive of examination for malignancy, and therefore, it is possible that what Dr. Groover had discovered was merely a temporary abnormality.

[redacted] told me that he will telephone his report to Dr. Groover and suggest that Dr. Groover contact me to arrange future treatment.

Dear Mr. Hoover:

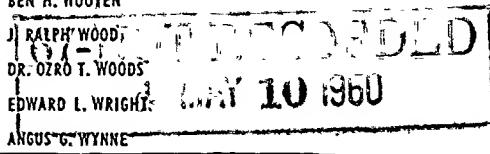

Last week, as part of our Lawyers Week and Law Day celebrations, we conducted an institute on Trial Tactics in Criminal Cases. Your Mr. Lynn Edwards delivered a fine lecture on "Due Process in Criminal Interrogation."

Many, many people complimented me on being able to secure Mr. Edward's valuable services, and I want to pass on to you their appreciation and gratitude for making him available to us. He did a splendid job and made a very worthwhile contribution to a highly successful institute.

Respectfully yours,

de

Dear [redacted]

~~In re~~ Committee on [redacted] Case

During my travels since the Midwinter Meeting, particularly during my swing through California, I have been asked by reporters and by television interviewers about what the American Bar Association was going to do in regard to the [redacted] case. I have informed them that a special committee was going to investigate the entire matter and that undoubtedly in August the House of Delegates of the American Bar Association would have something to consider.

I am not familiar with the committee set-up of your Section, but it would seem to me that possibly if there would not be a jurisdictional conflict, it would be well to appoint a special committee in order to point up the work that is being done by the American Bar Association in the public interest to see that the present procedural loopholes are closed. In the various press conferences I have emphasized the fact that our concept of justice requires that every accused person be protected, but that this should not be to the extent that our legal procedure is made a mockery.

You and your Section have a great opportunity to enhance the regard in which the American law ^{is} held by the American people, and I know that you are doing a wonderful job.

Incidentally, it would seem that if you were appointing a special committee, it might be well to have a representative of the FBI on that committee. If it would not be inappropriate for me to make a suggestion, I would like to mention my friend, Lynn Edwards, who is not only a very good lawyer, but is very highly regarded in the FBI.

This memorandum is submitted to answer the Director's question "Why didn't last inspection of Cincinnati turn up the 'bylaws,'" this referring to the bylaws of the Cincinnati Office "Flower Fund" which is the typical fund maintained in all field offices and in the Seat of Government divisions and commonly used for subsidizing purchases of flowers in cases of illnesses and deaths, as well as gifts in cases of births, marriages, resignations, transfers, and anniversaries. The Executives Conference, 4/13/60, considered this entire matter and the Director approved its recommendation that hereafter such funds not be utilized to purchase gifts for employees being transferred or resigning.

In answer to the Director's inquiry Inspector H. L. Edwards who was in charge of the Cincinnati inspection respectfully advises that the inspection did turn up the bylaws. It will be recalled that one of the allegations in the anonymous communication involving [redacted] was that [redacted] frequently is taking up collections from the Agents, contrary to Bureau rules. He instigated a collection for a pistol for former ASAC Bob Robb. Each Agent had to contribute \$1 and those that did not were discriminated against. [redacted] took up a collection for an [redacted] and a [redacted]. Any Agent that did not contribute was placed on [redacted] black list." The letter also alleged that [redacted] tampered with the confidential funds and that a special FBIRA assessment was taken up four months before due.

These allegations were determined to be completely false and reported in the Inspector's report. In checking them the inspector had a detailed check made of every fund in the office. The flower fund was examined thoroughly and the work papers of the inspection make detailed reference to the setup, operation, and management of this fund including specific reference to the bylaws. The purchase of gifts for employees transferring and resigning was pursuant to the wishes of the employees who were members of the fund and regularly contributed money to it. Any employee could discontinue membership in the fund at will. The custom of gifts for employees transferring and resigning

REC-149

28

Memorandum to Mr. Mohr
RE: FIELD OFFICE FLOWER FUNDS
CINCINNATI INSPECTION
1/16 - 2/5/60

was a Bureau-wide, well established, well-recognized custom both in the field and at the Seat of Government, and to have denied any resigning or transferring employee his gift when the bylaws provided for same would have been a violation of those bylaws; furthermore, the only way the bylaws could have been declared unoperative would have been to adjudicate them as being contrary to Bureau policy which would have been inconsistent with the fact that this custom was so uniformly well settled throughout the Bureau service.

I have endeavored to locate in the files what guidance has been given the field on the maintenance and use of these funds. SAC Letter #54-57 (10/19/54) advised the field that "while it is desirable that expenditures from such funds be approved by the SAC, the initiation and authorization of expenditures should be the prerogative of the committee representing all of the employees..." The only pertinent restrictions on gifts I can locate are (1) "An employee who is an official superior may not accept gifts from other employees"; and (2) "Employees should not solicit contributions from other employees for gifts to official superiors." It will be recalled that the "Investigator" has customarily contained news items and photographs showing presentation of gifts to transferring personnel.

There has not been any requirement that field offices submit their flower fund bylaws to the Seat of Government for prior review and approval. Hereafter, however, the inspectors will be required in connection with each regular divisional inspection to examine them to insure they are set up and operating in accordance with the latest change.

ADDENDUM BY ASSISTANT DIRECTOR J. F. MALONE 5/2/60

Even though the bylaws had been reviewed by the Inspector and no violation of existing Bureau rules was found, it is felt that the Inspector had a responsibility to detect the weakness in the bylaws which was subsequently brought to the attention of the Bureau by [redacted] and resulted in Executive Conference action.

It is, therefore, recommended that Inspector Edwards be censured for his failure to detect the weakness in the bylaws.

Dear [redacted]

I have received your letter of June 20, 1960, regarding the speech on that date given by Inspector H. Lynn Edwards before the Rotary Club in Harrisburg, Pennsylvania.

Your thoughtfulness in writing and your commendatory remarks about my leadership of the FBI are indeed appreciated. I know Mr. Edwards will share my pleasure in your most generous comments.

Sincerely yours,

1 - Inspector H. Lynn Edwards - Enclosure

① - Personnel File of Inspector H. Lynn Edwards - Enclosure

HUETTE F. DOWLING
JOHN C. DOWLING

June 20, 1960

The Honorable J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Ninth and Pennsylvania Avenues
Washington, D. C.

Dear Mr. Hoover:

It is with great pleasure that I have the privilege of reporting to you on an excellent address given by your Inspector H. Lynn Edwards before the Harrisburg Rotary Club today. There were several hundred members and guests in attendance. Among these were the Mayor of the City, Judges, and County and State officials. Their comments about Mr. Edwards' address and the F.B.I. were of the highest order.

It was especially pleasing to me to be in attendance, having been an Agent of the F.B.I. some years ago and a law school classmate of Lynn Edwards. It is a real pleasure to see one of my long-time friends attain such honor and distinction in the finest police organization in the world. Its achievements are due in a large measure to the excellent leadership which you have given to it.

With all good wishes and highest esteem,

Sincerely yours,

PATHOLOGICAL REPORT		
NAME OF LABORATORY NDS, NNMC, Bethesda, Md.	ACCESSION NO(S). 091-54	

(Gross description, histologic examination and diagnoses)

GROSS: Specimen consists of formalin-fixed wedge of mucous membrane measuring 0.8 x 0.5 x 0.2 cm.

MICRO: A strip of soft tissue covered by extremely hyperplastic stratified squamous epithelium. In the center of the specimen the granular layer is quite prominent, and here there is a heavy layer of parakeratin and keratin. There are a few hyperchromatic nuclei in the basal layer of this epithelium, but it is relatively well differentiated. No evidence of neoplasia.

DIAGNOSIS: Keratosis, buccal mucosa.

REPORT OF EXAMINATION OR CONSULTATION

2-19-47

The barium outlined a normal esophagus. The stomach showed evidence of some hypersecretion. Peristalsis was sluggish, but symmetrical. No lesion could be demonstrated within the stomach. The pylorus was normal in position. The duodenal cap was small and irritable and moderately tender to direct digital palpation. There was evidence of some edema of the mucosal folds within the cap and a small ulcer crater was noted at the base of the cap. There was no delay in the passage of the barium through the duodenum and the six hour film showed ~~#~~ moderate gastric retention and most of the barium was in the terminal ileum. The findings are consistent with a duodenal ulcer, activity appears to be present but only slight. The lesion is non-obstructing.

REPORT OF EXAMINATION OR CONSULTATION

4-15-47

b6
b7C

Re-examination of the upper gastrointestinal tract shows the barium outlining a normal esophagus. There was a slight amount of gastric residue and the mucosal pattern of the stomach appeared normal. There were no filling defects and peristalsis was active. The stomach was freely moveable. The pylorus was patent. On fluoroscopic examination there was a slight irregularity visualized on the left curvature of the cap. On radiographic examination this could not be demonstrated. The cap expanded well showing no filling defects. There was no tenderness on palpation. The duodenal loop was normal in shape and position. The previously described ulcer crater was not visualized on this examination.

IMPRESSION: Healed duodenal ulcer.

REC'D 8/15/60

I thought I should call to your attention the fact that Mr. Edwards furnished me with previous Bureau material compiled on the above-captioned matter by [redacted] his division on the background, history and status of this matter in accordance with your approval.

b6
b7C

This matter came up in a closed session with discussion and presence there available only to Judges. As a consequence I had to brief selected Judges ahead of time as to our viewpoint. This I could not have done without the material referred to above and it was only through the special interest of Edwards and the Training and Inspection Division that I was able to intelligently discuss the matter for such briefing.

It is suggested that you might want to commend Edwards and the Division not only for their interest but for [redacted] research since I was able to go back through a considerable history on indeterminate sentencing which obviously was not known previously to the Judges.

Honorable David D. Furman
Attorney General
State of New Jersey
Trenton, New Jersey

My dear Mr. Attorney General:

Your letter of May 12, 1960, with enclosure, has been received, and I want to thank you for your kindness in furnishing me a copy of a resolution passed by the Eastern Region of the National Association of Attorneys General on the occasion of my SCB Am. IV's entry as Director of the FBI.

This expression of support and approval of the operations of the FBI is most encouraging to my associates and me, and I sincerely hope that our future endeavors will merit the continued confidence of your fellow members and you.

I was very pleased to learn of the success of your recent Conference, and you may be sure that Messrs. Edwards and [redacted] share my deep appreciation for your generous comments.

Sincerely yours,

DUPLICATE YELLOW

AMERICAN BAR ASSOCIATION

OFFICE OF THE PRESIDENT
JOHN D. RANDALL

May 17, 1968

Dear Edgar:

Your kindness in receiving the members of the Board of Governors yesterday is sincerely appreciated. The members of your staff who cooperated in making our tour through the Federal Bureau of Investigation such a memorable one should all be commended.

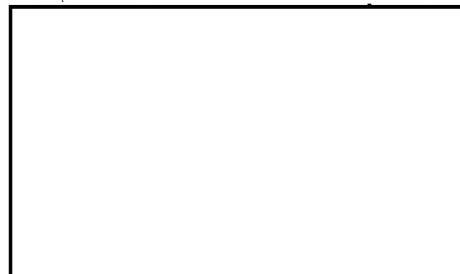

We are all proud of you and the other lawyers serving in the FBI. The fact that you enable the lawyers in your agency to take time to work with the Sections and Committees of the American Bar Association shows why the FBI is one of the most progressive of the departments of government.

May I particularly mention the most effective work done by my good friends Lynn Edwards and [redacted]
[redacted]

We trust that you will join with us at the time of our Annual Meeting in Washington this coming August.

With kindest personal regards and best wishes,

I am

The Honorable J. Edgar Hoover
Director, Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

I wish to thank you for your extremely valuable aid and support in connection with the 83rd Annual Meeting of the American Bar Association just concluded. The fact that you were sufficiently concerned to take time from your very tight schedule to attend some of the functions during this meeting and also meet and shake hands with numerous guests who visited the FBI during the period in question, went far to aid our liaison with the American Bar Association.

As reported to you in various memoranda, the special FBI tour service which you offered as a part of this Annual Meeting was considered almost a "show stealer" and will long be remembered as one of the features which made the 83rd Annual Meeting the best ever. I am deeply grateful to you for your backing of this important setup.

I, of course, fully realize that our liaison with groups like the American Bar Association is but an incidental part of our work. At the same time, it certainly is important, and it makes the task much easier to have you so thoroughly conversant with and understanding of the numerous problems involved in effectuating adequate liaison with a group having the scope and magnitude of the American Bar Association.

Respectfully,

Lynn Edwards

Dear Edwards:

You did a superb job in carrying out your numerous responsibilities relative to the recent annual meeting of the American Bar Association, and I am writing to commend you. The effectiveness of the liaison which you have established and maintained with this Association proved to be of great value. You coordinated various arrangements made with outstanding ability and your fine performance is certainly a credit to you and to the Bureau.

May I also thank you for your note of September 6. I am most appreciative of your generous remarks relating to my participation in the meeting. I am pleased that you feel my efforts in this regard contributed to the over-all success of the annual event.

Sincerely, 10-143

J. Edgar Hoover

b6
b7C*H. Lynn Edwards*

A recapitulation of the special arrangements we made to afford the members of the ABA and their guests special tours of the Bureau reflects that we conducted 2,002 persons affiliated with the ABA Convention through our facilities during the past week. This total represents 806 individual requests for tours, reservations for which were made by our two representatives at the Statler Hilton Hotel, and our survey indicates that 308 people from the Convention visited us without prior arrangements having been made. We utilized the services of 73 Special Agents in conducting these tours.

There is no doubt but that we gained an impressive amount of good will as a result of these special arrangements made for ABA visitors. The Special Tour Registration Desk at the Statler Hilton which we established to facilitate the scheduling of tours proved to be most successful. This desk was staffed by Tour Leaders [redacted] who were specially selected for this assignment. Both are highly qualified tour leaders who make an exceptionally fine appearance and handle themselves with poise and assurance. Many of our visitors, especially the English, remarked about their courtesy and helpfulness.

b6
b7C

The actual tour operation was thoroughly planned and [redacted]
coordinated by the staff of our Tour Unit under the supervision of SA [redacted]

[redacted] Assisting herein, insuring that our ABA guests received the best possible handling and that the Bureau was properly depicted at all times and under whatever circumstances. were the members of the tour staff including clerical employees [redacted]

Traffic control, the cordial greeting of our guests, the formation of small ABA groups and the prompt dispatch of these special tours were accomplished with professional skill and reflected most creditably on the FBI. The splendid results achieved in handling our ABA guests become more meaningful when we consider that, including ABA people, we conducted tours for a total of 10,694 guests during the week 8-29-60-2-60.

ENCLOSURE
PERS. CLASS6 CDD:mca/njs/jw
SEP(7) 1960*RECD**8/21/60*

All ABAtours were handled exclusively by Special Agents and all Bureau divisions located in the Justice Building shared in discharging our responsibilities in this program. The 73 Agents utilized did an outstanding job in conducting these tours and the countless commendatory comments we have received indicate they did a magnificent job in describing the history, jurisdiction and accomplishments of the FBI. Their skillful efforts resulted in our guests having a more personal glimpse into the actual operation of the FBI and reflected most favorably on the Director and the Bureau.

Likewise the firearms experts who put on the shooting demonstrations for these ABA guests did a remarkably fine job. Used targets and shells became sought after mementoes of their visit to the FBI for many of the youngsters of ABA members. Not one group of ABA guests left the indoor range without commenting^{b6}_{b7C} on the skill and marksmanship of our firearms men.

Inspector H. Lynn Edwards has advised that [redacted]

[redacted] Washington Host Committee, informed that this annual

ABA meeting was considered to be the best in their history and that this was due partly to FBI tours and the enthusiastic reception and participation by ABA members, their families and British guests. Much of the success of the tours was due to the splendid assistance and cooperation received from key members of the ABA headquarters staff, including the personal help of the outgoing

b6
b7C

[redacted] The intricate administrative mechanics for making these tours a part of the ABA annual meeting was made possible by

The excellent publicity given these tours was due to the interest and support of [redacted] Editor in Chief of the ABA Journal, Tappan Gregory; Mr. Gregory's assistant [redacted] Editor of the "Young Lawyer," [redacted] and his assistant [redacted]

b6
b7C

On the local scene, we had to work through the District of Columbia Host and Arrangements Committee for administrative arrangements

b6
b7C

[redacted] of the Committee, David G. Bress, and his Vice-Chairman, George I. Norris. At the local level of ABA, we received invaluable aid from [redacted] of the Washington Office of ABA, and his staff. [redacted]

[redacted] Exhibits Section, rendered outstanding specialized assistance in designing the attractive tour control card and numerous signs publicizing the tours utilized in the registration room and at the Congressional Room in the Willard Hotel. His staff performed extraordinary after-hours service in preparing a poster publicizing one of the programs of the Criminal Law Section

CONTINUED NEXT PAGE

necessitated by a last-minute change in the program.

Of course, Inspector Edwards and SA [redacted] were outstanding in handling liaison functions between the Bureau and ABA. Their resourcefulness, enthusiasm and general participation contributed immeasurably to the success of this enterprise.

RECOMMENDATIONS:

1. That a letter to the outgoing [redacted] be approved, expressing our appreciation as outlined herein; and specifically naming the individuals of the ABA headquarters staff in Chicago for the valuable parts they played. Proposed letter attached, which also acknowledges his letter of 9-1-60 and advises copy of "Masters of Deceit" being forwarded to him.

2. That a similar letter be sent to the [redacted] of the Washington Office, [redacted] referring to his staff. Proposed letter attached.

291
b6
b7C

[redacted] 3. That letters be approved to [redacted] the letter to [redacted] specifically referring to [redacted] proposed letters attached.

291

4. That the attached memorandum to the Attorney General giving a recapitulation of special ABA tours be approved and forwarded.

291

[redacted] 5. That a letter of appreciation be sent to [redacted] Exhibits Section, commending him and his staff. Proposed letter attached.

291

(RECOMMENDATIONS CONTINUED
NEXT PAGE).

6. That individual letters be sent to SA [redacted]

Clerks [redacted] and [redacted]

[redacted] for their outstanding performances in connection with the conduct and arrangements of FBI tours for the ABA. Proposed letters attached.

b6
b7C

D9/6

7. That SA [redacted] and Inspector H. Lynn Edwards be commended for their outstanding participation and arrangements in handling liaison between the FBI and ABA during this annual convention. Proposed letters attached.

D9/7

8. It is recommended that the attached letters be approved to the Assistant Directors of those Divisions who had Agents conduct tours of members of the ABA or, as in the case of the Training and Inspection Division, participated in firearms demonstrations for the ABA. Copies of these letters should be placed in the personnel files of the Special Agents involved to count as letters of commendation. There is attached a list of the 73 participating Agents broken down alphabetically by Divisions.

**THE BOARD OF DIRECTORS
 SETON HILL COLLEGE, GREENSBURG, PENNSYLVANIA
 ORDER OF THE SISTERS OF CHARITY**

The captioned individual is my wife's aunt (sister of my wife's father). On Saturday, 9/10/60, she celebrates her 50th Anniversary of entering the Convent of the Order of Sisters of Charity. Seton Hill College, Greensburg, Pennsylvania, where she has been for many years and is now Vice President of the Board of Directors, and where my daughter is matriculating this fall as a Freshman, is planning a large celebration in honor of her which will be held at the campus this Saturday. Unless advised to the contrary, I would like to drive up to Greensburg after the close of business Friday night, 9/9/60, and attend the special Mass and services in her honor Saturday, returning to Washington Sunday.

In recognition of [REDACTED] Golden Anniversary,

I have purchased a copy of Masters of Deceit and would be grateful if the Director would autograph this as follows to her: "To [REDACTED]
 [REDACTED] in recognition of her Golden Anniversary in the Sisters of Charity." After the book has been autographed, I would appreciate its being returned to me for personal delivery to her. For the Director's further information, [REDACTED] is a scholar of considerable note. She became acquainted with Chief Inspector W. C. Sullivan through arrangements made by me when Mr. Sullivan was convalescing in Arizona a number of years ago, and I am sure Mr. Sullivan can vouch for her deep interest in combatting Communism. Seton Hill College is a highly accredited college for young women and, among other things, prepares them for the teaching profession.

September 7, 1960

[Redacted]
Greensburg, Pennsylvania

My dear [Redacted]

Inspector H. L. Edwards has informed me that September 19, 1960, marks the Fiftieth Anniversary of your entry into the Convent as a Sister of Charity, much of which has been devoted to Seton Hill College where you are now Vice President of the Board of Directors. Mr. Edwards also tells me that seven of your nieces and nephews either are now or have been employed in the Federal Bureau of Investigation. This noteworthy fact, plus the truly glorious significance of fifty years in the service of God, impels me to extend heartiest congratulations on this joyous occasion.

In these times when the Godless forces of Communism are a very real and vital threat to the free world and one of their major targets today is our youth, it is indeed encouraging to learn of a dedicated individual like you who has devoted her talents to such a worthy calling. I hope this milestone will be an occasion for gratifying retrospect and at the same time a source of inspiration as you fix your sights on the challenges ahead.

Sincerely yours,

V. J. [Signature]

RE: SA H. Lynn Edwards
(Type or print plainly)

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name	Relationship	Date
<u>Mrs. Constance M. Edwards.</u>	<u>Wife</u>	<u>Sept. 27, 1960</u>

Address

1707 Longstreet Ct., Annandale, Va.

The following person is designated as my beneficiary under the Chas. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in the line of duty.

 b7C

The 67th IACP Conference adjourned 10/6/60. Separate action has already been taken to recommend commendations covering the FBI NA Associates Luncheon. This memorandum recommends commendation for those responsible for the over-all coverage of the IACP Conference, including the preconference planning. For purposes of simplicity, those recommended for commendation are being listed by division of assignment together with a summary of what part they played.

Training and Inspection Divisionb6
b7C

The Training and Inspection Division was charged with the primary responsibility for preconference strategy planning, coordination and organization of personnel for the coverage of the IACP Conference, plus maintaining a stenographic force and the supervision and coordination of the Conference coverage.

H. L. Wynn
1. Inspector Edwards assisted me in setting up the luncheon, the coverage of the various panels, and many other incidental assignments in conjunction with the conference. He carried out each assignment meticulously, paying particular attention to detail. He was particularly alert to protect the interests of the Bureau at the conference and assisted a great deal in picking up information of interest through contacts he made with police officers.

H. L. Wynn
2. [redacted] participated in every phase of preconference planning and maintained liaison with the Executive Secretary Wike's Office (IACP). He coordinated the sale of luncheon tickets; was available to assist the Director at several functions where the Director appeared. [redacted] also participated as a panelist on 2 panels and performed creditably as a Bureau representative. [redacted] wide acquaintance with persons in attendance at the conference was of immeasurable value.

b6
b7C

H. L. Wynn
3. SAC Sloan, Quantico, was one of the individuals approved to cover the entire conference and also assisted in the sale of luncheon tickets.

Memorandum to Mr. Mohr
Re: IACP

4. [REDACTED] performed in an outstanding fashion
but is being covered in a separate memorandum.

Administrative Division

✓ [REDACTED] (Property Management Section) and [REDACTED]
[REDACTED] Property Management Section) arranged for special telephone service
at the Statler. They also were of valuable assistance in the handling of supplies
and property necessary for the efficient operation of our stenographic force at
the Hotel.

Investigative Division

✓ Workshop [REDACTED] creditably participated in the Auto Theft

b6
b7C

Laboratory Division

✓ 1. Assistant Director *AU/ANN Tamm* was a member of the IACP Executive
Committee until he arranged for Mr. Malone to replace him in this capacity.
Mr. Tamm was responsible for assistance in keeping abreast of the election of
the 6th Vice President and assuring that Bureau interests were adequately served.
Mr. Tamm was one of those designated to cover the entire conference.

✓ 2. [REDACTED] assisted creditably in a stenographic
capacity at the Hotel.

Crime Records Division

✓ 1. Assistant Director *DeLoach* participated in many phases of the
preconference planning, was particularly valuable in connection with the Director's
speaking appearances, press coverage and other public relations matters; was
instrumental in securing the cigarettes distributed at the luncheon; set up the
special tours service for IACP Conference participants. He also participated in
covering the workshop on Public Relations and Uniform Crime Reporting.

Memorandum to Mr. Mohr
Re: IACP

2. Supervisor [redacted] did a commendable job in acquiring a strategically located space in the mezzanine of the Statler Hilton Hotel and setting up a special tour desk. This tour desk was staffed by [redacted] and [redacted] section. The tour desk served a dual purpose, in that it not only arranged for special tours and thereby furnished special services to the IACP members but also was utilized on a continuous basis by Bureau personnel for coordinating messages and in locating individuals whom the Director desired to see. Both [redacted] and [redacted] are far above average in appearance and personality and many fine comments were heard concerning their approach and attitude and work during this IACP Conference. The importance played by Mr. Stapleton and his staff to making this a memorable conference cannot be overemphasized. [redacted] commended [redacted] on separate memo. - G.R.

b6
b7C
b6
b7C

Washington Field Office

JAMES H.

1. SAC [redacted] Gale was designated to cover the entire conference. SAC Gale was entirely cooperative in primarily selecting and making available high caliber Agents for special assignments during the conference; furnished emergency transportation, and was of valuable aid in liaison with Metropolitan Police officers on urgent situations which arose during the course of the conference.

2. Agents [redacted] and [redacted] were assigned to the Bureau hotel suite at the Statler and furnished valuable services in handling emergency-type situations and expedite communications which necessitated travel between Statler Hotel and the Department of Justice Building. Both [redacted] and [redacted] put in an appreciable amount of overtime in fulfilling their responsibilities.

b6
b7C

3. Agent [redacted] through excellent and well-established liaison, helped obtain the Hotel space and assisted Supervisor Westfall in luncheon arrangements.

Hotel Representatives

1. [redacted] was extremely cooperative and of great aid in providing the Bureau with excellent hotel accommodations in attempting to supply our every need as quickly as he could possibly expedite the services of the Hotel.

Memorandum to Mr. Mohr
Re: IACP

b6
b7C

2. [redacted] of the Statler Hotel, extended every courtesy of the Hotel to the Bureau and was of aid to SA [redacted] in providing the top-notch service along with these extras not normally enjoyed by most groups renting Hotel suites at the Statler Hilton:

Bureau files negative on [redacted] and [redacted]

Dear Edwards:

I want to take this opportunity to express my sincere appreciation for your excellent performance in connection with the 67th Annual Conference of the International Association of Chiefs of Police.

You handled the various details of this matter with unusual skill and you were particularly alert to protect the interests of the FBI. You contributed a great deal to the splendid effectiveness of the Bureau's participation in this conference and your services reflected much credit on you. I am especially pleased to commend you for your devoted efforts.

Memorandum

TO : MR. MALONE

DATE: November 8, 1960

FROM : MR. H. L. EDWARDS

SUBJECT: PHYSICAL CONDITION
INSPECTOR H. L. EDWARDS

Parsons
 Belmont
 Callahan
 DeLoach
 Malone
 McGuire
 Rosen
 Tamm
 [redacted]
 b6
 b7C

This memorandum is for the purpose of advising the Administrative Division concerning my physical condition with particular respect to the series of tests I have been having under the supervision of Dr. Marshall Groover, Chief of the Aviation Medicine Clinic, Pentagon.

So far as known, my physical condition is completely satisfactory and at the present time the record reflects no limitations whatever.

However, as the record reflects, Dr. Groover has been conducting a series of tests on me in an effort to stabilize my basal metabolism at normal. This situation arose because of some metabolism tests which indicated a condition of hypothyroidism. This in turn was tied in with a blood cholesterol rate which Dr. Groover felt was elevated above normal.

The method of treatment used by Dr. Groover has consisted of taking two kinds of medication: (1) Cytomel tablets at the rate of two 25 microgram tablets daily. These tablets are prescribed by him and are a medically accepted substitute for thyroid medication; and (2) injection of ACTH. The purpose of the ACTH, according to Dr. Groover, is to activate the pituitary gland in an effort to get the metabolism primed to the point where it will function normally on its own. The ACTH was prescribed in varied amounts ranging from 10 to 40 units at weekly intervals followed by a gradually decreasing dosage down to zero. He discontinued the injections of ACTH approximately August 1, 1960. He has been giving me a monthly blood cholesterol test and on the occasion of the last taking of blood (11/3/60) Dr. Groover stated that my blood cholesterol for the preceding month (test taken 10/3/60) showed that the cholesterol had climbed back up to an undesirable level (278). Therefore, he feels that I will have to resume ACTH but before doing this he wants to have me undergo two basal metabolism tests. These he has scheduled for 7:30 AM Tuesday and Wednesday, November 15 and 16, 1960. After he

3/10
out

10/30

Memo for Mr. Malone
Re: Physical Condition

determines what my metabolism rate is he will then decide upon the proper amount of ACTH.

I wish to emphasize that insofar as I am concerned my physical condition in no way interferes with the performance of any and all of my duties and according to Dr. Groover should cause no limitation whatsoever on my physical activity.

I will continue to submit periodic reports on my condition as developments occur.

RECOMMENDATION:

Coxanough

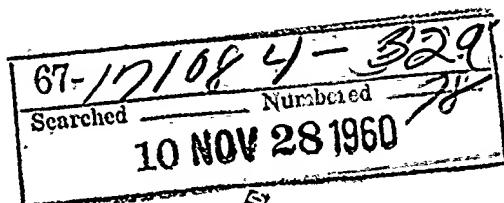

This is to advise that I have submitted my personal check for \$10.00 to join the American Judicature Society, which is one of the affiliated societies of the American Bar Association devoted to promoting the efficient administration of justice. The Society's headquarters are at the American Bar Center in Chicago. I have become quite well acquainted with the Executive Director and Assistant Director of the Society who are permanent staff members and at the recent Southwest Regional American Bar Association meeting at Houston I made the acquaintance of the Society's present President Cecil E. Burney, a prominent attorney and good friend of the FBI located at Corpus Christi, Texas.

I feel my membership in this Society will facilitate some of the liaison work with the American Bar Association. They publish a particularly good Journal which is of extremely high caliber and in time I feel sure they will be extending an invitation to the Director for submission of an article for publication therein.

FBI-HOUSTON

H. LYNN EDWARDS

INSPECTOR IN CHARGE

EOD 2/10/41

GRADE: GS-17 @ \$16, 790

Hand

ASSISTANT DIRECTOR JOHN F. MALONE: Mr. Edwards was transferred to the Training and Inspection Division on 9/11/59 as Inspector in Charge of the Inspection Section, which duties he assumed effective 9/21/59. On 1/6/60, Mr. Edwards was designated as No. I Man in charge of the Training Section of the Training and Inspection Division effective as of that date.

Mr. Edwards makes an excellent appearance. Since his assignment to the Training and Inspection Division he has contributed materially to the over-all operation of the division. He equitably shares the work load of the division. He acts in a liaison capacity with the American Bar Association and with the National Association of Attorneys General. In this capacity he has carried out his responsibilities in excellent fashion. He was commended on 12/10/59 for the fine speech he made before the student body of Hershey Junior College, Hershey, Pennsylvania, on 12/1/59. He was commended on September 8 for the superb job he did in carrying out his numerous responsibilities relative to the annual meeting of the American Bar Association. He was commended again on 10/11/60 for his excellent performance in connection with the 67th Annual Conference of the International Association of Chiefs of Police.

RATING: EXCELLENT.

2 DEC 13 1960

JSA
INSPECTOR HYDE: 12/5/60

Inspector Edwards presents an excellent appearance and has an effective personality which enables him both to discharge the duties of his position capably and to maintain above-average liaison with organizations in which the Bureau is vitally interested such as the American Bar Association and the National Association of Attorneys General. He has both the ability to analyze the work of the division and to insure that effective controls are established. He is highly intelligent and has readily grasped the working operations of the division and obviously takes great pride in striving to insure that the division's work is done in the best possible fashion.

Inspector Edwards is available and qualified for administrative advancement; however, it is felt that in view of the relatively short time that he has been assigned to this division that he should be continued in his present position.

RECOMMENDATION:

Continue in present position.

December 12, 1960

PERSONAL

Mr. H. Lynn Edwards
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Edwards:

I am indeed pleased to commend you for the outstanding attitude you exhibited in reporting for duty today despite the extremely hazardous travel conditions.

You demonstrated a most exemplary devotion to the work of the FBI in considering your services so essential that, in spite of an announcement that all Federal Government agencies would be closed, you reported for duty. I certainly appreciate your dedicated efforts and I want you to know I have instructed that a copy of this letter be placed in your personnel file.

Sincerely yours,

J. Edgar Hoover

In connection with my being scheduled for a physical examination 1/13/61, I wish to advise that I am still under the periodic checks of Colonel Marshal Groover at the Air Force Aviation Medical Clinic in the Pentagon. My last status memorandum on this was 11/8/60. Since that time I have been undergoing some basal metabolism tests and receiving a monthly injection of 20 units of ACTH. My last injection was given me on 12/21/60 by [redacted] in the absence of Doctor Groover and his [redacted]. [redacted] told me that I would resume my periodic checks with [redacted] who was at that time on leave. [redacted] has recently been handling my case under Dr. Groover's supervision so that he will be able to continue with me after Dr. Groover's retirement which is due soon.

b6
b7C

As the matter now stands, it is Dr. Groover's feeling that I will probably have the dosage of ACTH stabilized at 20 units per month. This Dr. Groover believes, will be the dosage required to stabilize my metabolism at normal and also to maintain my blood cholesterol within normal limits. As soon as this is determined he will be able to submit a final report with the recommended periodic dosage of ACTH and presumably I will then be discharged with only the necessity for someone to give me the monthly injection of ACTH.

I do wish to emphasize that there are currently no limitations whatever on my physical activities.

The following is a brief summary of Inspector Edwards' file for the Director's use. On 2-10-61 he will celebrate his 20th Anniversary with the Bureau.

A review of his file reflects he entered on duty on 2-10-41, is in GS-17, \$16,790 per annum, is 45 years of age and married with 1 child. He has been assigned to the Seat of Government since 6-2-43 when he was transferred to the Administrative Division. On 12-31-57 he was designated an Inspector, he later served as #1 Man in the Crime Records Division and on 9-21-59 he was transferred to the Training and Inspection Division as Inspector in Charge of the Inspection Section. On 12-30-59 he was designated Number One Man of the Training and Inspection Division and in this connection he was assigned as Inspector in Charge of the Training Section effective 1-6-60.

Since January, 1960, he has been COMMENDED on 3 occasions and on 1-19-61 appreciation was expressed to him for his valuable contributions to the success realized by the FBIRA, it being noted that he was a member of the Board of Directors. He was last CENSURED on 11-30-59 because letters he prepared and directed to certain other Bureau employees contained errors.

By letter dated 2-10-60 the Director congratulated him on his Nineteenth Anniversary with the FBI. Mr. Edwards acknowledged this letter on 2-11-60.

On 3-31-60 Assistant Director Malone rated him EXCELLENT and said he was Number One Man in charge of the Training Section of the Training and Inspection Division. He had the knack of thoroughly analyzing problems before him and arriving at a conclusion which was sound and to the best interests of the Bureau. He was above average and was a definite asset to the Training and Inspection Division. He conducted several inspections during the rating period and carried out a number of special assignments for the Director which he handled in a commendable manner. He was interested in, available for and qualified for administrative advancement with excellent qualifications.

During the Inspection of the Training and Inspection Division in November, 1960, [redacted] advised that Inspector Edwards had both the ability to analyze the work of the division and to insure that effective controls were established. He was highly intelligent and had

FDH:sb

(2) PERMANENT BRIEF ATTACHED

(OVER)

readily grasped the working operations of the division and obviously took great pride in striving to insure that the division's work was done in the best possible fashion. He was available and qualified for administrative advancement; however, it was felt that in view of the relatively short time that he has been assigned to that division he should be continued in his present assignment.

His daily average overtime for the last six months as compared with the division average is as follows:

	Inspector Edwards	Division Average
July, 1960	5'24"	2'54"
August, 1960	3'47"	3'00"
September, 1960	4'18"	3'20"
October, 1960	4'51"	3'24"
November, 1960	4'20"	3'07"
December, 1960	1'33"	2'52"
Six Month Average	4'02"	3'06"

This reflects that he was over the division average in 5 of the last 6 months.

b6
b7C

As of August, 1960, he was within the desirable weight limits.

His [redacted] is a former Clerk-Typist and was employed by the Bureau during the summers of 1958, 1959 and 1960. His brother-in-law [redacted] is a former Special Agent. He entered on duty as a Special Agent on 1-29-51 and resigned 2-17-58. His sister-in-law, [redacted] is a former Telephone Supervisor. She entered on duty on 6-5-44, resigned 9-8-44 reinstated 7-16-45 and resigned 9-17-54. His sister-in-law, [redacted] is a former Clerk. She entered on duty on 6-5-50 and resigned 11-7-52. Their services were considered satisfactory.

His brother, SA [redacted] entered on duty on 11-17-47 and is presently assigned to the Domestic Intelligence Division in GS-13, \$11,415 per annum. He was rated excellent on his last performance rating. His brother-in-law, SA (A) [redacted] entered on duty as a Special Agent (A) on 7-11-55 and is presently assigned to the Richmond Office in GS-12, \$8955 per annum. His services are considered excellent.

As of February, 1960, he listed the Seat of Government as his Office of Preference.

Mr. H. Lynn Edwards
417 Eleanor Avenue
Scottdale, Pennsylvania

Dear Edwards:

I am very sorry indeed to learn of the passing of Mrs. Edwards' Father, and wish in this way to extend my deepest sympathy to her, to you, and to the other members of the family. It is my earnest hope that you will find some measure of consolation in the knowledge that the thoughts of all of us here are with you in your bereavement.

If I can be of any assistance, please do not hesitate to call upon me.

Sincerely,

J. Edgar Hoover

Mr. H. Lynn Edwards
Federal Bureau of Investigation
Washington, D. C.

Dear Edwards:

Today is your Twentieth Anniversary of Bureau service, and extending my heartiest congratulations to you, I wish to express the hope that this day will be filled with many pleasant memories and recollections of the last two decades. As a further recognition of this noteworthy occasion, I am pleased to present to you the FBI Twenty-Year Service Award Key.

You have discharged a number of varied assignments during your period of service. In handling all of these responsibilities, you have been closely associated with some of the organization's most essential activities. Throughout your record of work performance there are interspersed most favorable comments concerning your enthusiasm, willingness and industry, as well as the splendid attitude of wholehearted cooperation you have always displayed. These commendable traits are a source of much encouragement to me because they typify the very factors which have constituted the solid foundation supporting the Bureau's progress over the years. 67-171084-335

I am very grateful for the invaluable assistance you have given all of us during your twenty years of service. I trust you will wear your Service Award Key with a feeling of great pride in knowing the value you have been to our organization, and further, that we will be able to rely upon your talents for many years to come.

SUBJECT

DEATH OF JOHN J. MURTHA, FATHER-IN-LAW
OF INSPECTOR H. L. EDWARDS

C.O. FBI WASH.

Word was received today from Mrs. H. L. Edwards that John J. Murtha, 417 Eleanor Avenue, Scottdale, Pennsylvania, (her father) passed away today.

Inspector Edwards was scheduled to leave today for the American Bar Association meeting in Chicago. However, he has now proceeded to Scottdale, Pennsylvania, in order to attend the funeral services and render necessary assistance.

Pursuant to your instructions, Special Agent Supervisor [redacted] proceeded to Chicago to attend the American Bar Association Convention. Edwards intends to join [redacted] in Chicago on Sunday (February 19, 1961).

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION.
UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee H. LYNN EDWARDSTitle INSPECTORRating Period: from 4/1/60 to 3/31/61**RATING GUIDE AND CHECK-LIST**

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

Rate items as follows:

- Outstanding (exceeding excellent and deserving of special commendation).
- Excellent.
- Satisfactory (good or very good).
- Unsatisfactory.
- No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.

A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

- (1) Personal appearance.
- (2) Personality and effectiveness of his personal contacts.
- (3) Attitude (including dependability, cooperativeness, loyalty, enthusiasm, amenability and willingness to equitably share work load).
- (4) Physical fitness (including health, energy, stamina).
- (5) Resourcefulness and ingenuity.
- (6) Forcefulness and aggressiveness as required.
- (7) Judgment, including common sense, ability to arrive at proper conclusions, ability to define objectives.
- (8) Initiative and the taking of appropriate action on own responsibility.
- (9) Planning ability and its application to the work.
- (10) Accuracy and attention to pertinent detail.
- (11) Industry, including energetic, consistent application to duties.
- (12) Productivity, including amount of acceptable work produced and rate of progress on or completion of assignments. Also consider adherence to deadlines unless failure to meet is attributable to causes beyond employee's control.
- (13) Knowledge of duties, instructions, rules and regulations, including readiness of comprehension and "know how" of application.
- (14) Technical or mechanical skills.
- (15) Investigative ability and results:
 - (a) Internal security cases
 - (b) Criminal or general investigative cases
 - (c) Fugitive cases
 - (d) Applicant cases
 - (e) Accounting cases
- (16) Physical surveillance ability.

- (17) Firearms ability.
- (18) Development of informants and sources of information.
- (19) Reporting ability:
 - (a) Investigative reports
 - (b) Summary reports
 - (c) Memos, letters, wires

(Consider: conciseness; clarity; organization; thoroughness; accuracy; adequacy and pertinency of leads; administrative detail.)
- (20) Performance as a witness.
- (21) Executive ability:
 - (a) Leadership
 - (b) Ability to handle personnel
 - (c) Planning
 - (d) Making decisions
 - (e) Assignment of work
 - (f) Training subordinates
 - (g) Devising procedures
 - (h) Emotional stability
 - (i) Promoting high morale
 - (j) Getting results
- (22) Ability on raids and dangerous assignments:
 - (a) As leader
 - (b) As participant
- (23) Organizational interest, such as making of suggestions for improvement.
- (24) Ability to work under pressure.
- (25) Miscellaneous. Specify and rate:
 - Dictation ability

A. Specify general nature of assignment during most of rating period (such as security, criminal, applicant squad, or as Resident Agent, supervisor, instructor, etc.): Inspector in Charge of Training Section; Number One Man of the Division; Bureau's liaison representative with ABA and NAAGB. Specify employee's most noteworthy special talents (such as investigator, desk man, research, instructor, speaker): Administrator

C. (1) Is employee available for general assignment wherever needs of service require? Yes (If answer is not "yes," explain in narrative comments.)
 (2) Is employee available for special assignment wherever needs of service require? Yes (If answer is not "yes," explain in narrative comments.)

D. 1. Has employee had an abnormal sick leave record during rating period? No 2. Has employee used more sick leave (including annual leave or LWOP for illness) during rating period than the amount of sick leave earned during such period? No (If answer to either question is "Yes," explain in narrative comments.)

E. Is employee qualified to operate a motor vehicle incidental to his official duties? Yes No
 If answer is "yes," personnel file must reflect the following: (a) Has valid State or local operator's license for type vehicle he is to use. (b) Is physically fit to drive. (c) Past safe driving record OK or has passed Bureau road test.

ADJECTIVE RATING:

EXCELLENT

Outstanding, Excellent, Satisfactory, Unsatisfactory

H. LYNN EDWARDS
INSPECTOR IN CHARGE
TRAINING SECTION
TRAINING AND INSPECTION
DIVISION

GENERAL COMMENTS

During the entire rating period, Mr. Edwards has served in the capacity of Inspector in Charge of the Training Section of the Training and Inspection Division. Mr. Edwards makes an excellent appearance and always dresses in the best of taste.

He has carried out his responsibilities as Inspector in Charge of the Training Section very effectively. He has an excellent knowledge of the various operations of the section. He has a keen, analytical mind and is quick to detect any weaknesses that may exist. He is constantly looking for ways and means of improving the various training curricula and has made numerous suggestions of constructive character in this regard.

During my absence from the office he has been in charge of the Division. Mr. Edwards executed his responsibilities in this respect quite commendably.

Mr. Edwards is an excellent speaker and lecturer as attested to by the fact that his file is replete with numerous letters commenting on his ability in this respect.

Mr. Edwards is also responsible for maintaining liaison with the American Bar Association and the National Association of Attorneys General. He has been doing an outstanding job in this capacity.

Mr. Edwards more than equitably shares the work load of the office as is evidenced by the fact that his voluntary overtime is consistently and substantially above the office average.

On September 8, 1960, Mr. Edwards was commended by the Director for the superb job he did in carrying out his responsibilities relative to the annual meeting of the American Bar Association held in Washington, D. C.,

Employee's Initials JLN

On October 11, 1960, he was again commended by the Director for his excellent performance in connection with the 67th Annual Conference of the International Association of Chiefs of Police also held in Washington, D. C. On December 12, 1960, he was commended by the Director for the outstanding attitude he exhibited in reporting for duty despite extremely hazardous travel conditions. On January 19, 1961, he received a letter of thanks from the Director for his valuable contributions to the FBIRA as a member of the Board of Directors.

Mr. Edwards celebrated his 20th Anniversary with the Bureau on February 10, 1961, and on this occasion the Director, among other things, commented that Mr. Edwards has discharged a number of varied assignments during his period of service. In handling all of these responsibilities he has been closely associated with some of the organization's most essential activities. The Director further stated that his record of work performance was interspersed with most favorable comments concerning his enthusiasm, willingness and industry as well as the splendid attitude of wholehearted cooperation he has always displayed.

Mr. H. Lynn Edwards
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Edwards:

There was absolutely no justification for the slipshod manner in which the arrangements for the recent FBI National Academy graduation exercises were handled. Certain biographical information relating to the official who presented the diplomas was not prepared and no letter thanking that official for his participation was submitted until inquiry was made regarding the omission. As Inspector in Charge of the Training Section of the Training and Inspection Division it was your duty to insure that all necessary action was taken in this matter and you certainly failed to fulfill this responsibility.

REC-44

SUBJECT: EXPLANATION RE FAILURE TO PREPARE BIOGRAPHICAL CARD ON DEPUTY ATTORNEY GENERAL WHITE AND LATE SUBMISSION OF POST GRADUATION THANK YOU LETTER TO DEPUTY ATTORNEY GENERAL WHITE

b6
b7C

The Director asked for an explanation concerning failure to prepare for his graduation folder a 5 x 8 biographical card on Deputy Attorney General Byron R. White who is giving out diplomas. Mr. Tolson also asked for an explanation regarding the late submission of a proposed letter to Deputy Attorney General White dated June 7, 1961, thanking him for his participation in the graduation exercises.

[REDACTED] H. L. [REDACTED]
[REDACTED] who supervises the preparation of the Director's folder advises that failure to prepare the biographical card on Deputy Attorney General White was inadvertent for which he can advance no justifiable excuse.

[REDACTED] maintains a check list and administrative tickler in connection with the preparation of this folder but it is apparent now that these devices are not sufficiently detailed to serve as an item by item double check. For example, the check list is too general on the subject of biographical cards and [REDACTED] felt that all biographical cards had been included in the folder. Inspector Edwards, who supervises the Training Section, and I similarly were at fault for not making an item by item check, but relying on the assurance that the folder was complete. To correct this, I have instructed [REDACTED] to prepare a detailed, complete, item by item check list for the future: in addition, when the folder comes through for review and approval from [REDACTED] I have instructed that hereafter the check list be attached to the folder so that all reviewing and approving personnel will have the opportunity to verify the completeness of the folder.

Memorandum to Mr. Mohr

Re: Explanation re Failure to Prepare Biographical Card on
Deputy Attorney General White and Late Submission of
Post Graduation Thank You Letter to Deputy Attorney General White

be prepared but it now becomes apparent this is too general. I have instructed him to hereafter maintain a detailed item by item check list for letters in connection with the graduation and to furnish Inspector Edwards and me with copies of this check list so that we can follow this matter in the future.

I am at a loss to add anything further to the above explanation. I realize it doesn't help matters concerning the present slip-ups to indicate what is a fact, that this is the first of forty consecutive sessions that Mr. [redacted] has handled these matters that there has ever been an item omitted from the Director's folder or a slip-up in preparing a thank you letter amply in advance. The fact that it occurred this time highlights the need for a more specific check list. Instructions have already been issued for the preparation of such a check list in the future. I assure you that failure of this sort will not happen again.

b6
b7C

RECOMMENDATION:

That Inspectors [redacted] H. L. Edwards and myself be censured for these deficiencies.

Attached is the report of the Annual Physical Examination which I had performed 4/6/61, by the Aviation Medical Clinic of the Air Force. This was to serve in lieu of my regular annual Navy Physical in view of the fact that I have been for some time receiving consultations and monthly injections of ACTH from the Air Force because of low metabolism. As I have previously reported, the doctors over there feel they have stabilized my condition by monthly injections of 20 units of ACTH.

It will be noted that I am certified for full physical exertion and have no limitations whatever on my physical condition.

RECOMMENDATION:

That this physical report (which I have initialed) be referred to the Physical Examination Unit of the Administrative Division.

COMM-FBI ROOM

Mr. E. Lynn Edwards
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Edwards:

A number of the new Special Agents presently undergoing training have exhibited serious defects in their personal appearance and personality and it is obvious that appropriate action was not taken during the course of their training with respect to these shortcomings. As Inspector in charge of their training, it was your responsibility to make certain that such action was taken and you failed to do this.

In view of this, you are being placed in a probationary status. It will be incumbent upon you to meet your official responsibilities fully and adequately in the future and to make certain that existing weaknesses in the training of new Special Agents are promptly eliminated.

RE: SA H. Lynn Edwards
(Type or print plainly)

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name	Relationship	Date
<u>Mrs. Constance M Edwards</u>	<u>wife</u>	<u>8-1-61</u>
Address		
<u>2707 Longstreet Ct., Annandale, Va.</u>		

The following person is designated as my beneficiary under the Chas. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in the line of duty.

Name	Relationship	Date
<u>Same as above</u>		
Address		

Very truly yours,

H. Lynn Edwards 3-Recd

Brigadier General David Sarnoff (Res. Ret.)
Director
National Broadcasting Company, Inc.
RCA Building, Radio City
New York 20, New York

Dear General Sarnoff:

I happened to catch Jack Paar's program earlier this week when Henry Morgan made some cheap, uncalled-for references to that eminent American, Mr. J. Edgar Hoover. Certainly no one needs defend Mr. Hoover against Henry Morgan -- but in my humble opinion, someone needs to sound an alarm to awaken you to the undermining and erosive effect such performers have on the reputation of NEC.

Of added concern is the announcement on Paar's show last night of plans to have columnist John Crosby appear on the show within a week. Surely your sense of propriety, ethics, and fair play haven't degenerated to this level, after his recent unwarranted defamation of J. Edgar Hoover? I hope a word to someone as responsible as you will suffice.

Sincerely yours,

Mr. H. Lynn Edwards

Honorable John Hay Whitney
Editor and Chief
New York Herald Tribune
230 West 41st Street
New York 36, New York

Dear Mr. Whitney:

As an American who still embraces a faith in such concepts as ethics and fair play, I am indignant over the unprovoked and sniping column of John Crosby. It was obviously a cheaply designed strategem to spark his oblivious name by the most recreant brand of tabloid tactics.

What concerns me even more is the fact that Mr. Hoover's reply to Crosby's smear has not been given the same syndicated publication. Whether by inadvertence or design, your failure to do this to date has not gone unnoticed -- and will not be forgotten.

Very truly yours,

Mr. H. Lynn Edwards
2307 Longstreet Court
Annandale, Virginia

 General Investigative Division.
 Veteran; GS-14, \$12, 210; EOD 5-
 17-48
 (#2 Counselor for the New Agents'
 Class which convened 6-12-61)

H. L. Edwards
 On 8-29-61 and 8-30-61 I conducted individual interviews of each member of New Agents' Class #6 which entered on duty 6-12-61 to evaluate their appearance. Of the 48 class members interviewed, I am submitting separate memoranda setting out criticisms I had of 7 members of the class regarding their appearance or personality with appropriate recommendations for administrative action.

REGAR
 The class was divided into two groups with Counselors [redacted] and [redacted] Sullivan each responsible for a specific group of agents constituting approximately half the class.

67-4662

b6
b7C

Briefly, of those agents for whom [redacted] was responsible, I criticized [redacted] because he needed a haircut. [redacted] stated he simply must have failed to recognize this and have it corrected. I pointed out that SA [redacted] is short (5'6") and does not have refined features. [redacted] agreed that [redacted] features are not particularly refined but stated that he had felt that [redacted] personality and apparent ability to handle the work compensated to some extent for his possible lack of refinement in appearance. I had criticized SA [redacted] since he had [redacted] a very heavy head of hair which was worn rather long, bushy eyebrows, and an extremely heavy, dark beard. He looked like he needed a shave. [redacted] stated that he had pointed out in a report two weeks after the class entered on duty that [redacted] had a tendency to "5 o'clock shadow" but had not felt his hairstyle was unattractive. I told [redacted] that having recognized the problem of [redacted] beard, he should have followed to be sure that he was properly groomed and made the appearance of being clean-shaven. I criticized SA [redacted] on the basis that his features are homely and he was wearing a plaid suit at the time of the interview. [redacted] stated that he agreed that [redacted] was somewhat homely and felt that he had raised the issue in his six weeks' report when he stated that while [redacted] would not be considered handsome, he had a good appearance. I told [redacted] he should have been more specific in his characterization since to say that [redacted] was not handsome was an understatement, in

Letters to Messrs Mohr,
 Malone, Edwards + Moore

THREE/HB

Memorandum to Mr. Mohr from W. S. Tavel
Re: SA [redacted] SA William A. Sullivan

my opinion, and that he should have raised the issue of his facial features specifically since I noted that he had rather light eyes, full lips, and noticeably prominent ears. I also told [redacted] he should have made certain that [redacted] was more conservatively dressed. I criticized SA [redacted] since [redacted] has an extremely heavy, dark beard and at the time I interviewed him definitely needed a shave. [redacted] also has a rather negative personality, says little, and it was necessary to draw him out during the interview. [redacted] stated that he had pointed out in the six weeks' progress report that [redacted] needed more drive, he had told [redacted] so, and felt [redacted] had made progress along this line. He stated [redacted] had done well in practical case interviews.

b6
b7C

b6
b7C

Of those agents for whom SA Sullivan was responsible, I criticized SA Robert V. Monroe since he has very prominent ears, pulls in his chin in a peculiar fashion, has deepset eyes, and a rather stiff and formal manner of speaking. Sullivan agreed that Monroe is a homely man and stated that in his two weeks' report he had pointed out that Monroe may not be described as handsome. He stated that in working with Monroe daily he had found him at ease and had not observed any formality and on an over-all basis his personality compensated for his appearance to the extent that he would be able to do a creditable job as an agent. I criticized SA [redacted] since he is of rather slight build and the fact that he has a rather thin face, wears glasses, has upper dentures, a rather quiet, retiring manner, and gives the over-all impression that he is not as aggressive and strong as he should be. Sullivan stated that he agreed that [redacted] was of slight build and pointed out that he had stated that [redacted] did not appear aggressive and forceful enough in an early written evaluation of him. He stated [redacted] was the only one in his group about whom he had any doubts and that his aggressiveness seemed to improve as training school progressed, he was excellent on paper work, and participated in good fashion in the practical case interviews.

b6
b7C

Both Sullivan and [redacted] were fully aware of their responsibility to evaluate the appearance and personality of the new agents under their supervision and stated that this had been pointed out to them by officials of the Training and Inspection Division. I told both of them that appearance was of paramount importance in evaluating new agents and that it was not enough for the man to be able to perform the work satisfactorily but that his appearance should also make him a creditable Bureau representative and that in those cases where some physical features were not correctable, that they should have specifically raised the question of suitability at an early date for the Bureau to resolve.

b6

Memorandum to Mr. Mohr from W. S. Tavel
Re: SA [redacted]
SA William A. Sullivan

b6
b7C

[redacted] had also interviewed Special Agents [redacted] and [redacted]. With regard to [redacted] stated that he made a healthy, tanned appearance and is personable, but failed to mention the fact that his features are not particularly refined. He also concurred with SA [redacted] analysis of [redacted] and [redacted] stating that [redacted] had a lean look and while during the early part of the interview he seemed disinclined to initiate any subject matter himself, he was responsive to questions. [redacted] had suggested to him he could develop a bit more initiative and "carry the conversation" on his own to a greater extent. I feel that [redacted] should have been more accurate in his evaluation of these agents and more aggressive in seeing that the issue of their suitability was properly raised.

It is noted that SA William A. Sullivan was approved by memorandum of 8-10-61 to be temporarily assigned to the Permanent Aide Staff, Training and Inspection Division, on completion of his assignment as New Agents' Counselor on 9-8-61.

b6
b7C

RECOMMENDATIONS:

(1) That SA's Sullivan and [redacted] be censured for their failure to properly evaluate these agents from appearance and personality standpoints.

b6
b6 b7C
b7C

J.S. ✓
Mr John Mohr should also be strongly censured for his failure to properly supervise this program.
I recommend that Sullivan and [redacted] be transferred to the field.

(2) That SA Sullivan not be assigned to the Permanent Inspector's Aide Squad upon completion of the New Agents' Class.

b6
b7C

res. J

John F. T.S. ✓ H. L.
For Malone and Edwards, I also censure [redacted]
I recommend censure [redacted] probation. K.Y.P.

UNITED STATES GOVERNMENT

Memorandum

TO : MR. MOHR

DATE: October 31, 1961

FROM : MR. J. F. MALONE

SUBJECT: MIDWESTERN CONFERENCE OF NATIONAL ASSOCIATION
OF ATTORNEYS GENERAL, MADISON, WISCONSIN, 10/29-31/61

At 8:55 AM, 10/31/61, Mr. H. L. Edwards called from Madison, Wisconsin. As you know, he is attending the Midwestern Conference of National Association of Attorneys General.

There are approximately 90 Attorneys General in attendance, representing 12 states. Among those present is Mark McElroy, Attorney General from the State of Ohio, who has recently made derogatory statements concerning the Bureau. Mr. Edwards stated that McElroy has not mentioned the FBI in any way. Mr. Edwards is avoiding McElroy but keeping close enough so that he will be aware of any comments he may make concerning the FBI.

b6
b7C

Mr. Edwards stated that [redacted] of the Department was scheduled to speak on the program Monday concerning cooperation between the Department and the Attorneys General. However, he had to cancel the talk because of a commitment between the Attorney General and himself in Washington. There was a Department representative from Chicago present by the name of [redacted] who was on the Anti-Trust and Consumer Fraud Committee. He is the attorney for the midwest office of the Anti-Trust Division of the Department.

On Monday there was a lively discussion on a civil rights panel covering the role of state governments in enforcing civil rights. It dealt largely with school integration problems, but caused no controversial questions to arise.

Mr. Edwards stated that he plans to return to Washington this evening by United Airlines Flight 206, due to arrive at 8:38 PM.

RECOMMENDATION:

On 9-5-61 he was CENSURED and PLACED ON PROBATION because a number of the new Special Agents undergoing training exhibited serious defects in their personal appearance and personality and it was obvious that appropriate action was not taken during the course of their training with respect to those shortcomings. As Inspector in charge of their training, it was his responsibility to make certain that such action was taken. (In connection with this incident Assistant Director Malone was placed on probation also.)

By letter dated 10-25-61 he was thanked for his generous support of the FBI in connection with the baseless attacks against the FBI and the Director's administration of it.

On 12-6-61 Assistant Director Malone rated him EXCELLENT and advised that during the period from 9-6-61 to 12-6-61 Mr. Edwards carried out his duties as Inspector in Charge of the Training Section in a completely satisfactory manner. He personally interviewed each member of each new agents' class and his analyses and evaluation of the new agents' were meticulous and accurate. He had been spending a great deal of time with the new agents to insure that they were being properly indoctrinated and molded into the type of agents desired by the Director. In addition to those duties regarding new agents, he had been doing an outstanding job in his capacity as liaison representative with the American Bar Association and the National Association of Attorneys General. He gave close attention to other programs coming under his immediate supervision and made many excellent contributions to the over-all training program of the division. In a separate communication Mr. Malone advised that he took the administrative action in excellent spirit and his outstanding attitude towards the Bureau was not affected in the slightest. It was recommended he be removed from probation.

ON PROBATION

Attached hereto is a 90-day performance rating on Mr. Edwards. He was placed on probation on 9/5/61 because of his failure to properly supervise the New Agents' Training Program.

During the rating period, Mr. Edwards' performance has been excellent. He is a tireless worker and has taken appropriate remedial steps to insure that the delinquency for which he was placed on probation will not recur. He took the administrative action in excellent spirit and his outstanding attitude towards the Bureau was not affected in the slightest.

RECOMMENDATION:

That Mr. Edwards be removed from probation.

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY-ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION.
UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee H. LYNN EDWARDSTitle INSPECTORRating Period: from 9/6/61 to 12/6/61**RATING GUIDE AND CHECK-LIST**

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

Rate items as follows:

 Outstanding (exceeding excellent and deserving of special commendation). Excellent. Satisfactory (good or very good). Unsatisfactory. No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.

A. Any element rated "Unsatisfactory" must be supported by narrative comments.

B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

- (1) Personal appearance.
- (2) Personality and effectiveness of his personal contacts.
- (3) Attitude (including dependability, cooperativeness, loyalty, enthusiasm, amenability and willingness to equitably share work load).
- (4) Physical fitness (including health, energy, stamina).
- (5) Resourcefulness and ingenuity.
- (6) Forcefulness and aggressiveness as required.
- (7) Judgment, including common sense, ability to arrive at proper conclusions, ability to define objectives.
- (8) Initiative and the taking of appropriate action on own responsibility.
- (9) Planning ability and its application to the work.
- (10) Accuracy and attention to pertinent detail.
- (11) Industry, including energetic, consistent application to duties.
- (12) Productivity, including amount of acceptable work produced and rate of progress on or completion of assignments. Also consider adherence to deadlines unless failure to meet is attributable to causes beyond employee's control.
- (13) Knowledge of duties, instructions, rules and regulations, including readiness of comprehension and "know how" of application.
- (14) Technical or mechanical skills.
- (15) Investigative ability and results:
 - (a) Internal security cases,
 - (b) Criminal or general investigative cases
 - (c) Fugitive cases
 - (d) Applicant cases
 - (e) Accounting cases
- (16) Physical surveillance ability.

- (17) Firearms ability.
- (18) Development of informants and sources of information.
- (19) Reporting ability:
 - (a) Investigative reports
 - (b) Summary reports
 - (c) Memos, letters, wires
 - (Consider: conciseness; clarity; organization; thoroughness; accuracy; adequacy and pertinency of leads; administrative detail.)
- (20) Performance as a witness.
- (21) Executive ability:
 - (a) Leadership
 - (b) Ability to handle personnel
 - (c) Planning
 - (d) Making decisions
 - (e) Assignment of work
 - (f) Training subordinates
 - (g) Devising procedures
 - (h) Emotional stability
 - (i) Promoting high morale
 - (j) Getting results
- (22) Ability on raids and dangerous assignments:
 - (a) As leader
 - (b) As participant
- (23) Organizational interest, such as making of suggestions for improvement.
- (24) Ability to work under pressure.
- (25) Miscellaneous. Specify and rate:
 - Dictation ability

A. Specify general nature of assignment during most of rating period (such as security, criminal, applicant squad, or as Resident Agent, supervisor, instructor, etc.); Inspector in Charge of Training Section; Number One Man of the Division; Bureau's liaison representative with ABA & NAAGB. Specify employee's most noteworthy special talents (such as investigator, desk man, research, instructor, speaker); Administrator

C. (1) Is employee available for general assignment wherever needs of service require? Yes (If answer is not "yes," explain in narrative comments.)
 (2) Is employee available for special assignment wherever needs of service require? Yes (If answer is not "yes," explain in narrative comments.)

D. 1. Has employee had an abnormal sick leave record during rating period? No 2. Has employee used more sick leave (including annual leave or LWOP for illness) during rating period than the amount of sick leave earned during such period? No (If answer to either question is "Yes," explain in narrative comments.)

E. Is employee qualified to operate a motor vehicle incidental to his official duties? Yes No
 If answer is "yes," personnel file must reflect the following: (a) Has valid State or local operator's license for type vehicle he is to use. (b) Is physically fit to drive. (c) Past safe driving record OK or has passed Bureau road test.

ADJECTIVE RATING:

GENERAL COMMENTS

This special performance report is to cover the 90-day period from 9/6 to 12/6/61.

During the rating period, Mr. Edwards has carried out his duties as Inspector in Charge of the Training Section in a completely satisfactory manner.

He personally interviewed each member of each new agents' class during the training period. His analyses and evaluation of the new agents have been meticulous and accurate. He has been spending a great deal of time with the new agents to insure that they are being properly indoctrinated and molded into the type of agents desired by the Director.

In addition to these duties regarding new agents, Mr. Edwards has been doing an outstanding job in his capacity as liaison representative with the American Bar Association and the National Association of Attorneys General.

He has given close attention to other programs coming under his immediate supervision and has made many excellent contributions to the overall training program of the Division.

On October 25, 1961, Mr. Edwards was commended by the Director for his generous support of the FBI in connection with baseless attacks made against us.

The Administrative Division has requested a memorandum concerning a correspondence error charged against me as dictator and against [redacted] who took and transcribed the dictation. The error was in a letter dated February 2, 1962, addressed to [redacted] of Cedar Rapids, Iowa. The error consisted of the fact that the text of the letter referred to a phone call from [redacted] "yesterday afternoon" whereas in fact, the call was made on the afternoon of 1/31/62. This occurred because I dictated the cover memorandum on 2/1/62, the day after I had spoken with [redacted] at a reception the previous evening. I did not realize when dictating the accompanying letter that the letter would be dated 2/2/62 instead of the same day of the cover memorandum which was 2/1/62. I failed to detect this variance in reviewing and initialing the outgoing letter.

b6
b7CRECOMMENDATION:

Under the existing rules, that I be censured. Memorandum should be referred to Administrative Division per its request.

"Dear Mr. Edwards:

You were careless in failing to detect an error which was subsequently noted in an official communication prepared by you under date of February 2, 1962. Bureau correspondence must at all times be completely accurate and it is apparent that you failed to devote sufficient attention to the preparation of this material.

Accordingly, you should make every effort in the future to avoid a similar mistake so that there will be no cause to again direct criticism of this nature to you.

Very truly yours,

HNB:lmb *lms*

Dear Mr. Hoover:

It was very kind and characteristically thoughtful of you to take cognizance of my Twenty-first Bureau Anniversary which I celebrated Saturday, February 10, 1962. You are personally beset by so many of the Bureau's heavy burdens that my paramount goal as I face the future is to strive to detract from rather than add to your problems.

As always, I stand ready to undertake any additional task where you feel I might help.

Sincerely,

Lynn Edwards

Memorandum

TO : Mr. Malone

DATE: 3/26/62

FROM : H. L. Edwards

SUBJECT: [REDACTED]

b6
b7C**FORMER SPECIAL AGENT**

This afternoon (3/26/62) I received the attached letter from [REDACTED] an attorney in the firm of Scott and Scott, 925 15th Street, N. W., Washington 5, D. C. He apparently is representing former SA [REDACTED]. He refers to an interview I had with [REDACTED] on 10/3/61 when [REDACTED] asked to see me in furtherance of his efforts to be reinstated in the Bureau. [REDACTED] asks me to confirm what [REDACTED] told him, namely "that while he [REDACTED] was in your (i. e. Edwards') Office," I told him "in the presence of others, that the Federal Bureau of Investigation was very sorry that it had hired a person of his background in the first place." [REDACTED] also wants to know what I meant by this statement if I made it and he suggests that I view this as a personal rather than official matter between [REDACTED] and me, his obvious motive here being to try to lay the groundwork for a possible suit for slander.

This letter is one of the very same type that [REDACTED] sent to Mr. Malone under date of 3/22/62 and which was made the subject of a memorandum 3/24/62. The Director approved that Scott's letter to Mr. Malone not be answered.

It will be recalled that the memorandum of 3/24/62 pertaining to the letter Malone received, summarized Bureau references on [REDACTED] which report him as having been close to alleged communist persons and groups and also as having made a slanderous attack on the Director's character.

[REDACTED] file contains both a summary and detailed memorandum of my interview with [REDACTED] which was on 10/3/61 when [REDACTED] requested to see me in connection with his efforts to seek reinstatement. This memorandum reflects everything we discussed and I did not, of course, make the statement to [REDACTED] which he alleges. [REDACTED] furnished nothing new in his interview to warrant any change in the Bureau's prior decision against reinstating him. [REDACTED] made a number of allegations which I instructed him to put in writing, and I even furnished him supervised space to do this, but after a short time he said he didn't want to make any charges and that the whole thing was a misunderstanding.

Federal Bureau of Investigation
Justice Department
Washington 25, D.C.

b6
b7C

Dear Mr. Edwards:

On October 3, 1961 at approximately 11:00 A.M., you talked to [redacted] in your office. Others were present. [redacted] had gone to the Headquarters of the FBI in an attempt to see the Director about re-employment by the Bureau.

[redacted] tells me that while he was in your office you told him, in the presence of others, that the Federal Bureau of Investigation was very sorry that it had hired a person of his background in the first place.

I ask that you tell me whether or not you did make the statement attributed to you by [redacted]. If you did make the statement, I want you to tell me what you meant by it. I suggest, incidentally, that I view this as a personal and not an official matter between you and [redacted]

UNITED STATES GOVERNMENT

Memorandum

TO : MR. J. C. SULLIVAN *Wells*

DATE: 2-14-62

FROM : D. J. BRENNAN *DJB*SUBJECT: INTER-AMERICAN POLICE ACADEMY
REQUEST FOR BUREAU ASSISTANCE

H. Lynn Edwards
 Reference is made to my memorandum 1-31-62 concerning information from [redacted] Public Safety Division Agency for International Development (AID), that [redacted] would be sending a letter to the Bureau requesting the Bureau's assistance in setting up a curriculum for the Inter-American Police Academy which is to be established in the Canal Zone this year.

b6
b7C

The attached letter from [redacted] has now been received outlining the purposes of the Inter-American Police Academy which will be a basic police school designed to train middle-level police officers from the Latin American countries in the normal scope of law enforcement subjects with the curriculum adapted to the requirements of the Latin American countries. [redacted] confirms information previously received that [redacted] who has been serving as [redacted]

[redacted] for the AID program in Brazil, has been selected as Director of the Academy and is reporting to Washington as soon as possible after 2-15-62 to work out the preliminary plans for the school. [redacted] was employed by the Bureau in 1942 to give a series of police lectures and during the trip of the South America Assessment Team (SAAT), it was noted that he is very friendly toward the Bureau. He was for many years Director of the Public Safety Institute at Purdue University).

[redacted] requests the Bureau's favorable consideration for permitting one of our experienced instructors at the National Academy to sit in with [redacted] and his group to develop a realistic program and make such professional suggestions as deemed valid and desirable based on the Bureau's long and extensive experience in the police training field. This would presumably require not more than 10 working days of the Bureau's representative's time.

[redacted] letter recognizes the tremendous impact the Bureau has had on improving the law enforcement services in the U.S. through the National Academy and states that his Agency believes that in embarking upon this new venture in police training they and, in fact, the U.S. Government would be indeed derelict if the Bureau's help and guidance in the preparation of the Academy's curriculum were not

Memorandum Brennan to Sullivan
Re: INTER-AMERICAN POLICE ACADEMY
REQUEST FOR BUREAU ASSISTANCE

requested. [redacted] states that, of course, there would be no public attribution of the Bureau's assistance in this matter since his Agency would regard it strictly as an informal cooperative service-in the interest of the Government's over-all internal security program in Latin America. In view of the President's interest in the Inter-American Police Academy and the need to complete preliminary plans, [redacted] indicated he would appreciate an early response.

It appears that the Bureau could make a definite contribution in Government's efforts to improve Latin American police standards and capabilities by acceding to [redacted] request. At the same time, the Bureau would not be assuming any responsibility for the success or failure of the Academy since, as [redacted] points out, no public attribution would be made of the Bureau's assistance. The Bureau's extensive experience in police training through the National Academy would undoubtedly serve a useful purpose in setting up an effective curriculum for the Inter-American Academy. It is believed that it would be to the over-all advantage of the Government to have a Bureau representative sit in with [redacted] and his group as suggested by [redacted]

b6

b7C

b6

b7C

This is a draft. I am not responsible for all
RECOMMENDATIONS: 1. It is recommended that the Bureau accede to [redacted] request and extend the requested advice and guidance in preparing for the Inter-American Academy.

Mr.
2. It is recommended that Inspector Edwards be designated as the Bureau's representative to handle this matter. It is suggested that [redacted] who is thoroughly experienced in National Academy works, assist him. Training and Inspection concurs.

Only Edwards. I have not yet seen any recommendations from Mr. Patterson
3. If the above recommendations are approved, it is suggested that the attached letter be sent to [redacted]

H. LYNN EDWARDS

EOD 2/10/41

J. M. Mohr
INSPECTOR IN CHARGE

GRADE: GS-17 @ \$17, 050

ASSISTANT DIRECTOR JOHN F. MALONE:

Mr. Edwards was transferred to the Training and Inspection Division on 9/11/59 as Inspector in Charge of the Inspection Section, which duties he assumed effective 9/21/59. On 1/6/60 he was designated as Number One Man in charge of the Training Section of the Training and Inspection Division.

Mr. Edwards makes an excellent appearance. He is sincere, conscientious and meticulous in carrying out his duties. He has done an outstanding job in liaison field with American Bar Association and National Association of Attorneys General.

Mr. Edwards was commended since last inspection as follows:

December 12, 1960, for outstanding attitude exhibited in reporting for duty despite extremely hazardous conditions.

On January 19, 1961, for valuable contributions to the success realized by the FBIRA.

On October 25, 1961, for his generous support of the FBI in connection with a baseless attack against the Bureau.

He was censured on 6/13/61 for the slipshod manner in which the arrangements for the June, 1961, FBI National Academy graduation exercises were handled.

From September 5, 1961, to December 15, 1961, Mr. Edwards was in a probationary status because of his failure to take proper steps in regard to the shortcomings of New Agent personnel.

Although Mr. Edwards is doing an excellent over-all job in his present assignment, he is being rated satisfactory because he was on probation during part of period since last inspection.

RATING: SATISFACTORY

67-NOT RECORDED-A

ASSISTANT DIRECTOR TAVEL: Mr. Edwards makes an excellent appearance, has a friendly personality, and is doing excellent contact work with such organizations as the American Bar Association. He is an intelligent, firm administrator, well respected by the employees; however, he shares responsibility with Assistant Director Malone for administrative and personnel weaknesses found. Recommended for censure in my inspection report.

RE: SA H. Lynn Edwards
(Type or print plainly)

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

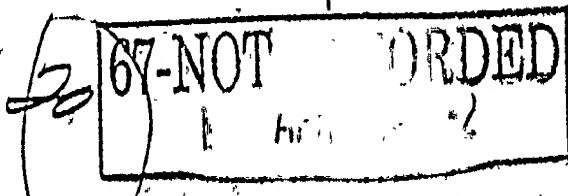

Name <u>Constance M. Edwards</u>	Relationship <u>wife</u>	Date <u>3-19-62</u>
Address <u>2707 Long Street Ct., Annandale, Va.</u>		

The following person is designated as my beneficiary under the Chas. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in the line of duty, other than travel accidents.

Name <u>Same as above</u>	Relationship	Date
Address		

Very truly yours,

H. Lynn Edwards Jr.

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION.
UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee H. LYNN EDWARDS Title INSPECTOR
 Rating Period: from 4/1/61 to 3/31/62

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

Rate items as follows:
 Outstanding (exceeding excellent and deserving of special commendation).
 Excellent.
 Satisfactory (good or very good).
 Unsatisfactory.
 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.

A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

- (1) Personal appearance.
- (2) Personality and effectiveness of his personal contacts.
- (3) Attitude (including dependability, cooperativeness, loyalty, enthusiasm, amenability and willingness to equitably share work load).
- (4) Physical fitness (including health, energy, stamina).
- (5) Resourcefulness and ingenuity.
- (6) Forcefulness and aggressiveness as required.
- (7) Judgment, including common sense, ability to arrive at proper conclusions, ability to define objectives.
- (8) Initiative and the taking of appropriate action on own responsibility.
- (9) Planning ability and its application to the work.
- (10) Accuracy and attention to pertinent detail.
- (11) Industry, including energetic, consistent application to duties.
- (12) Productivity, including amount of acceptable work produced and rate of progress on or completion of assignments. Also consider adherence to deadlines unless failure to meet is attributable to causes beyond employee's control.
- (13) Knowledge of duties, instructions, rules and regulations, including readiness of comprehension and "know how" of application.
- (14) Technical or mechanical skills.
- (15) Investigative ability and results:
 - (a) Internal security cases
 - (b) Criminal or general investigative cases
 - (c) Fugitive cases
 - (d) Applicant cases
 - (e) Accounting cases
- (16) Physical surveillance ability.

- (17) Firearms ability.
- (18) Development of informants and sources of information.
- (19) Reporting ability:
 - (a) Investigative reports
 - (b) Summary reports
 - (c) Memos, letters, wires
 - (Consider: conciseness; clarity; organization; thoroughness; accuracy; adequacy and pertinency of leads; administrative detail.)
- (20) Performance as a witness.
- (21) Executive ability:
 - (a) Leadership
 - (b) Ability to handle personnel
 - (c) Planning
 - (d) Making decisions
 - (e) Assignment of work
 - (f) Training subordinates
 - (g) Devising procedures
 - (h) Emotional stability
 - (i) Promoting high morale
 - (j) Getting results
- (22) Ability on raids and dangerous assignments:
 - (a) As leader
 - (b) As participant
- (23) Organizational interest, such as making of suggestions for improvement.
- (24) Ability to work under pressure.
- (25) Miscellaneous. Specify and rate:
 - Dictation ability

A. Specify general nature of assignment during most of rating period (such as security, criminal, applicant squad, or as Resident Agent, supervisor, instructor, etc.): Inspector in Charge of Training Section; Number One Man of the Division; Bureau's liaison representative with ABA, NAAG, and NDAA.

B. Specify employee's most noteworthy special talents (such as investigator, desk man, research, instructor, speaker): Administrator

C. (1) Is employee available for general assignment wherever needs of service require? Yes (If answer is not "yes," explain in narrative comments.)
 (2) Is employee available for special assignment wherever needs of service require? Yes (If answer is not "yes," explain in narrative comments.)

D. 1. Has employee had an abnormal sick leave record during rating period? No 2. Has employee used more sick leave (including annual leave or LWOP for illness) during rating period than the amount of sick leave earned during such period? No (If answer to either question is "Yes," explain in narrative comments.)

E. Is employee qualified to operate a motor vehicle incidental to his official duties? Yes No
 If answer is "yes," personnel file must reflect the following: (a) Has valid State or local operator's license for type vehicle he is to use. (b) Is physically fit to drive. (c) Past safe driving record OK or has passed Bureau road test.

ADJECTIVE RATING: SATISFACTORY EMPLOYEE'S INITIALS JLH
 Outstanding, Excellent, Satisfactory, Unsatisfactory

H. LYNN EDWARDS
INSPECTOR IN CHARGE
TRAINING SECTION
TRAINING AND INSPECTION DIVISION
ANNUAL PERFORMANCE RATING

GENERAL COMMENTS

During entire rating period Mr. Edwards has served in the capacity of Inspector in Charge of the Training Section of the Training and Inspection Division.

Mr. Edwards makes an excellent appearance. He is always extremely well groomed.

Mr. Edwards is very conscientious in handling the responsibilities of his assignment. He has a keen, analytical mind, accompanied by a deep sense of perception which enables him to anticipate and foresee the needs of the Training Section. Mr. Edwards is responsible for liaison with the American Bar Association and the National Association of Attorneys General. This year he has taken on the added responsibility of liaison with the National Association of Prosecuting Attorneys. He represents the Bureau well in this capacity. Mr. Edwards is constantly alert to ways and means of improving the police training program of the FBI as is exemplified by the fact that while attending a conference of the National Association of Attorneys General he detected the need among police officers throughout the country for training in the field of searches and seizures. As a result Mr. Edwards caused to be initiated an extensive training program covering searches and seizures for local police. The program is being very well received throughout the field and has resulted in considerable favorable publicity for the Bureau.

Mr. Edwards initiated the idea for an article by the Director, and following his approval negotiated for the same in the American Bar Association Journal. This article was well timed at the most opportune period

Initials Jhw

and the article was given the major spot in the Journal. It resulted in favorable nationwide publicity to the Director and the Bureau. Through Mr. Edwards' work with anti-Communist committees, the Bureau has gained a great deal of prestige and has been able to insure a proper balance on this very delicate program. It was through this type of work that the idea was generated and stimulated for a textbook on Communism which the Director approved and which is now being prepared. Mr. Edwards has handled many delicate matters at the meetings of these various associations such as the time when there was much agitation for an organized crime commission. Through ideas being planted by Mr. Edwards with these organizations, it was possible to have created counteracting resolutions.

Mr. Edwards was commended on October 25, 1961, for his generous support of the Bureau in connection with a baseless attack against the FBI.

SPECIFIC COMMENTS

1. Justification for Any Minus Ratings Given

Not applicable

2. Experience and Ability as Inspector's Aide

During rating period, Mr. Edwards has not conducted any full inspections

3. Participation in Informant Programs

Not applicable

4. Testifying Experience and Ability

Not applicable

5. Disciplinary Action

Mr. Edwards was censured on 6/13/61 for the slipshod manner in which the arrangements for the June, 1961, FBI National Academy graduation exercises were handled. Specifically, as

Initials JW

Inspector in Charge of the Training Section of the Training and Inspection Division, it was Mr. Edwards' duty to see that certain biographical information relating to the official who presented the diplomas was properly prepared and that a letter thanking that official for his participation was submitted. This was not done until an inquiry was made regarding the omission.

From September 5, 1961, to December 15, 1961, Mr. Edwards was in a probationary status because of his failure to take proper steps in regard to the shortcomings of New Agent personnel.

By letter dated February 8, 1962, Mr. Edwards was censured for carelessness in failing to detect an error in Bureau correspondence prepared by him.

On March 14, 1962, Mr. Edwards, as Number One Man, was censured for his share of the responsibility in several weaknesses found in the operation of this Division during an inspection, particularly in administrative procedures dealing with the delivery of mail and failure to promptly submit a memorandum for the Bureau's attention concerning a New Agent who was found to be overweight.

These letters of censure were taken into account in arriving at the rating afforded Mr. Edwards. Mr. Edwards showed an excellent attitude towards the administrative action taken against him and has taken immediate corrective action in regard to the weaknesses called to his attention.

INSPECTION OF TRAINING AND INSPECTION DIVISION
DERELICTIONS RE OVERWEIGHT AGENT AND MAIL DELIVERY

At Mr. Tolson's request, I am submitting this memorandum to fix responsibility for two derelictions which I found during my inspection of the Training and Inspection Division.

I. OVERWEIGHT AGENT - The first of those had to do with a New Agent, [redacted] who entered on duty 1-15-62 and was found 20 pounds overweight when weighed in during his second week of training. Facts in this matter were originally set out in my memorandum of 3-6-62 and were briefly as follows. [redacted] was interviewed as an applicant 2-21-61 in New York City by ASAC E. HUGO Winterrowd and SA [redacted]. Interview sheet reflected [redacted] overweight at that time but reinterviewed by SAC Foster 9-22-61 and had reduced to desirable weight limits at time of U. S. Army physical 10-11-61. [redacted] claimed he had gained weight between physical and receipt of appointment dated 11-27-61. After EOD 1-15-62 he was weighed by Training and Inspection Division 1-26-62, weight 197, too desirable 177 1/2. Progress report 2-2-62 by [redacted] showed weight 189 1/2 and Inspector H. L. Edwards instructed counselor to follow weight to insure [redacted] reached standards as soon as possible. [redacted] was also interviewed by SA [redacted] supervisor in charge of New Agents' training, who submitted memorandum dated 2-7-62. Mr. Edwards prepared memorandum 2-16-62 showing weigh [redacted] an [redacted] under care of doctor. All these memoranda were initialed by Mr. Malone for progress book, which contains reports on New Agents and is kept in Training and Inspection Division. No memorandum sent through for Bureau's attention pointing out [redacted] overweight condition until 2-26-62 memorandum which reflected that [redacted] had reduced and was then within desirable limits at 175 3/4 pounds.

b6
b7C
b7D

b6
b7C

Mr. Malone stated he considered any memoranda in the progress book as an official record since Administrative Division checks this book for information in briefing New Agents' files and contents of book are summarized at conclusion of training and made part of Agent's personnel file. He stated if [redacted] had shown

WST:nab

(3)

Inc

Memorandum W. S. Tayel to Mohr
Re: Inspection of Training and Inspection Division
Derelictions Re Overweight Agent and Mail Delivery

poor attitude or had put on weight after entrance on duty a memorandum for Bureau's attention with recommendations would have been submitted. I instructed and Mr. Malone agreed that in future such memorandum would be prepared in any case of any New Agent found overweight.

In fixing responsibility, I feel that interviewing officials apparently impressed Bureau weight requirements sufficiently on [redacted] so that he reduced to desirable weight prior to October, 1961, physical. Appointment 11-27-61 was based on current physical showing weight within desirable limits and New Agents' [redacted] and SA [redacted] promptly prepared memoranda setting out

overweight condition after discovered on 1-26-62. Mr. Edwards states he has no acceptable explanation for failure of Division to insure that official memorandum was sent out of the Division as soon as this problem was discovered, and that inasmuch as he is responsible for training matters, he cannot escape the blame for what appears to have been an error in judgment. He points out there was not any lack of prompt, vigorous handling of [redacted] overweight situation, including instructions to counselor to follow his weight and personal interview with [redacted] insuring he was under doctor's care and was maintaining diet. He states there was absolutely no intention on his part to try to hide this matter and feels that the whole point is that a mistake was made in deciding that this was not matter which was properly for the progress book.

Since Mr. Malone initiated these memoranda for the progress book, he certainly had the final responsibility for fact that a memorandum was not promptly submitted for the Bureau's attention. Mr. Edwards shares this responsibility since he was aware of the situation and did not insure that a memorandum was sent through. I do not feel that either [redacted] or SA [redacted] are at fault since memoranda were prepared by them promptly and submitted to their superior, Mr. Edwards.

II. MAIL DELIVERIES - During inspection it was learned that oral instructions had been issued by Training and Inspection Division that no mail other than items on Director's Special List or other very urgent mail should be delivered. [redacted] Facts were fully set out in my memorandum of March 7, 1962. [redacted]

[redacted] to Inspector H. L. Edwards recalls having issued these instructions but cannot recall specifically when they were issued or on whose authority. She states that she definitely would not have issued such instructions on her own initiative and although at first she felt they had been in effect from nine months to a year, on reinterview she feels that they may have been placed in effect prior to January, 1960, or sooner when Mr. Quinn Tamm was in charge of that Division. Both Mr. Malone and Inspector Edwards state that they did not issue the instructions. It therefore seems impossible to definitely determine who issued the original instructions or

Memorandum W. S. Tavel to Mohr
Re: Inspection of Training and Inspection Division
Derelictions Re Overweight Agent and Mail Delivery

exactly when, except that they had been in effect for a substantial period. I instructed that hereafter all types of mail be accepted in the Training and Inspection Division until the front office closes. Actually, there was no known instance of any delay there in handling mail caused by these instructions since Director's specials and other special items were being delivered to Mr. Malone after 5:30 p.m., as well as some mail from Mr. Mohr's office.

Mr. Edwards states that he believes the statement of [redacted] that she would not have issued such instructions on her own responsibility, but that regardless of their inability to fix responsibility for the initiation of the instructions, the fact remains that since he became Number One Man of the Division in January, 1960, the mail room has been under his supervision. He points out the fact that until the fall of 1961 they were unable to get authorization for a mail clerk to work after 4:30 p.m. and have been plagued with turnover and manpower shortage problems in the mail room. He stated that they had been getting mail quite frequently and with seeming regularity until 6:15 or 6:30 p.m., including deliveries from Mohr's office, and he knew of no delay in handling mail as a result of the instruction in question. The instruction has now been changed and all mail is delivered to the Division as long as anyone is in the front office. He has no excuse to offer for the continuation of this instruction, although he feels that until the time of or a few weeks prior to my inspection it would have been difficult to have required the comparatively new and inexperienced late duty mail clerk to assume any more responsibility than he had.

Although [redacted] admits having issued the instructions and now cannot recall on whose authority she did so, she denies that it was on her own initiative and Mr. Edwards and Mr. Malone both indicate they believe her. She is and has been in a secretarial position and thus it would have been logical for her to transmit instructions issued by her superior. Since we cannot determine exactly when the instructions were issued, it cannot be definitely stated who she was working for at the time. She has been Mr. Edwards's secretary since January, 1960, and prior to that was Mr. Malone's secretary when he was in charge of inspections. There is nothing to indicate that [redacted] is not telling the truth when she states that she issued the instructions by authority of a superior and it appears that the man responsible for this instruction continuing in existence until my inspection is Mr. Edwards. Mr. Malone, of course, has over-all responsibility as head of the Division.

(See RECOMMENDATION next page)

Memorandum W. S. Tavel to Mohr

RE: Inspection of Training and Inspection Division
Derelictions Re Overweight Agent and Mail Delivery

RECOMMENDATION:

There is attached hereto my inspection report in which I recommend:

- (1) That Mr. Malone be continued on probation (he was placed on probation 9-5-61 for failure to insure that all Agents being sent to field from training school measured up to standards of personal appearance and personality);
- (2) That Mr. Edwards be censured since he shares responsibility for the weaknesses found in administrative and personnel matters during the inspection;
- (3) That a recheck inspection be conducted in 90 days.

b7c

FINDINGS OF INSPECTION

SYNOPSIS:

PHYSICAL CONDITION AND MAINTENANCE.....**VERY GOOD**

All space in Justice and Old Post Office Buildings well maintained, neat, and orderly. Facilities at FBI Academy and firearms ranges at Quantico, as well as Sowego and Midland Radio Stations, found in very good to excellent condition. Additional space obtained during past year and rearrangement of space in Justice Building provided better space utilization. Academy renovated and in excellent condition; new heating and air-conditioning system installed. Removal of obsolete air-conditioning equipment and completion of new warehouse at range provides adequate storage. New "running man" target installed at range. Automotive equipment in good operating condition; no safety delinquencies noted. Operating costs per vehicle lower than Bureau average. Average repair cost per mile same as Bureau average. Security measures throughout Division adequate. Minor house-keeping deficiencies such as exposed wires behind teletype unit, vine growing into ventilator, and unnecessary Tel-Kee cabinet were corrected during inspection or ordered repaired by Inspector. Maintenance generally very good.

Memorandum to Mr. Mohr
RE: Training and Inspection Division Inspection

DIVISION OPERATIONS

INSPECTION OPERATIONS VERY GOOD

Inspection system using Permanent Inspector's Aides exclusively has resulted in substantial saving to Bureau; administered in efficient manner. Reports of inspections reflect statistical comparisons favor present expanded permanent aide system over prior system of using field aides. Inspections are as thorough and as penetrative as before and done with more dispatch. Division estimates annual savings under present system as exceeding \$273,000. On basis of agent work days saved alone, spot check indicated very substantial saving to Bureau. Credit due Division for leading role in promoting exclusive use of permanent aides. Frequency and scheduling of inspections satisfactory, with due regard for efficiency and economy, except for Springfield inspection where Director noted lack of co-ordination between Training and Inspection and Administrative Divisions in scheduling SAC for conferences at SOG while office under inspection. All domestic and foreign offices inspected during past calendar year except Chicago and San Francisco. Those offices deferred due to shortage of inspection personnel but inspections began 2/12/62 (Chicago) and 2/14/62 (San Francisco). Since last inspection (12/60), 84 inspections and 35 surveys, spot checks, etc., conducted. Volume of such work during Fiscal Year 1961 compares favorably with two previous years. Six (6) inspections conducted personally by Assistant Director and 12 by Inspector in Charge. Division has system of appraising staff performances through unannounced spot checks by officials during inspections; 5 made since last inspection. Division told to have Number One Man assist in this program. Inspection Section forward-looking, alert for new ideas; has completely overhauled old inspection methods; uses preprinted forms and work papers to good advantage in expediting inspections. Assignments of Inspector's Aides being properly rotated to round out each man's experience.

TRAINING OPERATIONS..... GOOD

Training class schedules checked and lectures monitored with satisfactory results. Increase (125 to 158) in stenographers trained Fiscal Year 1961. Inspector ordered survey of field stenographic training needs. Number of agents in In-Service training programs has increased during past year. Increase also noted in training documents prepared. Physical training program satisfactory. Increases of 270 in police schools and 18 in law enforcement conferences for 1961 over 1960. Obsolete section of field police manual ordered deleted. Ticklers now maintained to guard against recurrence of 6/61 failure to give Director background on official presenting National Academy (NA) diplomas.

Memorandum to Mr. Mohr
RE: Training and Inspection Division Inspection

Since field failure to advise of creation of Southern Association of Intelligence Agents in 11/61, Division has taken measures to insure appropriate liaison with NA graduates. Inspector's suggestion adopted requiring field to advise Bureau of 30-day contacts with NA graduates. Instructions also issued that certain items in working guide for New Agents' Counselors be made more specific and list of policy questions and answers be added. Safety on ranges being emphasized since two minor, accidental gunshot wounds occurred last year. Assistant Director now personally interviews all new agents immediately on arrival to detect possible weaknesses.

ADMINISTRATIVE OPERATIONS..... FAIR

Supervisory structure adequate except supervisor in charge of new agents' training spending 50% of time on other matters such as police training and lectures. Inspector instructed he spend as much time as possible on New Agents' Classes consistent with other duties. Reminders to field on forms surveys discontinued since field administrative ticklers required by manual and filing of negative replies eliminated. In 1961, 789 suggestions submitted, 222 adopted for total savings of \$28,000; 808 submitted, 239 adopted, and savings of \$20,700 in 1960. No backlog detected in flow of work and signature mail handled within deadlines. Stenographic production above Bureau average; typists' production below. Minor errors in time and attendance records such as signing out on sick leave in wrong column and one instance of failure to post sick leave corrected. Failure to list a radio receiver only delinquency regarding inventory; corrected. Weekly delinquency report revised to list any completed NA applicant investigations not summarized within 5 days of receipt. Handling of defense plans and Executive Order 10501 (authority to classify and declassify documents) satisfactory. Pending work checked; all personnel fully occupied on productive work. Telephone security checked and satisfactory. Twelve (12) articles submitted for FBI Law Enforcement Bulletin and suggestion made to increase submissions based on training documents. Division has been accepting only urgent mail after 5:15 P.M.; instructed to accept all mail up to time front office closes (separate memo submitted). Division audited 255 lecturers from all divisions since last inspection. Constructive suggestions made to 17 lecturers and upon reaudit they showed improvement.

Memorandum to Mr. Mohr
RE: Training and Inspection Division Inspection

PERSONNEL MATTERS..... FAIR

One inspector needed to fill authorized quota. Personnel otherwise adequate but not excessive. All agents available on check; none overweight or on limited duty. Voluntary overtime above Seat of Government (SOG) average during past 6 months, equitably distributed. Employees' compensation and position classification matters, nondiscrimination policy, Promotional Availability List, exit interviews, and rest periods all checked and found satisfactory. Division found one new agent in current class 20 pounds overweight on second week weigh-in; matter was recorded in Division progress book and weight followed; now within desirable limits. Inspector instructed Bureau be promptly advised by memorandum for personnel file in future cases of this kind. In 1961 new agents donated 114 pints of blood, permanent staff 6, Division quota 16. Inspector instructed no pressure be exerted on new agents to donate blood. Division funds audited and in balance but 2 disbursements made from Division flower fund for wedding gifts and bylaws permitted maternity gifts contrary to Bureau regulations. Collection of \$2.00 each from new agents for this fund considered improper due to brief time in training and Inspector ordered these practices discontinued and bylaws amended (separate memo submitted). Conferences adequate and indoctrination and training of Division employees satisfactory except for previously mentioned strengthening of instructions to new agents' counselors. Morale excellent, but only one recreational event during past year considered inadequate and additional emphasis on this program ordered. Division employees received 32 censures or more severe disciplinary action since 1/1/61. During first 5 months of Fiscal Year 1962, 16 commendations and 3 incentive awards received compared to 33 commendations and 6 awards during similar period of previous fiscal year. Inspector instructed instances of commendatory performance be appropriately recognized. Duration of assignment of Inspector's Aides averaging 6 to 8 months not considered excessive.

CONTACTS..... EXCELLENT

Wide variety of excellent contacts maintained with members of Congress, law enforcement groups, American Bar Association, accounting associations, training and educational groups and individuals in these fields. Speaking engagements totaled 43 in 1961 as compared to 33 in 1960. Assistant Director, Number One Man, and Number Two Man delivered 8 speeches from 8/1/61 through 1/31/62 as compared to 3 delivered during similar period in previous year. SAC, Quantico, maintains excellent contacts with Marine officers, through whom he has obtained free services and equipment for Bureau. Inspector met several such contacts, who obviously hold SAC and Bureau in high regard.

Memorandum to Mr. Mohr
RE: Training and Inspection Division Inspection

EVALUATION OF OFFICIALS AND RECOMMENDATIONS:

(1) Assistant Director John F. Malone: EOD 5/4/42 as SA, GS-17, \$17,570, on probation since 9/5/61 for failure to insure that all agents being sent to field from training school measured up to standards of personal appearance and personality. Malone makes excellent, impressive appearance, has sincere personality, is conscientious, hard working, and excellent contact man. He enjoys respect of subordinates. He has over-all responsibility for certain weaknesses in administrative and personnel matters such as cutting off any but urgent mail after 5:15 p.m., failure to promptly submit memorandum on overweight agent, and collecting \$2.00 from New Agents for division flower fund.

RECOMMENDATION: That he be continued on probation and continued as Assistant Director. If approved, appropriate letter attached.

✓

(2) Inspector H. Lynn Edwards: Number One Man of Division. EOD 2-10-41, GS-17, \$17,050, not on probation. Edwards makes excellent appearance, has friendly personality, is doing excellent contact work with such organizations as American Bar Association. He is intelligent and firm in dealing with employees. However, he shares responsibility with Mr. Malone for administrative and personnel weaknesses found, and for this he should be censured.

RECOMMENDATION: Censure and continue as Number One Man. If approved, appropriate letter attached.

✓

Memorandum to Mr. Mohr
RE: Training and Inspection Division Inspection

(3) Inspector in Charge of Inspection: [redacted] Number Two Man of Division (under transfer to Little Rock as SAC), EOD 10/7/40 as SA, GS-16, \$15,775, not on probation. [redacted] makes excellent appearance, has quick, decisive manner, is alert, energetic, enthusiastic, and continually seeks to improve procedures. Has administered inspections in firm manner with considerable savings. Should make excellent field executive.

b6
b7C

✓

(4) SAC Henry L. Sloan, Quantico: EOD 4/15/35, GS-16, \$16,295, not on probation. Sloan presents excellent appearance and has exceptional contact ability. He is enthusiastic, takes great pride in maintaining Academy as show place, is firm with trainees, and has improved paperwork phases of administration. He affords close personal supervision, and maintains high morale among employees. RECOMMENDATION: Continue as SAC at Quantico.

✓

(5) That a recheck inspection of the Training and Inspection Division be conducted in 90 days.

5/3/13

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

DETAILS:

PHYSICAL CONDITION AND MAINTENANCE.....VERY GOOD

All space occupied in the Justice Building and Old Post Office Building is adequate but not excessive, and is being maintained in very good condition. Few minor housekeeping deficiencies noted were either corrected during the inspection or ordered repaired by Inspector. Since the last inspection (11/21/60 - 12/5/60), Division has acquired three additional rooms contiguous to main offices in Justice Building and has rearranged space, resulting in better utilization of space. Space on 8th floor of the Justice Building, which included the locker and shower rooms used only by the FBIRA baseball team, was released to the Department of Justice at the request of the Attorney General. Thorough check of desks, cabinets, bookcases, and other furniture indicated very good maintenance. Security check satisfactory. Space (4 offices and 4 classrooms) occupied in the Old Post Office Building was found to be maintained in good physical condition considering the age of the building. A new warehouse (40' X 100') now in use for storage of training equipment and Buplans supplies. No other change in amount of space at FBI Academy at Quantico. Partitions have been erected in Classroom #1 converting it into 5 offices and the old counselors' room has been converted into a classroom, thus providing contiguous office space for administrative operations. Also since the last inspection, a new heating and air-conditioning system has been installed. General condition of building, which has recently undergone extensive renovation, is excellent. Close attention is being given to all maintenance matters. Minor housekeeping repairs needed corrected during inspection. Inspector ordered removal of unnecessary second Tel-Kee cabinet formerly maintained in Quantico Chief Clerk's Office and containing duplicates of keys maintained in another Tel-Kee cabinet in same office; also ordered replacement of unapproved photograph. Exposed wires behind teletype units covered to eliminate potential hazard. At suggestion of Inspector, consideration will be given to utilizing rollers instead of paintbrushes in painting facilities at Quantico for economy and safety reasons. Removal of obsolete air-conditioning equipment in attic allows more storage space. Firearms vault and gunsmith's shop maintained in excellent condition, as are ranges. New running-man target installed. Portion of old air-conditioning equipment removed from Academy Building was modified and installed in classroom at the Firearms Range. Off-street parking constructed at entrance to Academy Building. Rear parking lot was lowered one foot and adequate storm sewers were installed to eliminate water damage to expensive equipment in the basement of the Academy. Academy space adequate but not

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

excessive. The 18 vehicles (12 cars or station wagons, 4 trucks, 2 buses) assigned at Quantico were found to be in good operating condition. Spot check of vehicles revealed no delinquencies of a safety nature. Minor mechanical irregularities corrected or noted for repair as soon as possible. Average cost of repairs per mile (.014) and average cost of repairs per vehicle (\$164.43) lower than during last inspection. Average cost of repairs per mile equal to Bureau average. Cost per mile to operate Quantico cars (.054) substantially lower than average operating cost (.065) for all Bureau cars and is lower than operating costs found during previous inspection. Microwave and FM transmitting and receiving equipment situated on top of large hill behind the Academy Building is being maintained in excellent condition. All radio equipment is housed in a cinder blockhouse located at the base of the microwave antenna. Security is adequately provided by Marine Corps Security Patrol and a warning system wired to an alarm in Chief Clerk's Office at the Academy. Vines growing into ventilator cut back during inspection. All technical and radio equipment maintained at the Academy is in good operating condition and is being properly maintained. Security measures at Sowego and Midland adequate. Division will follow suggestions of Inspector that security at Midland be improved by installing device across access road to signal approach of persons or vehicles, and that Supervisor at Midland receive training from Laboratory in maintenance of recording equipment. Physical condition of equipment and facilities at both radio stations was excellent.

DIVISION OPERATIONS

Inspection Operations..... VERY GOOD

New system of using expanded staff of Permanent Inspector's Aides exclusively to conduct inspections is being administered in a thorough manner; is definitely of advantage to Bureau; and is resulting in substantial saving. Thorough inspections are being handled efficiently, in less time, with less manpower and at less cost than under field aide system. Inspection Staff authorized personnel adequate but not excessive. Staff is not at full (8 men) strength; one man short. Permanent Inspector's Aide Staff is at full strength (24 men). Effective and adequate administrative policy folders and follow-up tickler systems being maintained on current basis. Since last inspection (12-5-60) Section has conducted 64 inspections (including 3 rechecks) and 10 surveys, spot checks, etc., in domestic field offices; 10 inspections

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

(including one recheck) of foreign offices; and 10 inspections (including one recheck) and 25 surveys, etc., in Seat of Government (SOG) Divisions. All domestic, foreign, and SOG Divisions (except Training and Inspection Division, last inspected 12/60) were inspected in past calendar year, except Chicago and San Francisco, which were deferred because of shortage of inspection personnel. Inspection began at Chicago 2/12/62; at San Francisco 2/14/62. Number of inspections, rechecks, surveys, etc., during Fiscal Year 1961 compared quite favorably with volume of such work handled in two previous fiscal years. Frequency of inspections is considered satisfactory. They are being scheduled with due regard for efficiency, economy, and availability of manpower. Director inquired on 3/1/62 why SAC, Springfield, was scheduled for conferences at SOG while office under inspection and commented on lack of coordination in this matter between Training and Inspection and Administrative Divisions. Training and Inspection Division is endeavoring to follow recommendation resulting from previous inspection of 12/5/60 to have one of its three top officials make a once-yearly, unannounced spot check of each inspector during an actual inspection. Total of five such checks were made since last inspection. While not achieved completely as originally envisioned, because of travel which would be involved and other duties and assignments of Division officials, the objective of affording an opportunity to appraise performances of inspectors was to a considerable extent realized by observing them during SOG and Washington Field Office inspections (12), as well as during inspections headed personally by Mr. Malone or [redacted]. Six such inspections by Mr. Malone and 12 inspections by [redacted] were conducted since the last inspection of the Division. Division has been reminded that Number One Man should assist in program of spot-checking. Program of conducting inspections by using only SOG personnel (instituted 3/8/61 and implemented fully 7/14/61 when sufficient personnel were assigned to Inspection Staff) is indicated to be working very well with a more professional job being done. Inspections now are conducted faster and at considerable saving to Bureau over former system of using inspection personnel from nearby field offices. By projecting approximate basic costs in inspections of four offices last year, Division estimates new system will result in yearly saving to Bureau of over \$273,000. Spot check indicates saving very substantial, based on agent work days alone. Credit is due to Training and Inspection Division for leading role in bringing system of expanded Permanent Inspector's Aide Staff into existence and administering it in a thorough manner. Inspection Section is alert for new ideas and techniques and is displaying a forward-looking attitude. It is mindful of need to prevent inspections from becoming perfunctory and stereotyped. It has overhauled completely the old method of conducting inspections. As an example, inspectors now carry with them various forms preprinted at SOG and adapted for use in inspections. Use of such forms tends to expedite inspections and make for

b6
b7C

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

uniformity in phases of inspections which are same in most offices. Believed particularly beneficial are preprinted work papers, originated by Inspector in Charge and now being used experimentally. Division has agreed to extend experimentation to preprinting of white administrative memoranda. Inspection Section is also following an adequate training program for the Inspection Staff which includes rotation on the job to afford each man well-rounded experience. Program of training SOG supervisors as aides for SOG inspections is being resumed. Review of a representative number of inspection reports of offices of various sizes, both foreign and domestic, reflected statistical comparisons favor permanent aide inspection system and inspections are as thorough and penetrative as before though now conducted with more dispatch. Some minor form discrepancies, such as misfiling of work papers and failure to tab sections of them, rectified during inspection. Inspection Section adopted suggestion that preprinted dividers be used for major breakdowns of administrative memoranda and work papers. Also, Inspection Staff was again reminded to be alert to detect and flag undesirable trends for future attention. Steps being taken to amend Inspector's Manuals in several respects recommended during this inspection, including change of caption "Investigative Operations" to "Division Operations" for SOG inspections.

Training Operations..... GOOD

Scheduling of training classes satisfactory. 158 employees qualified through regular stenographic training in Fiscal 1961 as compared with 125 in Fiscal 1960. Shorthand and typing classes conducted in well-organized manner. Division initiated program in June, 1961, to supply stenographic training material to SAC's wishing to institute training programs for field stenographers and typists. Such training material requested by 35 offices. Inspector instructed that survey be conducted of larger offices to determine what stenographic training programs are in effect and whether need exists for intensification of such training. Lecture and training classes monitored, including New Agents, In-Service, typing and shorthand classes. Instructors well prepared; material timely, suitable, and well presented. 18 regular In-Service classes (535 agents) and 10 Specialized In-Service classes (356 agents) held from 7/61 to 1/31/62 as compared with 34 regular In-Service (1004 agents) and 8 Specialized In-Service (307 agents) during Fiscal Year 1961. Since inspection in December, 1960, 8 training documents have been prepared and one in process of printing. During previous similar period 6 documents were prepared. Physical training program active, well attended, and functioning in

Memorandum W.S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W.S. Tavel
February 12 through March 1, 1962

satisfactory manner. Police schools total 3250 during 1961, an increase of 270 over 1960, and specialized law enforcement conferences increased 18 during same period. Bureau particularly active in command level and police administrative schools during past year. Preparation of textbook on police administration considered during last inspection has received no further attention due to pressure of other work. Field police school manual was found to contain obsolete section and Inspector instructed it be deleted. In June, 1961, National Academy Desk failed to furnish Director biographical information on official presenting diplomas at graduation. Appropriate ticklers now being maintained to prevent recurrence. In November, 1961, failure of SAC's to maintain appropriate liaison with National Academy graduates was noted when field failed to advise Bureau of creation of Southern Association of Intelligence Agents. Corrective action has been taken to insure appropriate liaison. Inspector suggested manual change requiring SAC's to advise of 30-day contact with National Academy graduates and this is being done. Representative number of closed and pending National Academy applicant investigations reviewed and no errors of form or substance noted. Manuals, tickler systems, and forms used by National Academy Desk current and well suited for purposes used. Indices and Directory of National Academy Graduates current and in proper order.

New Agents' training extended from 13 to 14 weeks to include additional physical training and additional instruction on report writing and practical investigative problems. Present curriculum appears satisfactory. New agents weighed during second and eighth week of training. Inspector instructed that working guide for New Agents' Counselors be strengthened by making instructions pertaining to items such as residence checks and weekend leave requests more specific, and adding a list of policy questions and answers for counselors' guidance.

During past year, two new agent trainees received minor, accidental self-inflicted gunshot wounds during firearms training at Quantico. Firearms staff is devoting particular emphasis to safety on range and trainees are warned that violation of safety rules could result in severe administrative action.

Assistant Director now personally interviews and screens all new agents immediately upon their arrival to detect possible weaknesses in appearance or personality.

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W.S. Tavel
February 12 through March 1, 1962

ADMINISTRATIVE OPERATIONS..... FAIR

Supervisory structure, responsibility of supervisors, and available, trained alternates adequate except that supervisor in charge of new agents' training spends 50% of time on other matters, such as police training, American Bar Association matters, lecturing, etc. Inspector instructed supervisor in charge of new agents' training to spend as much time as possible on this work consistent with his other duties. No major policy or procedural changes during past year except for expansion of Inspector's Aide Squad, mentioned previously. Manuals, Suggestions, Forms Management, and Legal Research Desks satisfactorily administered. Inspector instructed that reminders to field on forms surveys be discontinued since field administrative tickler required by manual. Instructions also issued to discontinue filing replies containing strictly negative information. Survey July through December, 1961, reflects that present method of handling suggestions in field without screening by committee has not inhibited submission of suggestions. Suggestions submitted at rate of 78 per month during period July, 1961, to February, 1962, as compared with 56 per month during similar period previous year. During 1961, 789 suggestions submitted, 222 adopted for total savings of \$28,000 as contrasted with 808 submitted, 239 adopted, and savings of \$20,700 in 1960. Inspector suggested that in future quarterly SAC Letters setting forth statistics on suggestion program also include figures from prior periods for comparative purposes, as well as estimated savings broken down by each office and SOG Division. No backlog in flow of work through Division. Four-day check of outgoing signature mail indicated all (45 pieces) handled within deadline. One error in this mail detected by Reading Room. Inspector instructed that continued attention be given to prompt handling and error-free preparation of mail. Stenographic production 3.07 pages per hour compared with 2.86 SOG average. Typists averaged 2.4 compared with 2.69 SOG average. Minor errors in time and attendance records noted such as failure to show reason for illness on sick leave form, failure to post sick leave on one occasion, and signing out on sick leave in wrong column of attendance sheet. Instructions issued to avoid recurrence. Inventory of non-expendable items and personal property of agents and clerical employees spot-checked and no irregularities noted except one Motorola receiver at Sowego transmitting site was not included on inventory records. This was immediately corrected. Odd-hour shifts are all authorized and appear justified. Tickler systems in Division were checked and 2 minor administrative ticklers eliminated. Inspector suggested Division include on monthly projects

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

pending report editing of training documents so as to provide closer supervisory control. Division also agreed to include in weekly delinquency report number of completed National Academy applicant investigations not summarized within 5 days of receipt. Reproduction of material and defense plans being handled in accordance with Bureau's requirements. Division has responsibility for administration of Executive Order 10501 (authority to classify or declassify documents). Operations current and satisfactory. Pending work reports obtained from each employee on duty in Division for 3-day period except for firearms instructors, and personnel arriving from or departing on inspection assignments. Conclusion reached that all personnel fully occupied on productive work but Assistant Director was instructed to afford close supervision of all personnel to insure all are fully occupied on worthwhile work for the Bureau. Inquiries from outside sources being properly handled. Telephone security check made on basis of 4 pretext calls. No improper information obtained. Human interest items furnished to Crime Records Division deal primarily with FBI National Academy graduation and Inspector instructed that Division be alert for interesting or novel items contributed by experienced agents at In-Service or police officers during National Academy classes. Division contributed 12 articles during 1961 to FBI Law Enforcement Bulletin dealing primarily with National Academy graduation exercises and firearms. Inspector suggested that articles be prepared on selected existing and new training documents to add variety to subject matter. Division has been accepting only urgent mail after 5:15 and Inspector instructed that all mail be delivered until front office closes to eliminate possible delay in handling (separate memo submitted). Mail clerk spending 30 minutes weekly writing 96 names of officials and supervisors on In-Service class roster. Inspector instructed that mailing list be printed on reverse of roster, making routing possible by underlining names, with consequent savings in time. Program of monitoring and auditing lecturers from all Divisions at SOG is carried out by weekly spot checks and review of 255 slips representing audits conducted since last inspection reflects most lecturers have been audited at least once and some several times. Constructive suggestions were made by Training Division monitor in 17 instances. Lecturer was thereafter reaudited and showed improvement.

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

PERSONNEL MATTERS..... FAIR

Present personnel adequate (except for one additional inspector needed to bring complement to authorized quota of 8) but not excessive. Agent physicals current. All agents found available on availability check and none are now overweight or on limited duty. No agent was rated less than very good in dictation ability. Interviews reflected that employees are familiar with employee compensation matters and Inspector stressed the importance of safety since Bureau now required to bear cost of work-related injuries. Provisions of Executive Order 10525 concerning nondiscrimination in Government employment discussed at semiannual conference November, 1961, and program appears to be receiving proper attention. During first 5 months of Fiscal Year 1962, 16 commendations and 3 incentive awards were received by Division employees as contrasted with 33 commendations and 6 incentive awards during similar period of previous year. Inspector instructed that Division insure that every instance of commendatory performance is being appropriately recognized. Spot checks reflect no delinquencies regarding certification to operate Government motor vehicles. Five position descriptions were checked, no discrepancies in duties being performed were noted, and position classification matters appear to be receiving proper attention. Promotional Availability List being satisfactorily handled and subject was discussed at semiannual clerical conference November, 1961. Exit interviews being properly handled by agent supervisors. Employees are being given opportunity to take authorized rest periods and spot checks reflected no abuses. Employees aware of beneficial services. One new agent who entered on duty 1-15-62 found 20 pounds overweight on second week weighin. Matter recorded in progress book maintained by Division and followed until weight within limits but no memorandum prepared initially for personnel file. Inspector instructed in future Bureau be advised by memorandum for personnel file of action being taken in such cases (Separate memorandum submitted). In 1961, 120 pints of blood contributed by Division to blood donor program, 114 of these from New Agents' Classes and 6 pints from permanent Division staff. Division's quota is 16 pints. Inspector instructed that no pressure be brought on new agents to donate blood. Division flower fund audited and found to be in balance. Disbursements have been made from fund for 2 wedding gifts in 1961 and Division bylaws permit disbursements for gifts for employees going on maternity leave contrary to SAC Letter 61-8. Inspector instructed such purchases immediately be discontinued and bylaws amended. Inspector also instructed that collection of \$2.00 from each new agent for this fund be discontinued as new agents were not receiving benefits commensurate with contributions due to brief time they are in training (Separate memorandum submitted). Other Division funds properly administered and in balance. Inspector instructed wording of bond covering employees handling funds at Quantico be changed to specifically cover SAC, ASAC, Chief Clerk, and

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

Assistant Chief Clerk. Regularly scheduled Divisional conferences, including semiannual inspectors' conferences and those held for section chiefs and supervisory personnel, appear adequate. Attitude and morale of employees appears excellent, but only one recreational event held during past year. Inspector feels recreational program is entirely inadequate and instructed emphasis be placed on increasing recreational activities. Voluntary overtime equitably shared and Division average exceeded the SOG/in ^{average} each of last 6 months. No significant errors and no abuses detected in overtime computations. Division instructed to follow closely in order that overtime of firearms instructors is essential. Program of indoctrination and training for division employees considered adequate except for strengthening of guide of New Agents' Counselors mentioned under "Training Operations" above. Prior to July, 1961, when Permanent Aide Staff expanded, average period of assignment of Aides to Staff was 8 months. Since expansion average has been 7.2 months. Present staff members have averaged 6.5 months. Division feels maximum experience of Aide not reached prior to one year and length of present assignment does not appear excessive. Female clerk-stenographer at Quantico has submitted resignation and is being replaced by male. Division feels her assignment there created no particular problem. Division employees received 32 censures or more severe disciplinary action since 1/1/61.

CONTACTS.....EXCELLENT

Division contacts include personal acquaintance of Assistant Director and Number One Man with members of Congress. Speaking engagements handled during 1961 totaled 43 as compared with 33 in 1960. Assistant Director, Number One Man, and Number Two Man of Division handled 8 speeches from 8/1/61 through 1/31/62 compared to 3 speeches for similar period previous year. Speeches handled by Assistant Director during 1961 included appearances before County Prosecutors' Association of New Jersey, Kentucky Peace Officers' Association, New Jersey State Association of Chiefs of Police, and other law enforcement and religious groups. Division maintains liaison with National District Attorneys' Association, American Bar Association, and the National Association of Attorneys General, as well as the International Association of Chiefs of Police. Other contacts include liaison with American Institute of Certified Public Accountants and American Accounting Association, National Safety Council, and various contacts with training and educational groups and individuals in those fields.

Memorandum W. S. Tavel to Mr. Mohr
RE: Training and Inspection Division Inspection
Assistant Director W. S. Tavel
February 12 through March 1, 1962

I met Lieutenant General E. W. Snedeker, Commandant, Marine Corps Schools, and Colonel D. J. Robertson, Chief of Staff, Marine Corps Schools, who are contacts of SAC Sloan. They obviously hold the Bureau and Sloan in high regard and have been extremely helpful in providing free services to the Bureau at Quantico. Sloan also has numerous contacts with other officers on the Marine Base, including medical officers who afford physical examinations. The Division appears to have a good variety of contacts in the phases of Bureau work handled by it and the contact program appears to be aggressively handled.

OK

March 14, 1962

PERSONAL

Mr. H. Lynn Edwards
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Edwards:

During the inspection of the Training and Inspection Division just completed, several weaknesses were found in the operation of the Division, particularly in administrative procedures dealing with the delivery of mail and a failure to promptly submit a memorandum for the Bureau's attention concerning a New Agent who was found to be overweight.

You certainly shared with the Assistant Director the responsibility for those weaknesses, and for this you are being censured. In the future, you should make certain that all procedures under your supervision are sound and in accordance with Bureau regulations, so that there will be no occasion for further criticism of this nature.

Very truly yours,

John Edgar Hoover
Director

WST:neb

Gandy	_____

Much as I dislike doing this, I feel I must respectfully request to be relieved of my assignment as a member of the 3-man Screening Committee which was set up by the Director several years ago for the purpose of screening Special Agent candidates for long range administrative advancement. The other two members of the committee are Messrs. W. S. Tavel and W. S. Hyde. Because of my numerous outside assignments and particularly at the present time because of my being tied up on this special committee assignment at the Agency for International Development (AID), I feel that it is not fair to remain on the Screening Committee when I have to miss so many of the screening sessions.

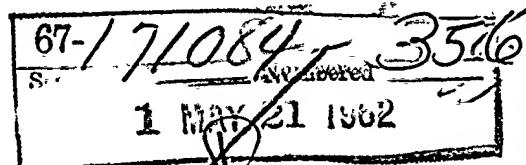

In all likelihood, this special AID assignment will last for at least the next four weeks. I have profited a great deal from participating in the Screening Committee. I think it is a most essential assignment and in asking to be at least temporarily relieved of this assignment, I do wish to express my appreciation for having had the opportunity of serving on the Screening Committee.

RECOMMENDATION:

That I be relieved of my assignment on the Screening Committee in view of my other special assignments.

Memo H.S. Tavel to Mr. Mohr, 5-14-62, W.S.T. init

May 8, 1962.

Mr. John F. Malone
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Malone:

b6
b7C

You and your associates are to be commended for the very effective fashion in which you assisted in the planning, instruction and conduct of the recently completed Command Level Administrative School held for the Metropolitan Police Department.

Everyone presented his material in a highly effective and informative fashion and his efforts were of primary importance in the success which the school enjoyed. Many of the details involved in preparing for and in carrying out this school were handled in a very capable manner. I want you to know that I certainly appreciate your contributions and please convey my thanks to all for their fine services.

Sincerely yours,

1. [REDACTED] (Sent Direct)

SUBJECT: COCKTAIL PARTY AT HOME OF
SA [REDACTED] SUPERVISOR
TRAINING AND INSPECTION DIVISION

Tolson _____
 Belmont _____
 Mohr _____
 Callahan _____
 Conrad _____
 DeLoach _____
 Evans _____
 Malone _____
 Rosen _____
 Sullivan _____
 Tavel _____
 Trotter _____
 Tele. Room _____
 Holmes _____
 Gandy _____

There is presently in Washington a meeting of the Board of Governors of the American Bar Association.

On Sunday afternoon (5/20/62) [REDACTED] in conjunction with Inspector H. L. Edwards had an informal gathering of representatives of the American Bar Association at [REDACTED] home. Mrs. Malone and I were invited to attend.

b6
b7C

Many of those in attendance were officials of the American Bar Association. They were very high in their praise of the close relationship that exists between the FBI and the American Bar Association due to the Director's thoughtfulness in appointing [REDACTED] and Edwards to handle the liaison between the two organizations. They were most appreciative of the efforts on the part of Messrs. [REDACTED] and Edwards to entertain them at [REDACTED] home.

RECOMMENDATION:

None . . . informative.

PERSONAL

Mr. H. Lynn Edwards
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Edwards:

Several incidents have occurred recently which point up the need for closer supervision of training matters under your jurisdiction. There has been some indication that the National Academy Associates are slipping away from the guidance of the Bureau and the failure to insure that a Bureau representative was appointed to a state police training commission was certainly most disturbing to me. Furthermore, you were not aware of the unavailability or personal misconduct of a former firearms instructor nor had you detected a highly undesirable attitude on his part, which he exhibited when recently interviewed by a Bureau official. It is obvious that this man was not properly supervised or indoctrinated.

These weaknesses reflect unfavorably on your supervision of the Training Section. You must insure in the future that you afford the closest possible supervision to matters for which you are responsible in order to protect the Bureau's interests. You must also keep yourself informed of any developments which might result in embarrassment to the Bureau.

Very truly yours,

J. Edgar Hoover

b7C

The purpose of this memorandum is to advise of the supervisory responsibility regarding former [redacted] who submitted his resignation on 6-21-62 during an interview by me and Special Agent [redacted] regarding his personal conduct. [redacted] had failed to furnish the Bureau his current place of residence and home telephone number and had failed to advise the Bureau that he had brought a divorce action against his wife and that he was expecting a final decree in a few days. He admitted during the interview that he had been dating other women since his assignment at Quantico but he refused to identify the women or to furnish details of his conduct with them although he denied having had sexual intercourse with anyone other than his wife since his assignment at Quantico. During the interview [redacted] became very belligerent; expressed the opinion that his personal conduct and activities were no concern of the Bureau's; that the Bureau was "eating up" his life and he did not know whether it was worth it. [redacted] submitted his resignation which has been accepted with prejudice. Special

Employed [redacted] Washington Field Office, has subsequently advised he has information that [redacted] had been associating with [redacted] had been seen with her on several occasions during the early morning hours; and that [redacted] may have spent the night of 6-9-62 in [redacted] apartment. A separate memorandum is being submitted on this phase of the matter. Mr. Tolson commented that "It seems obvious that [redacted] was not properly supervised and indoctrinated by the Training and Inspection Division" and the Director concurred.

SAC Sloan has advised that he first learned from [redacted] on 6-21-62, after the Inspector's availability check had been made, that [redacted] had moved to an apartment in Washington. [redacted] advised during our interview with him on that date that he had rented the apartment in Washington in May, 1962, although he contended that he was actually residing at the FBI Academy at Quantico and using the apartment only occasionally. SAC Sloan has stated that [redacted] was not residing at Quantico.)

Memorandum to Mr. Mohr from W. S. Tavel
Re: Henry L. Sloan

Regarding [redacted] marital difficulties, SAC Sloan states that [redacted] had informed him that his wife had not joined him here and in the latter part of 1961 [redacted] told Sloan that he and his wife were considering a divorce. Sloan told [redacted] to advise him regarding his marital status in order that the Bureau could be notified but it was not until 6-21-62 that Sloan learned from [redacted] that a divorce action had already been filed and [redacted] expected a final decree within a few days. The Bureau had not been advised of this divorce action and [redacted] explained to Sloan that he was waiting for the final decree before advising the Bureau.

Concerning [redacted] activities in dating other women, SAC Sloan states that he had no knowledge of this or of any activity on [redacted] part which would discredit him or the Bureau. [redacted] attended various social functions of the Quantico staff without escort and he was known to the staff as a "loner" as he commuted in his own car and did not ride in a car pool. Sloan attributed [redacted] acting as a "loner" to the fact that he did not have any family living with him.

Inspector H. L. Edwards, who is in charge of the Training Section, has advised that he likewise had no information which would raise any question regarding [redacted] suitability. Mr. Malone has expressed regret over this incident and states that the matter has been brought to the attention of his staff as an example of what cannot and will not be tolerated in the Bureau.

ACTION:

Recommendations for administrative action with respect to SAC Sloan, Inspector Edwards, and Mr. Malone are being submitted in the inspection report on the Training and Inspection Division.

✓

The following is a brief summary of Inspector Edwards' file for the Director's use.

He entered on duty on 2-10-41, is in GS-17, \$17,050 per annum, is 47 years of age and married with 1 child. He has served in the Miami and Washington Field Offices and as a resident agent prior to his transfer to the Seat of Government. He has been assigned to the Seat of Government since 6-2-43 when he was transferred to the Administrative Division. On 12-31-57 he was designated an Inspector, he later served as #1 Man in the Crime Records Division and on 9-21-59 he was transferred to the Training and Inspection Division as Inspector in Charge of the Inspection Section. On 12-30-59 he was designated Number One Man of the Training and Inspection Division and in this connection he was assigned as Inspector in Charge of the Training Section effective 1-6-60.

During his Bureau career he has been censured and commended on several occasions. By letter dated 3-14-62 he was CENSURED inasmuch as he shared the responsibility for several weaknesses which were found in the operation of the Training and Inspection Division during a recent inspection, particularly in administrative procedures dealing with the delivery of mail and a failure to promptly submit a memorandum for the Bureau's attention concerning a New Agent who was found to be overweight. During the recheck inspection of the Training and Inspection Division, he was CENSURED by letter dated 6-29-62, inasmuch as it was noted that several incidents had occurred recently which pointed up the need for closer supervision of training matters under his jurisdiction. There had been some indication that the National Academy Associates were slipping away from the guidance of the Bureau and the failure to insure that a Bureau representative was appointed to a state police training commission was most disturbing. Furthermore, he was not aware of the unavailability or personal misconduct of a former firearms instructor nor had he detected a highly undesirable attitude on his part, which he exhibited when recently interviewed by a Bureau official. It was obvious that this man was not properly supervised or indoctrinated. He was last COMMENDED through Mr. Malone for the very effective fashion in which he assisted in the planning, instruction and conduct of the recently completed Command Level Administrative School held for the Metropolitan Police Department.

 6 JUN 25 1962

His overtime performance is satisfactory, and he lists no offices of preference.

Memorandum from Assistant Director Tavel to Mr. Mohr dated 7-6-62 set forth the results of his inquiry into allegations that Former [redacted] and SAs Roy E. Wood and [redacted] requested retirement because of difficulties with Inspector H. L. Edwards. Assistant Director Sullivan had previously advised [redacted] that SA Wood had told him (Sullivan) that he was retiring because of conflicts with Edwards (in charge of the Training Section of the Training and Inspection Division); that Wood had been unable to get certain recommendations past Edwards, and had become completely frustrated. Mr. Sullivan had also informed [redacted] that one of Sullivan's assistants had indicated to Sullivan that former [redacted] had some difficulty with Edwards b6 b7C and it was Sullivan's understanding that SA [redacted], who recently requested retirement, had also indicated some conflict with Edwards. Mr. Tavel concluded from his inquiries into this matter that apparently Mr. Sullivan received a different impression from Wood's comments than Wood intended to convey; that Wood, [redacted] and Edwards denied any conflicts and Wood and [redacted] stated their retirement requests were based solely on personal reasons; that Wood was satisfied with the handling of his ideas on the National Academy and stated there was no improper delay on the part of Edwards. The Director noted "I am not at all impressed with the penetrativeness of this inquiry. Wood's own statements indicate an unhealthy condition in Training and Inspection Division." (Wood indicated during the inquiry that he felt improvement could be made in the National Academy (NA) program; that while he was not certain he used the word "frustrated" he did tell Mr. Sullivan that the NA Desk was difficult due to his being new on the desk with little orientation and the fact that Inspector Edwards, during the greater portion of Wood's early assignment to the NA Desk was engaged on a special assignment out of the building and difficult to contact or consult.)

By letter dated 2-9-62 the Director congratulated him on his Twenty-first Anniversary with the Bureau. By letter dated 2-12-62 Mr. Edwards thanked him for this letter.

b6
b7C

His [redacted] was employed by the Bureau during the summers of 1958, 1959, 1960, 1961, and is presently employed as a summer employee having entered on duty 6-6-62 as a Clerk-Typist in the Administrative Division in Grade GS-3, \$3760 per annum. His brother, SA [redacted] entered on duty 11-17-47 and is presently assigned to the Laboratory Division in GS-14, \$12,210 per annum. He was rated excellent on his last performance rating. His brother-in-law, SA (A) [redacted] entered on duty as a Special Agent (A) on 7-11-55 and is presently assigned to the Richmond Office in GS-12, \$9215 per annum. He was rated excellent on his last performance rating.

His brother-in-law, [redacted] is a former Special Agent. He entered on duty as a Special Agent on 1-29-51 and resigned 2-11-58. His sister-in-law, [redacted] is a former Telephone Supervisor. She entered on duty on 6-5-44, resigned 9-8-44, reinstated 7-16-45 and resigned 9-17-54. His sister-in-law, [redacted] is a former Clerk. She entered on duty on 6-5-50 and resigned 11-7-52. Their services were considered satisfactory.

b6
b7C

The Director last saw Inspector Edwards on 9-18-59 at which time Edwards expressed appreciation for his transfer to the Training and Inspection Division. The Director told him he wanted him to take hold vigorously of all matters under his supervision, re-evaluate the same, and endeavor to bring about an improvement in the operations that he was responsible for.

OFFICIALS: John F. Malone, assigned to Division since 9-30-57 and Assistant Director since 12-30-59; H. Lynn Edwards, assigned to Division since 9-21-59 and Number One Man and Inspector in Charge of Training since 1-6-60; Inspector Joseph J. Casper, assigned to Division as Inspector in Charge of Inspections and Number Two Man since 3-19-62; Henry L. Sloan, assigned to Quantico since 7-21-42 and as SAC of Academy since 3-28-54.

FINDINGS OF INSPECTION

SYNOPSIS:

PHYSICAL CONDITION AND MAINTENANCE VERY GOOD
 (rated Very Good last inspection)

Space adequate and being maintained in very good condition. Minor house-keeping delinquencies such as locker room floor in need of painting, fan cable damaged and broken floor tiles ordered corrected. Suggestions made during last inspection for use of paint rollers and installation of warning device at radio station being implemented. No delinquencies in cars affecting safety noted. Security satisfactory.

SPECIFIC DIVISION OPERATIONS

INSPECTION OPERATIONS VERY GOOD
 (rated Very Good in last inspection)

Since last inspection, Division conducted 32 inspections. One more inspection conducted so far this year than in similar period last year. 1962 schedule expected to be completed on time. Proper coordination being maintained to insure

Memorandum W. S. Tavel to Mr. Mohr

RE: Recheck Inspection

Training and Inspection Division

Assistant Director W. S. Tavel

June 13 - June 27, 1962

SAC's presence during inspections. Spot checks of inspection reports reflected minor form errors but inspections appeared thorough, penetrative and fair. Suggestions of Inspector during last inspection being complied with. Section alert for new ideas and streamlining procedures and new form for rating aides adopted. Inspector in Charge maintains tight control over aide assignments. Inspector recommended preprinted white and yellow write-ups be reviewed by substantive desks to insure maximum benefit and that cheaper paper be used for work papers for economy.

TRAINING OPERATIONS..... FAIR
(rated Good in last inspection)

Instructions issued during last inspection concerning New Agents' training and National Academy (NA) being complied with. In-Service and New Agents' lectures monitored and satisfactory. Inspector recommended research to improve safety due to accidental shooting of self by In-Service agent. SOG supervisor gymnasium attendance dropped 45.8% since made voluntary. One of two agent physical training instructors being assigned to other duties. Charge-out system for training documents inadequate. Director stated lack of such control inexcusable. Corrective action being taken. No deficiencies noted in spot checks of NA applicant processing. Safeguards adopted to identify prominent persons who may attend graduation exercises. Necessary changes in NA curriculum planned to accommodate foreign police officers expected at next session. Unauthorized invitation to speak at retraining session issued by NA Associate to International Association of Chiefs of Police (IACP) representative despite field offices' efforts to prevent. Director expressed concern NA functions being allowed to slip away from Bureau's guidance. Need for closer control emphasized by SAC Letter. Division recommending separately assignment of NA Graduates to individual agents with contacts each 30 days required. One-hour lecture on Ethical Conduct in Law Enforcement being added to present coverage in New Agents' and NA curricula. New Jersey Governor failed to appoint FBI representative to state police Training Commission. Through efforts of Assistant Director Malone, resolution passed by New Jersey Police Chiefs Association calling for appointment of FBI representative. Assurance received from Governor and State Attorney General that matter would be corrected in very near future. 1798 police training schools in first

Memorandum W. S. Tavel to Mr. Mohr

RE: Recheck Inspection

Training and Inspection Division

Assistant Director W. S. Tavel

June 13 - June 27, 1962

five months 1962 compared with 1650 same period 1961 despite Bureau policy prohibiting solicitation. Aggressive program initiated to intensify police training includes increasing number of instructors 20% by 8-31-62, use of NA Graduates and outside experts, survey to determine possibility of state educational accreditation of FBI instructors, institution of command level schools (characterized by Director as excellent) and other specialized schools, new training films, suggested article on police training for national magazine and survey to determine extent of participation of colleges and universities in police training. Inspector in Charge of Training Section unable to devote full time to supervision of training matters due to spending estimated 20% of time on approved Bureau liaison and other duties. Inspector stressed desirability of devoting maximum possible time to supervision of section. Inspector also recommended present checks be supplemented by quarterly reports on police training to tighten control and that procedures be strengthened to insure suitability of outside experts used in police schools prior to inviting them.

ADMINISTRATIVE OPERATIONS..... VERY GOOD
(rated Fair in last inspection)

Supervisory organization adequate. Inspector agrees that unoccupied position of Number One Man to Inspector in Charge, Inspection Section, be abolished. Supervisor in charge of New Agents' training devoting more time to these duties. Suggestion Desk operating satisfactorily, percentage of adoptions increased 2% since last inspection. No delays noted in handling. Suggestions made during last inspection implemented. No delinquent mail found in 2-day survey. All employees found fully occupied on productive work. Stenographic production above SOG. average. One error in posting sick leave found. Two employees not aware of necessity for notations on documents when copies reproduced. Inspector suggested periodic reminders.

PERSONNEL MATTERS..... FAIR
(rated Fair in last inspection)

Personnel adequate but not excessive. No evidence of pressure on New Agents to donate blood. Flower fund irregularities noted during last inspection corrected. 100% membership in FBIRA. Recreational program substantially improved Assistant Director's conferences being increased from biweekly to weekly. Semiannual

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
Assistant Director W. S. Tavel
June 13 - June 27, 1962

inspectors' conference monitored and active staff participation produced constructive suggestions. Assistant Director not present due to out-of-town commitment. Date of conference should have been changed to permit his attendance. Active participation by employees in suggestion program with 64% adopted. New Agent 1 1/2 pounds overweight promptly detected on initial interview and memorandum submitted. Former firearms instructor unavailable on check, admitted failure to advise Bureau of change of address or institution of divorce proceedings, admitted dating other women while still married, evidenced belligerent attitude during interview and resignation accepted with prejudice. Director agreed improperly supervised and indoctrinated. SAC, Quantico, Inspector in charge of training and Assistant Director unaware of failure to notify of change of address, institution of divorce proceedings, improper conduct and undesirable attitude.

CONTACTS.....GOOD
(rated Excellent in last inspection)

Nine speeches since last inspection compared with 13 during similar period 1961. Extensive contacts with Agency for International Development in connection with establishment of Inter-American Police Academy resulted in acceptance of foreign participants in NA. Liaison with bar associations, district attorneys, state attorneys general and accounting groups active and beneficial. SAC Sloan continues excellent relations with Marine officers at Quantico and has arranged for landscaping study at academy at no cost to Bureau. Director has highlighted need for emphasis in contact work to control empire building of IACP.

EVALUATION OF OFFICIALS AND RECOMMENDATIONS:

(1) Assistant Director John F. Malone: EOD 5/4/42 as SA, GS-17, \$17,570. Placed on probation 9-5-61 for failure to insure agents sent to field from training school measured up to standards of personal appearance and personality. Continued on probation 3-14-62 due to weaknesses found during last inspection. Malone's appearance is excellent and impressive, his personality sincere, he is extremely conscientious, loyal to the Bureau and works hard. However, he bears

Memorandum W. S. Tavel to Mr. Mohr

RE: Recheck Inspection

Training and Inspection Division

Assistant Director W. S. Tavel

June 13 - June 27, 1962

over-all responsibility for weaknesses in training and personnel matters found.
RECOMMENDATION: That he be continued on probation and continued as Assistant Director. If approved, appropriate letter attached.

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
June 13 ~ June 27, 1962

DETAILS

PHYSICAL CONDITION AND MAINTENANCE VERY GOOD
(rated Very Good last inspection)

There has been no change in the space occupied by the Division since the last inspection. Space occupied in the Justice Building, Old Post Office Building, FBI Academy, Quantico, Virginia, radio stations at Midland and Sowego, Virginia, adequate and being maintained in very good condition. Minor housekeeping delinquencies noted and ordered corrected. Eighteen medicine balls in gymnasium are worn and need replacing. Request had been submitted for replacement of these balls, but was denied due to lack of funds. Request will be resubmitted after 7-1-62. Upper structure of mechanical bucking horse was in need of painting. This has been done. Floor of the locker room annex should be painted prior to the arrival of the 70th Session of the National Academy. Electric fan mounted in the rear of Room 625, Old Post Office Building, has a damaged power cable due to the movement of the cable against the mounting stud. Broken asphalt tiles were noted in two spots in Rooms 633 and 635, Old Post Office Building. Inspection of the Midland Radio Station disclosed that water is standing in the air return ducts. Recommendation made that this situation be discussed with the landlord to see if it can be corrected. Examination of dosimeter charger at Sowego Radio Station disclosed that it was not functioning properly. Chief operator was instructed to obtain a new one. Radio equipment at Midland and Sowego spot-checked and found to be in excellent condition. Suggestion made by the Inspector during last inspection as to a security device to be installed at the Midland Radio Station has been approved by the Administrative Division for purchase after 7-1-62. Maintenance staff at FBI Academy using paint rollers where practical and feasible. Twelve cars, one station wagon, four trucks, and two buses assigned at Quantico spot-checked. No delinquencies of safety nature noted. Radio equipment at the FBI Academy spot-checked and found to be in excellent condition. Disposal of confidential trash handled in secure manner. Security checks satisfactory. Division space being maintained in accordance with Bureau security regulations.

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
June 13 - June 27, 1962

SPECIFIC DIVISION OPERATIONS

Permanent Inspector's Aide (PIA) Staff functioning efficiently and economically. Policy of rotating PIA's to substantive desks, Seat of Government (SOG) Divisions, put into effect. Desirability of using only PIA's on SOG inspections recognized but not feasible with present staff. Since last inspection (period 3 1/2 months), 32 inspections, 8 adequacy of personnel surveys, 5 requests for replacement of Bureau Supervisor surveys, and other miscellaneous assignments handled. Thirty-five inspections conducted from 1-1-62 to 6-16-62 compared with 34 inspections during comparable period in 1961. It is anticipated that all offices will be inspected during 1962 barring unforeseen circumstances. Training and Inspection maintaining proper coordination with Administrative Division to be certain Special Agent in Charge (SAC) present in office at time of inspection. Five inspection reports reviewed of offices of various sizes, foreign and domestic. Inspections thorough, penetrative and fair. Minor form errors noted such as misfiling work papers and failure to properly designate manual citation on work papers. Inspector suggested regarding inspection work papers that use of plain yellow bond instead of yellow columnar pad paper, as currently used, would result in savings of approximately 77¢ a ream. Suggestion adopted. During last inspection (2-12-62) suggestions by Inspector that Number One Man should assist in spot-checking inspections; use of pretabbed dividers for major breakdowns; extension of experimentation of pretabbed work papers; and certain corrections in Inspectors' Manual all have been adopted and now implemented. Number One Man participated in only one spot-check inspection (San Juan). Inspection Section, under Inspector in Charge J. J. Casper, alert for new ideas and streamlining procedures. He maintains personal, tight control over Aide assignments, using different Inspectors and varying assignments to prevent formation of cliques and afford Aides diversified training. New form introduced by Casper for rating Aides filled out in longhand, thus saving dictation and transcribing time. Results of inspections routed to interested SOG Supervisors. Significant changes in Inspectors' Manuals discussed with substantive desks concerned. Inspector recommended preprinted white and yellow write-ups be reviewed by substantive desks concerned to insure maximum benefit. Article prepared by member of Inspection Staff for May, 1962, issue of Law Enforcement Bulletin outlining principles of Bureau's inspection system.

Memorandum W. S. Tavel to Mr. Mohr

RE: Recheck Inspection

Training and Inspection Division

June 13 - June 27, 1962

Training Operations FAIR
(rated Good last inspection)

Instructions issued during last inspection regarding New Agents' training being complied with; lectures monitored and curriculum examined and found satisfactory. In-Service lectures monitored and handled in excellent manner. In view of recent accidental wounding of himself by Agent on dueling course during In-Service training, Inspector recommended that research and experiments be conducted to improve safety features of reaction firearms training courses. Assistant Director agreed. Attendance of SOG Supervisors at gymnasium classes dropped 45.8% since attendance made voluntary. Assistant Director has recommended reassignment of 1 of 2 Special Agent physical training instructors. Charge-out system for training documents in use but inadequate to account for all copies printed. Director stated lack of such control inexcusable. Corrective action being taken. Suggestions and instructions of Inspector made during February, 1962, inspection regarding National Academy operations have been complied with; spot checks of files reflected no deficiencies in processing National Academy applicants; additional safeguards set up so Bureau will be aware of prominent individuals who may attend graduation exercises. Division planning necessary changes in curriculum of National Academy to accommodate foreign police officers who will attend next session. Unauthorized invitation recently issued by member of program committee to International Association of Chiefs of Police (IACP) representative to speak to annual retraining session of National Academy Associates of Virginia despite efforts of field offices to prevent it. Director expressed concern that National Academy functions being allowed to slip away from Bureau's guidance. Field alerted by SAC Letter to need for closer control. Division recommending separately assignment of NA Graduates to individual agents with contacts each 30 days required. Ethics in law enforcement covered in various subjects in the training courses; in addition, a one-hour lecture on Ethical Conduct in Law Enforcement is being added to New Agents' training and the National Academy curriculum. Work on textbook on police administration not begun since no personnel available. New Jersey Governor failed to appoint FBI representative to State Police Training Commission. Through efforts of Assistant Director Malone resolution was passed by New Jersey Police Chiefs Association calling for appointment of FBI representative to Commission. Assurance received from State Attorney General and Governor that matter would be corrected in very near future.

Memorandum W. S. Tavel to Mr. Mohr

RE: Recheck Inspection

Training and Inspection Division

June 13 - June 27, 1962

Aggressive program initiated to intensify police training includes (1) training of additional instructors to provide total of 1200 for 20% increase by 8-31-62; (2) interviews of instructors by Inspectors and audits during In-Service and by SAC's; (3) increase use of National Academy graduates and outside experts in police schools; (4) increase in number of schools participated in (1798 during first 5 months of 1962 as compared with 1650 in first 5 months of 1961) although Bureau policy prohibits solicitation of schools; (5) survey to determine possibility of state educational accreditation of FBI instructors; (6) institution of command level, searches and seizures and other specialized schools (Director characterized command level schools as excellent); (7) 4 new training films being prepared; (8) field survey to determine extent of participation of colleges and universities in police training as basis to consider possible Bureau participation in such courses; (9) national magazine article on police training suggested. Inspector in Charge of Training Section unable to devote full time to personal supervision of training matters due to estimated 20% of his time spent on Bureau-approved liaison and other duties. Inspector stressed desirability of his devoting maximum time possible to supervision of section consistent with other responsibilities. In order to further tighten control and supervision by SOG over field police training, Inspector recommended present checks by inspectors and discussions with SAC's and ASAC's when at Bureau be supplemented by comprehensive quarterly reports by field. Inspector instructed procedures be strengthened to insure suitability of outside experts used in police schools prior to inviting them.

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
June 13 - June 27, 1962

Supervisory organization, responsibility of supervisors and available trained alternates adequate. Division proposes that vacant position of Number One Man to the Inspector in Charge, Inspection Section, be abolished. Inspector agrees. Supervisor in charge of New Agents' training now devoting more time to New Agents' training and lecturing. Suggestions and Forms Management Desk adequately supervised. Bureau-wide percentage of adoption of suggestions through 2/28/62, 24.8%. Percentage of adoption from 3/1-6/15/62, 27.4% - desirable upward trend of approximately 2%. Inspector instructed during last inspection (2/12/62) that reminders to field on forms surveys and filing of negative replies be discontinued. This has been done. Spot check of Suggestions Desk's handling of suggestions discloses no delays or irregularities. Inspector's suggestion made during last inspection that future SAC Letters setting forth statistics on Suggestion Program include figures from prior periods as well as estimated savings broken down by each office and SOG Division has been put into effect. Check of 19 pieces of outgoing signature mail during two-day survey handled within deadline. Stenographic production 3.00 pages per hour compared with 2.86 SOG average. No average available for typist since new employee in Division. Inspector's previous suggestions to Division to avoid recurrence of errors in Time and Attendance (T&A) records being followed. Only one error noted in T&A records due to posting of sick leave in wrong date on T&A card. Inventory of nonexpendable items and personal property of agents and clerical employees spot-checked and no irregularities noted. No changes in odd-hour shifts since last inspection. Tickler systems and policy folders in Division spot-checked and no delinquencies noted. Prior instructions of Inspector that editing of training documents be listed as project work to provide closer supervisory control being followed. Two employees not aware of necessity of making proper notations on original documents when copies reproduced. Suggested that employees be periodically reminded of this necessity to prevent improper reproduction. Defense Plans adequate, workable and current. Quarterly survey of EO 10501 (Security Classification Matters) to insure proper handling checked. No delinquencies noted. All employees of Division fully occupied in productive work based on submitted daily reports, observations and interviews. Assistant Director instructed to closely supervise all employees to insure they are fully occupied on productive work. Division personnel aware of continuing need for economy in all phases of Bureau's operations and Streamlining Committee operating in satisfactory manner. Prior recommendation of Inspector that appropriate training documents be

Memorandum W. S. Tavel to Mr. Mohr
RE: Recheck Inspection
Training and Inspection Division
June 13 - June 27, 1962

reduced to articles for inclusion in FBI Law Enforcement Bulletin has been placed into effect. One such article ready for publication and in hands of Crime Records Division and program is continuing. Division is also furnishing items of Human Interest, FBI Notes and Interesting Cases in satisfactory quantity and quality.

PERSONNEL MATTERS..... FAIR
(rated Fair last inspection)

Personnel appears adequate but not excessive. One vacancy on inspection staff and one vacancy for general maintenance man at Quantico being filled. 13 of 93 New Agents entering on duty between 3/1 and 6/24/62 donated blood. No evidence of pressure being exercised to secure blood donations. Improper expenditures from flower fund noted during previous inspection discontinued; present bylaws of fund are in conformity with Bureau regulations; collections from New Agents for fund discontinued; and fund audited and found in balance. 100% membership of Division personnel in FBIRA. Several recreational events held or planned for near future and recreational program of Division substantially improved since last inspection. Assistant Director has held biweekly conference with agent and clerical supervisors and will hold such conferences weekly in future. Inspection Section holds semiannual conferences; one held during inspection monitored. Active participation by Inspection Staff produced constructive suggestions for improving inspection procedures. Assistant Director Malone not present due to out-of-town commitment. Date of conference should have been changed to permit his attendance. Malone did attend semiannual clerical conference 6-15-62. Malone makes frequent checks of division space, confirmed by employees, and visits Quantico and radio stations monthly. Division employees actively participating in suggestion program with 14 suggestions submitted since last inspection with 9, or 64% adopted. Fidelity bond covering employees handling funds at Quantico broadened in accordance with Inspector's instructions during last inspection. New Agent was promptly detected as being 1 1/2 pounds overweight by Inspector Casper during initial interview in Division day after reported for duty 6-25-62. Memorandum promptly submitted recommending weight be followed to insure reduction to desirable standard. Morale of employees appears satisfactory. Voluntary overtime appears to be equitably distributed, essential and productive but Assistant Director was instructed to closely follow to insure that all overtime performed is absolutely essential. Check made on evening of 6-20-62 disclosed

prior evidence of unsuitability of [redacted]

CONTACTS..... GOOD
(rated Excellent last inspection)

During past three months additional Congressional contact listed, nine speeches delivered including one by Assistant Director, and four by Number One Man (compared to 13 delivered during similar period last year). Extensive contact work done in connection with establishment of Inter-American Police Academy and Agency for International Development resulting in acceptance of foreign participants in National Academy. Liaison with bar associations, district attorneys, state attorneys general, and accounting groups active and beneficial. Excellent relations with Marine officers at Quantico continue, tours and exhibitions at Academy valuable in increasing Bureau's prestige, and SAC Sloan has arranged for study of landscaping academy at no cost to Bureau. Director has highlighted need for emphasis in contact work on control of empire building of IACP.
